Name Wilson And Roosevelt Will Not Run

BALTIMORE, MD., June 29.—Assurances have come from Theodore Roosevelt to William Jennings Bryan that if Governor Woodrow Wilson, of New Jersey, is chosen as the Democratic nominee upon a progressive platform there will be no third candidate presented to the voters in November, so far as he is concerned.

Should these momentous actions be taken, the convention decided upon at Chicago last week when it meets, will not nominate Roosevelt, but Wilson.

Took Message to Bryan.

This message was delivered to Mr. Bryan here by Francis J. Heney, of California, and C. R. Crane, of Illinois. Its ostensible purpose is clear—to unite the advanced progressives of both parties and insure beyond doubt the defeat of President Will, am H. Taft.

When the bolting convention adjourned in Chicago it was announced that there was a desire to await the action of the assembly here, the explanation being given that perhaps would something occur that would obviate the necessity for the August meeting.

Their Eyes on Baltimore

Apparently the possible success of Governor Wilson or another radical was the thing which the projectors and promoters of the Chicago affair had in mind.

As far as can be ascertained Mr. Bryan has not yet made use of this remarkable proposition, the intelligence concerning which has been as carefully guarded as the treasure of a King. The fact is, the thing is as dangerous as it is tempting.

Clark Slept While Pote Was Being Taken

Washington, June 28.—Speaker Clark was not kept awake last night by the balloting at Baltimore. He remained up only a little past his usual retiring hour. Long before the delegates were casting their votes for him, he was fast asleep at home, and did not know he led the first ballot until this morning when the newboys were shouting "Extra." Clark remained in his office in the capitol until a little after midnight reading bulletins hot off the news wires, but left for home shortly after Senator Reed nominated him.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Riversville, W. Va.—Mrs. Dora Martin, in a letter from Riversville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

Write for Ladies' Advisory Dept., Good Year Medicine Co., Chattanooga, Tenn., for full particulars, and to obtain free trial bottle of Cardui. "Sent in plain wrapper, no request."

Society women, according to a Boston preacher man, wear too much clothes. Evidently he has never seen a society woman in décolleté.

Mrs. Eames has been forbidden by doctors to sing for six months, but that doctor hasn't called yet on the hopeful young soprano upstairs.

The dreadful news comes from New England that mice bite is injurious to the complexion. As a result, the time-honored dairy is being expelled from the young women's colleges, and the fate of fudge is trembling in the balance.

ROASTING

There is a difference between meat roasted in a GAS oven and that by any other method.

"The lower oven is used for all roasting purposes and broiling, the upper oven for baking purposes; both ovens being heated at the same time, and with the same flame.

The oven must be heated previous to roasting, the same as for broiling—ten minutes full heat. Turn meat frequently (leaving door open) until each side is seared. Then place roast lower down in the oven, add seasonings and begin basting with the fat which drips into the pan. The oven flame may also be reduced, and as a rule the front burner will do all the work after the preliminary browning of the surface. Red meats so roasted taste more like the old-fashioned roast before an open fire, than when cooked in any other manner. Not a drop of water is required for basting if there be a proper amount of fat, and the heat be moderate after basting is begun.

Just try a roast on your GAS Range and following all the instruction and you will have the finest piece of roast beef you ever tasted.

The No-Rim Cut Tire is Here

YOU have read much about the No-Rim-Cut tire. It is here. Come and let us show you. Let us explain the No-Rim-Cut and 10 per cent oversize features. Let us show you how it cuts tire bills 35 per cent. Men, at first, were slow to adopt this tire. Now over 1,000,000 have been used—tested out on some 200,000 cars. Now the demand is greater than ever before. Six times that of two years ago. Men everywhere are now accepting No-Rim-Cut tires.

We were slow to take up this tire. We made a thorough investigation and comparison. The evidence became overwhelming. We were convinced. The tires are now here. We recommend them to you. You should use them. Here's the evidence—

Can't Rim Cut With No-Rim Cut Tires the side rings are used with the smooth, curved side next to the tire. The hooked side is turned away. Then wholly deflated, from neglect or accident, it rests on the rounded side of the rings. Thus you see rim cutting is impossible. That, it is estimated, saves 23 per cent—that's what rim cutting costs.

10 Per Cent Oversize When a car is overloaded, as most cars are at times, the tires are subjected to excessive strains.
