Wilson and Marshall The Democratic Ticket; Convention Adjourned

Indiana's Executive Named By Acclamation For Vice-President

BRYAN DELIVERS HIS VALEDICTORY

Gov. Wilson Grateful For the Nomination

(By United Press)
BALTIMORE, Md., July 3.—Wilson and Marshall is the Democratic ticket.

Governor Marshall of the State of Indiana, was last night named by the Democratic National Convention as the candidate for vice-president.

Tired but happy the delegates to the National Democratic Convention which has been in session at Baltimore for the past week left for their respective homes today all confident of success in the coming campaign. Harmony now prevails throughout the party ranks. The ticket nominated is satisfactory to all concerned. It is the most progressive in years and is a winner. The convention closed its deliberations in good order. The forces of Governor Wilson accept their great victory good naturedly. The Clark forces take their defeat likewise.

Governor Marshall is considered the strongest vice presidential candidate to be withdrawn. Mr. Bryan's valedictory to the convention renounced all personal ambition and announced his intention to take the stump and work for the party's best interest and the country's welfare. He predicted a glorious victory for the party this fall.

Wilson Grateful.

Governor Wilson was seated on the veranda of the "Little White House" at Sea Girt, N. J., with Mrs. Wilson and his daughter, when he received the news of his nomination from his managers.

"The honor is as great as can come to any man by the nomination of a party," he said, "especially in the circumstances. I hope I appreciate it at its true value, but just at this moment I feel the responsibility it involves even more than I feel the honor. I hope with all my heart that the party will never have reason to regret it."

Roosevelt Silent.

When news of the nomination of Governor Woodrow Wilson was communicated to Theodore Roosevelt he declined to make any comment but said that he would have something to say later.

Virginia Beach Casino Finest In Country

This to be greatest year.

The wise ones who have been spending summers at Virginia Beach for many years have, at this early stage of the season, declared that 1912 will mark the greatest year in the history of that popular ocean side resort. Every cottage along the two miles of board walk and in the inside avenues has been taken and all, with the exception of a few, already are occupied. The boarding houses have booked reservations that insure them a capacity business until the fall, and now they are entertaining unusually large parties of guests for this time of the season.

During the winter and spring a score of new homes have been built at the beach and there is not enough homes there to take care of the demands of people seeking a summer home by the sea.

But the greatest improvement, one that marks an epoch in the history of the resort and is the greatest stride ever made there, was the completion and opening of the magnificent casino, with its attractive surroundings and amusement park. The Casino is by far the most elaborate and modern summer resort anywhere around this section of the country. Surrounded by well laid out lawns and a mile of wide brick walks, upon an elevation that commands an unbroken view of the ocean as far as the eye can reach, it is equipped with everything a beach visitor could wish.

Beside the immense ball room, which is open to the public for free dancing each evening there is a sheltered excursion pavilion with twenty thousand feet of space and an abundance of chairs and tables for the gratuitous use of picnic parties. The bath house is thoroughly modern in every respect, having shower baths and for each bath individual toilet requisites. It can accommodate more than a thousand bathers with fresh brand new suits without crowding and the bathing grounds are on a wide and smooth, safe beach.

The cafe is the latest thing at its kind, with a seating capacity of five hundred at small and elegantly appointed tables, with a service of one or two is considered so good in this section of the coast. Free lunch is served every day at the Fourth Regiment.

AMBASSADOR JAMES BRYCE

James Bryce, the British ambassador to the United States, has gone to New Zealand, the only part of the British empire he had not visited. He intends to write a book about that country. Rumors that Mr. Bryce will not return to Washington have been contradicted in London.

Deaths From Aviation This Year Eclipses All Others

Special to the Daily News.

WASHINGTON, D. C., July 2.—A new high record in the toll of human life has been reached in the progress of the science of aviation during the six months ending today. Last year was by far the most disastrous, but this year promises to eclipse the figures of 1911.

Beginning with the death of Lieutenant Thomas E. Selfridge, the first person killed in an aeroplane in 1908 the list of fatalities has rapidly increased. In 1908 one man lost his life, in 1909 four, in 1910 thirty-two, in 1911 seventy-three, and to date for the present year forty one persons have been killed, making a total of one hundred and fifty-one.

The countries in which fatalities have occurred this year are France, Germany, England, Russia, Italy and the United States. France has contributed as many victims this year as all of the other European countries combined, her number totaling fifteen, including a woman, Miss Suzanne Bernard, who fell at Etampes on March 11.

German air men who lost their lives this year number 10, English two, Russian two and Italy one in addition to the two English aviators the number of victims in England included a third, Pictor Louis Mason, a young American, who was killed May 13, while making a flight at Brooklands with the English aviator E. V. Fisher.

Double fatalities, in which two riders or a rider and passenger were killed, were numerous this year eight having occurred, while on June 19 occurred the first deaths ever caused by a collision of two aeroplanes. The victims were Captain Dubois and Lieutenant Peignan, both officers in the French army and trained aviators who were killed when the biplanes they were piloting round the military flying ground at Donal collided with terrific force in midair.

The American victims for the past six months, exclusive of Victor Louis Mason, who was killed in England, 11.

Monticello is in direct charge of the cafe, and gives every order his personal supervision.

A score of the most popular resort amusement devices are grouped around the great plant in the rear of the Casino and they are becoming more and more popular with the crowd every day. Besides the amusements, the dancing, the bathing and the delightful cafe and billiard service, there are concerts twice each day by the Fourth Regiment.

numbered ten, among them being one woman. The list is as follows:

Jan. 22.—Rutherford Page, one of the Curtiss aviators, killed by a fall of 150 feet in the international meet at Los Angeles.

April 3.—Galbraith P. Rodgers, the first to cross the American continent in an aeroplane, killed by a fall of 200 feet in the ocean at Long Beach, Cal.

May 13.—Ray Wheeler, an amateur, killed when his aeroplane struck a telegraph pole at Kinloch Park, St. Louis. Peter Glesser, who fell with Wheeler, died from his injuries two days later.

May 21.—Fred J. Southard, an amateur aviator of Minneapolis, killed by a fall of 100 feet at the Wright aviation field near Xenia, Ohio.

June 17.—Mrs. Julia Clark, of Denver killed at the State Fair Grounds at Springfield, Ill., when the wing of a biplane in which was making a practice flight struck the limb of a tree.

June 1.—Phillip O. Parmelee, a young aviator who had acquired considerable fame as a member of the Wright team of flyers, instantly killed at North Yakima, Wash., when a gust of wind caught the tail of his biplane and caused it to overturn and plunge 400 feet to earth.

June 11.—Lieut. Leighton W. Harlehurst, 17th Infantry, U. S. A., of Macon, Ga., and A. L. Welsh, an aviator expert of Washington, D. C., killed at the Army Aviation School at College Park, Md., when a new army aeroplane of the Wright type in which they were flying fell to the ground and was wrecked.

June 21.—Henry Turner, a young amateur, killed in a practice flight at the aviation grounds at Mineola, L. I.

Special to the Daily News.

LAS VEGAS, N. M., July 3.—Visitors from many parts of the country have been coming throughout the day to see the battle for the world's pugilistic championship between the present holder of the title, Jack Johnson, and Jim Flynn, of Pueblo, Colo., and interest in the contest extends to all classes. From the training quarters of the rivals the announcement has been made that both men are in perfect physical condition and ready for the struggle tomorrow afternoon.

The promoters of the mill expect a large attendance. They disposed of many tickets in advance and count upon the late arrivals from a distance and the eleventh-hour rush

from Las Vegas and vicinity to swell the crowd at the ringside to proportions that will leave them something after all expenses are paid and the fighters given their share. Among the old timers, however, it is believed that the crowd tomorrow will fall far short of that at the Jeffries-Johnson battle at Reno two years ago both numerically and financially.

As a betting proposition the fight does not promise much. To date very few dollars have been placed on the result. There are many persons who think well of Flynn's prowess as a fighter and a vastly larger number who wish him all the good luck and success possible when he faces the champion in the squared circle, but these are comparatively few who think well enough of his chances to back him with cold cash.

At the same time there are some who are willing to bet on the Pueblo man at the liberal odds offered. They remember the odds offered on Jeffries two years ago and also the result of the fight, when the sports who had had the nerve to back Johnson pulled down some big money. They figure out that if the big negro champion has gone back during his two years' absence from the ring, the contest tomorrow may be repetition of the affair at Reno.

But with all things considered, Johnson looks the winner, and, as he himself says, he ought to score a knockout long before the limit of the fight is reached.

BEAUFORT CO. FARMER PROFITABLE HOG RAISER

Mr. L. T. McGowan, of R. F. D. No. 3, this county is one of the county's present this office with one of the first cotton blooms of the season. Mr. McGowan is not only an up-to-date tiller of the soil but he is fast gaining an enviable reputation as a raiser of stock. He now has pigs only nine months old for which he has been offered \$30 a piece for. This goes to show what our farmers can accomplish if they will only put a little energy and thought in their calling.
