TRUE PUBLIC SERVANTS

Beaufort County has a board of Education which has not only protect ed the public school funds but they have been progressive in the true sense of the word. A few years they made an offer to duplicate any amount of money raised by a com-munity for the erection of a new school building.

A large portion of the county has taken advantage of this offer and new buildings are to be seen in almost every community, while the board couraged this work and lengthened the school term. Where prac-tical they have always first ascerthe work proposed and when funds places. run low they cut appropriations and

of the Board for 2, 4 and 6 years is a good one as it always leaves two members of the board who are familiar with the school finances and work, this policy would be a good one in naming of County Commissioners. then we would never be placed in the position of having an entire new board composed of men who have had good workmanship. no experience in the handling of the

Public officials who perform their duty as have the Board of Education should receive the commendation of the citizens.

The County Superintendent has been no small factor in the establishment of special tax districts and cre ating the enthusiasm in the public schools which is necessary for their permanent growth, success and usefulness, he has labored for an in-crease in the length of the school term for the rural districts and his labors are not in vain.

Beaufort County is to be congratu lated upon having such men as E. W. Ayers, W. M. Butt and T. R. Hodger mbers of its Board of Education and W. L. Vaughan as County Super

WHERE WAS THE GOVERNOR

The weekly paper discusses some length this week the speech of Mr. Josiah William Bailey recently delivered in the Court House, city, advocating the return of Sena-tor F. M. Simmons to the United States senate from North Consideration of Charitable Brotherhood. States senate from North Carolina.

We have read the story with care and must admit we have been unable to discover a single expression or in-timation to prove the senior Senator's unworthiness or seeming derelictness in duty since the people of the state-entrusted him with the high commission which he has so ably and accept ably filled for the past decade. fact of the business is, the editor of the weekly was not present when Mr. Bailey spoke and inasmuch as he an-nounced in his last week's issue, that owing to his absence he would dis cuss the Balley speech this week, would indicate between the lines, that his man "Friday" is again in lime light and edits his shee when necessary. Judging from the weekly Simmons is the ingrate of North Carolina politics while Governor Kitchin, who the editor of the Progress and his man "Friday" advings to admi him into the celestial environments

As to what Senator Simmons has done for North Carolina stands out in bold relief-it needs no defense or comment from the Daily News (so does Governor Kitchin's record for accomplishments). He (Simmons) secured money for his people and did it while attending to his duties as a servant of the people at the capital of the nation and it is notorious he was not running around after another office when the people had entrusted him with one to fill. Where has Simmons been the past few
