NEW ANNOUNCEMENT. Mr. H. C. Cayo announces his candidacy for County Commissioner from Richland Township.

DISCOURAGE MIGRATION OF CONSUMPTIVES

Physicians in all of the eastern and southern states will be asked by the National Association for the Study and Prevention of Tuberculosis to stop sending consumptives in the last stage of tuberculosis and without sufficient funds to the southwestern part of the United States in search of health.

While it is impossible to tell accurately how many consumptives there are at present living in the States of Colorado, New Mexico, Arizona, Southern California and Western Texas, it is probable that no less than 10 per cent. of the 6,000,000 people in this territory have tuberculosis themselves or have come to the West because some member of their family has had it.

The National Association points out further that from 50 to 60 per cent. of these advanced cases are the poor so provide the proper necessities of life and they are either starved to death or compelled to accept the meagre charity which this part of the country affords.

In an effort to stop the migration of consumptives of this class to the Southwest, the National Association will ask physicians to be more careful in ordering patients to go away, and will also ask railroads to discontinue their practice of selling "charity" tickets to those who cannot afford to pay full fare.

"Tuberculosis can be cured in any part of the United States, and it is not necessary for a tuberculosis patient to go West. Whenever possible, the National Association urges tuberculosis patients who have not ample funds to go to a sanatorium near home, and if they cannot do this, to take the cure in their own homes, under the direction of a physician."

CORRECTION.

The Daily News takes this opportunity of stating for the information of all interested that it was not Mr. Charles L. Wright, of the firm of Walter Credle Co., who was before the Recorder yesterday for "scrapping." The name given as Charles Wright was Wright all right, but not the right shade of Wright. The error is corrected with pleasure.

MISS KATHLEEN KUGLER CELEBRATES HER NATAL DAY

On Tuesday evening last Miss Kathleen Kugler, of Philadelphia, celebrated her eighteenth birthday with the family circle at the home of her aunt, Mrs. H. B. Mayo, corner of Pearce and West Second street.

The attractive tea table was spread for fifteen of the family circle; the beautifully decorated cake for the center of the table bearing the eighteen lighted candles emblematic of the eighteen years of the young life had passed.

You know the man who looks for the future and prepares himself in time. That sentence by McKinley: "Every man is the architect of his own fortune," speaks the volume. Your greatest fortune is happiness. Can any person be made more happy than to know that they sacrificed a little of their seeming convenience to get the best homesite for their children? Then to watch these children develop into robust, healthy, proud and honest boys and girls who rise to the highest type of manhood and womanhood. Isn't it worth everything it cost you and all the seeming little inconveniences?

Isn't that fortune for you? Gold is no comparison, for there are thousands with gold who would have never struggled for an ounce, but given their wayward or diseased children more attention—had they but known! The restrictions of Washington Park are planned for an ideal Homesite Property.

A Chicago judge has announced that he will send to jail for six months every chauffeur who hits a pedestrian and doesn't stop. That's right. It's only fair to give pedestrians a chance to hit back the man who hits them.
