BLEASE LEADS IN RACE FOR GOVERNERSHIP IN S. C.

Columbia, S. C., Aug. 29.—Figures compiled with only three counties missing show that Governor Blease falls less than a hundred votes short of a majority over Jones and Duncan.

Late returns yesterday afternoon fall to throw conclusive light on the result of the gubernatorial contest between Governor Colé L. Blease and Judge Ira B. Jones in the primary. It appears, however, that Blease is slightly increasing his lead over Jones.

Unless the late returns materially increase Governor Blease's lead he will fail to receive a majority over his two opponents, and a second primary will be necessary. It is believed that if the final result is very close, the State Executive Committee will order a recount, which may materially change the result.

The latest available figures give Blease, 57,107; Jones, 56,751. Tillman has been re-elected United States senator.

Post Toasties nutritious are simply delicious, They're flaky and crispy and brown; Their exquisite flavor has surely won favor, Just try them and banish that frown.
