Generally Fair Tonight and Tomorrow

# TH PLEASURE SEEKERS

The Outing Was Planned by Mr. S. W. Andrews and All Are Indebted to Him For Such Pleasant Occasion.

(By J. F. Tyer.) m Sunday, the 18th inst., a party Buth for Merchend, Beautory other paints of interest, on the boat Depleton. The trip was-used by Mr. St. W. Andrews, of

On Sunday, the 18th inst, a party left high for Morchead, Beaufort and other peniss of interest, on the grabout Dephasion. The trip was planned by, Mr. & W. Andrews, of Yesteville, is whom we are indepted for one of the pleasantest outling of the season. The inste courter, which is one of fir. Andrews' chief characteristics, was fully extended to each member of the party and we were reguled by lokes and ansocious with which M if he well supplied.

The boat of Bath at 10 a. m. and stempted at Bayade. Gaylord and Pamilto Beach. There were 24 passengers aboard when we left Pamilto Beach all best on making the most of the trip. The day was fine ment the brease was just strong enough to make one imagine what day readed Atlantic at 9:30 p. m. all said to Morchead, where we apcountered out first stroke of ill luck. After grounding several times and arter a many unsuccessful attempts to preceed, Capt. Bonner informed us that we would have to anchor and apond the night on shiphord. Disappolatiness selected appreciation of the region of the season of the point of the continuation and proceeded to enter an interest was forced and the best propositions of the continuation and proceeded to entertain the member to the could. A fare passed in three constants, was passed of the proceed of the trip was placed to the point of the proceed of the continuation of the plant of the proceed of the continuation. The choir was sensitive and the proceed of the trip was fine and the best processed to be the trip. The day was fine meant the break was just strong enough to make an indicate the continuation. The choir was fine meant the break was just strong enough to make an indicate the trip. The day was fine meant the break was just strong enough to make an indicate the trip. The day was fine and the break was just strong enough to make an indicate the trip that the process of the sight of the process of the process of the conti quariet was formed by J. M. Tankard, J. T. Bobbins, J. McAlligood and
J. F. Tyer, which man several select
tions to the delight of the entire
party. J. McAlligood and J. T. Roband, after a delightful run of s sang several duets, which were notly applicated. A solo by I. C. Gallings fittingly ended the pleasus aroused by a sound as of distant were visited and declared to be worth thunder or perhaps the bellowing of a special trip to. Beaufort. A trip down the "board walk" seemed to be forest. As we became more accustomed to the sound we found it was our triend. Jis Douglas, singing of the party measured its length and "There's a light in the window shining brightly for me." We finally convinced him that it was one of the electric lights at Morehead, where-upon he returned to his hed of cork pervades Beaufort makes it one of dawied at last and, anchor weighed, attractive and the breese which comes are dawied at last and, anchor weighed, attractive and the breese which comes soon reached, where all enjoyed the natural avenues through which breakfast and other refreshments, which prepared us for the day and any convenient that there is litary that might happen; after the left to be whited for. a couple of hours in Morehead the We left Beaufort Wednesday at 7 parts went ever to the beach and a. m. and made the trip to Bath spent the morning bathing in the surf without further incident.

which was ferried aboard the De-pendent. We then steered southward pendent. We tuen store run of three and, after a delightful run of three and, after a delightful run of three and a few fort at 5 p. m Gallings fittingly ended the pleasures of the evening and all began to pre-bouse is one of the most magnificent in North-Carolina. The cometery is also very interesting. It is a relic against the shipside inlied the weary mariners to rest and soon all were presentuity reclining in the arms of Morphene, when suddenly out of the prior in this section. The laboratory and wireless telegraphy station aroused by a sound as of distant were visited and declared to be worth thunder or persons the believing of a special trip to. Beaufort. A trip visited and all agreed that the cour

## BEAUTIFUL MATRON OF WASHINGTON

Mrs. William S. Reyburn is one of the most beautiful and most populs women in Washington social circles and her home is the scene of many difficulty entertainments.

### Mass Meeting of Citizens at the City Hall Tonight

One of the most important mass-meetings held in Washing-ton in years is scheduled for tonight at the City Hall at 8:30 o'clock. The women of the city have determined to take a hand o'clock. The women of the city have determined to take a hand looking towards a sanitary city and at a recent meeting of the women they decided to call a mass-meeting for tonight to discuss the water problem and sanitation generally. Not only do the women in charge of the meeting invite all the meet folk of the city to cattend, but they urge all mothers to attend. The time has come when some steps must be taken towards making Washington a better sanitary city. Inasmuch as the public attents once within a few days the ladies are anxious that some definite steps be taken with regard to wholesome water.

a few days the laffee are anxious that some definite steps be taken with regard to wholesome water.

Mayor Collin H. Harding will preside and explain the object of the meeting. Those invited to make short talks on sanitation and the general health of Washington and to suggest remedies are: Br. D. T. Tayloe, Dr. J. C. Rodman, Dr. S. T. Nicholson, Dr. J. G. Blount, Dr. H. W. Carter, Dr. E. M. Brown, Dr. P. A. Nicholson, Br. Joshna Tayloe, Dr. Jack Nicholson, Dr. A. C. Hoyt, Mr. J. G. Bragaw, Jr., Hon. John H. Small, Mr. W. K. Jacobson, Mr. Norwood L. Simmons, Mr. Harry McMullan, Mr. D. M. Carter, Mr. F. J. Barry, Mr. F. C. Kuzier, Mr. W. C. Rodman, Supt. N. C. New-J. Berry, Mr. F. C. Kugter, Mr. W. C. Rodman, Supt. N. C. Now-bold, Mr. B. G. Moss, Mr. J. Havens, Mr. James L. Mayo, Capt. Geo. T. Leach, Mr. A. M. Dunsay, Mr. Edward Mallison, Mr. W. D. Grimes, Mr. J. K. Doughton, Mr. J. B. Sparrow and Mr. H. S. Ward, Mr. E. L. Stewart, Mr. J. F. Tayloe, and all the pastors of the city. If you desire a cleaner city and purer water it be-hooves you to attend this meeting tonight at the City Hall. Your e can do no harm and it may be the means of accomplishing

### AMUSEMENT VS. BLUES THIS EVENING

"The After Supper Tonic" that was placed on the market some time ago, has met with an unusual suc cess, customers that made purchase duplicated their order time and time again, and now it is being a known fact that it bears the stamp of high quality where medicine has never been known to reach before. Testlmeny after testimony have filled the daily papers praising this well known remedy, however it is only sold in one dose lots and daily orders for this tonic.

The formula of this tonic only ha one ingredient after making several analysis of same, and has been guar anteed under the pure food and drug

formula containing a certain per cent. of pure oxygen applied daily. These goods are endorsed and for sale daily by the Lyric theatre ope

every day from 7:30 to 11:00.

Amusement of this variety furnish ed by the Lyric Theatre relieves the blues and worries of the day and the public realizes the fact that this tonic has unequaled value.

MERE TODAY.

Mr. D. E. Sykes and family, of Jest sama, N. C., were Washington visitors today. Their many triends were stad of to see them.

# OF PUBLIC BUILDINGS IN

Task Requires Vast Amount of Labor as Well as Expense. One Building Has One Corridor Two Miles in Length

Washington, D. C., Aug. 30 .ress adjourned Monday and already not only senators and repreentatives, but most other prominent officials, are gone from the Capital to join their families. The President to the service and has been an exleft for Beverly, Mass., his summer home, within an hour after adjournment took place.

Already the painters and carpen ters and all that host of humble charwomen are a workers which through the winter is spectable appearing the government's annual houseclean-educated but without the special ing, so that when the legislators and qualifications which in these days department heads return all will be are so necessary if one is to be in readiness for another winter's thorwn on one's own resources. Some

kinds. The Agricultural Department was extended to all its modern buildings, by which the cleaning is done by suction. However, the main red brick structure, which is most familiar to callers, cannot be cleaned to the control of th

prominent contractor, who made several fortunes and squandered them through dissolute habits and was finally so reduced that he was glad to obtain a laborer's place. Strangely enough, he has, never lost a day through dissipation since he came inemplary worker. Minfortune seems to have the effect of sobering him and many others like him.

The white women employed as charwomen are a particularly reas notified and he held an inquest workers which through the winter is the findings of the jury have not so little in evidence, have taken posted.

A phone message from Greenville public buildings are rushing through the government's annual bousseless them having invalid husbands or being widows with families to bring up. Most of them are fairly well the government's annual bousseless that without the several public that the government's annual bousseless that without the several public that the government's annual to the winter is the winter is the winter in the winter is the winter is the winter in the winter in the winter in the winter is the winter in the winter in the winter in the winter is the winter in the winter in the winter in the winter is the winter in the winter in the winter in the winter is the winter in the winter in the winter in the winter in the winter is the winter in the winter in the winter in the winter in the winter is the winter in the winter in the winter in the winter in the winter is the winter in the winter ket there; that he had been in an intoxicated condition all the while. The
consensus of opinion is that Harrington with too much "booze aboard"
started to walk the railroad track to
his home and was struck by the alone has a corridor length of two such old lady boasted to the writer miles, besides its office floors. And about her son, now in a Western city, every day this space must be gone whom she has educated to be a docover. To assist in solving this prob-tor, and quickly added that he would lem most of the Departments have gladly have her give up her arduous adopted vacuum cleaners of various occupation but that she had had her

> brick structure, which is most familiar to callers, cannot be cleaned
> by this means because it was not so
> constructed in the beginning that the
> pipes could be installed, and the
> proper coul But in spite of mechanical devices stress of circumstances, and in spite which have been adopted, a good sized army of laborers are still employed in this work. One and all they seem to feel that the government confers a sort of dignity or distinction on all its servants even those rush as yet among beauty seekers for rush as yet among beauty seekers for ment confers a sort of dignity or dis-tinction on all its servants even those rush as yet among beauty seekers for in such humble capacities as theirs, and although the work is hard and ably because, among other reasons, the pay small, the working hours are this problem works out something regular and not long as in service like the summer resore question. Places in private houses, and for the charwomen, at least, so arranged means goes to some resort (which charwomen, at least, so arranged that other work can be carried on one depends upon the state of the inoutside of the department. The pay dividual's finances) and professee to for a charwoman is usually about be vastly benefited thereby. But the \$20 and for a male laborer about persons who spend their lives at \$40. While the great majority of such places, whether in the Alps or these humble workers are negroes, at one of our inconspicuous seaside there is a fair sprinkling of whites towns, are in noway superior to the and these form an interesting study, many of them being of a mental calibre much above those employed in charwoman is certainly not more like pursuits outside the government. Of course, illiteracy is the cause of who neither toils nor spins. So it some of these persons taking such must be that the ideal situation is positions but other reasons contribute to bring most of them there. An bined in just the right proportions to example is one who used to be a give the needful exercise and rest.
