Marks Beginning of Jewish Wednesday.

Rosh Hahlanah of New Year's Day marking the beginning of the Jewish year 5673, falls this year on Thurs-day, September 12th.

It is observed as a holy day from the evening of Wednesday the 11th, until sundown of Thurdsay, the 12th. The orthodox Jew absertes also the so-called "second-day" on the 13th. The Bibliosi basis for the obserrance of the first day of Tishri as New Year's day and the most so einn day of the Jewish calendar next to You. ublicans in Maine yesterday for rol of the executive and legisladepartments of the state gov ment, the four congressional dis-ts and minety officers, was one of the closest in many years with returns up to 10 o'clock last night fo

of the Republicans.

With half the State on record, Wm. T. Haines, the Republican, had a slight lead over Governor Fred-erick W. Plainsted, and the percentage system indicated that if the sam ratio was maintained, the Republi cans would win the fight for the head of the ticket by about 3,000. Re-turns from the four congressional districts also leaned toward the Republicans, especially in the first third and fourth districts, with the second district showing a Democratic tendency.

The legislative returns were too meagre up to a late hour to give any indication of the complexion of either branch so that the outcome of the fight for the United States senatorship betwen Senator Obadiah Gardner, Democrat, and former Con-gressman Edwin C. Burleigh, Republican, was in doubt.

South is Enthusiastic Over Wilson's Campaign Election of Wilson Declares Jacob S. Collins

New York, Sept. 10-Jacob S. Collins, President of the Real Estate Bank and Trust Company, of Savannah, Ga., in calling upon the offi-cials at Democratic National Head-quarters, declared there was a new

situation in the country that he had never witnessed before.

"The South is Democratic, of course," said Mr. Collins. "And I expect it to be Democratic for many years to come, but while we are in favor of Democraty, we are a leavest favor of Democracy, we are no longer tied down with the idea that we must vote for a man just because he is a Democrat.

"We are in favor of the man and the principle nowadays.

'I have never known the South to be so enthusiastic over a candidate on the Democratic ticket in the past core years as they are over Governor Wilson of New Jersey.
"As an evidence of our enthusiasm,

you will find the leading Democrats of the South raising money to send on to the National Committee. We realize that the Democratic Committee needs funds and the South is going to do its share in 1912.

"A few days before I left home a

business man called at the bank and National cause, and he sent his check on to New York.

"There are many examples of that kind, and this is a strong indication of what we may expect in Novem-

New York, Sept. 10 .- Twelve thousand persons have contributed thus far to the Wilson and Marshall campaign fund. The fund at present campaign fund. totals \$175,000.

This was stated tonight at Demo-cratic national headquarters which at the same time made public a list of contributors containing, it was stat-ed, the names of all who had con-tributed the sum of \$100 or more to the fund.

W. G. McAdeo, acting chairman of the Democratic national committee,

declared that "a new political stand-ard" had been set by this action.

"The American people," he said,
"will never elect another President without knowing the sources from which financial support is drawn."

Rolla Wells, treasurer of the com-mittee, declared that while the sum was encouraging, it was "totally inadequate" to conduct the campaign properly, but he believed that contributions would continue.

The largest contributions thus far have been made by Henry Morgen-thau, chairman of the national executive committee, F. C. Penfield, a wealthy Democrat of Germantown, Henry Goldman, a New York banker. Each gave \$10,000.
