## How Your Money Will Be Spent

Woodrow Wilson, our standard bearer, has never had the time or duposition to talk about himself. He has never used spectacolar methods to place himself in the spotlight.

His greatest work has been done without estentation, in the most expeditions dignified manner.

The great mass of soters do not know what a really great mass Wilson is. They do not know all he has done. They do not understand all the features of his platform.

We must tell them.

They do not understand all the leatures or ms pisses.

We must tell them.

To educate this great nation of voters, especially the clear thinking Independent Democrata, Republicans and Progressives who choose their leader on his merits, means the expenditure of a vast amount of money.

We propose to use your dollars in just this way—judiciously, and without a penny frittered away for an understand item.

## Why the Dollar Counts

In this campaign the issues is between the forces of Representative Government and Popular Government.

In Representative Government only a part of the people have influence—those with an political faith, who spend fortunes in any direction where their own ends are furnited for money.

In Popular Government all the people have influence, because their executives and legislators do not dare to the arrests of the second of the people.

rearr the expressed will of the people.

Representative Government, as ever, this year is being upported by the money of the Interests. It is being spent wishly to give the votern a wrong impression of Wilson.

Popular Government, this year, to win, must depend on the reath being told about Wilson. We must publish his record and platform broadcast so that no one can controvert it.

Your \$1, your \$3, your \$5, your \$10 or \$20 will count and ount to win if spent in this work.
