**IRVING FISHER FOR WILSON**

Noted Yale Economist Appeals to Fellow Progressives With Clear Logic.

**SAYS TARIFF IS THE ISSUE**

Contrasts Three Party Programs and Declares Democratic Attitude the Only Progressive One.

By PROF. IRVING FISHER.

(Note—Dr. Fisher is the noted authority on economy of Yale university. He was a member of President Roosevelt's national conservation commission.—Ed.)

I write not as a Democrat but as an independent Progressive and in the hope that my letter may help other Progressives who are wavering to make up their minds to vote for Wilson. So far as I can see the only hope of progressive legislation lies in the election of Wilson. My reasons, in brief, follow:

1. DEADLOCK IN CONGRESS.—If it were possible to elect Mr. Taft there would merely be repeated the same deadlock with congress and failure to secure progressive legislation which has been experienced in his first term.

If it were possible to elect Mr. Roosevelt even less could be accomplished, for the reason that he would not have a sympathetic congress.

2. DEADLOCKED ELECTION.—To be still more practical, we should consider that the result of our independent voting for Taft or Roosevelt instead of for Wilson may be to prevent any one of the three from being elected.

3. THE TARIFF.—If, on the other hand, we independent Progressives unite for the most part in voting for Wilson he can be elected, and, if elected, can accomplish substantial legislation, because with him will be elected a sufficient number of Democrats to give a majority in both houses. To this my Bull Moose friends reply that not all Democrats are progressives and will not carry out a progressive platform.

This argument overlooks the fact that the paramount issue of this campaign is the tariff and that progressive tariff reform means progressive tariff reduction. It is just because the Democrats have been a party of negotiation, so far as the tariff is concerned, that they, if anybody, can be trusted to reform it downwards.

Mr. Roosevelt would be equally unable and far more unwilling than Mr. Taft to reduce the tariff. In his seven years in office he left the tariff untouched, and now he speaks primarily as a protectionist and not as a tariff reformer. He speaks indignantly of the demand for tariff reduction, but gives no clear argument for it. Instead, he repeats the old fallacious arguments to make our poor workmen believe that a high tariff raises wages.

Governor Wilson and his party, on the other hand, are ardent tariff reformers. In this respect the Democratic platform is the only progressive platform of the three.

Why should we blind ourselves by the introduction of numerous other issues which could not be settled in the present campaign when we have before us the greatest issue of all, the tariff, which CAN be settled?

4. ISSUES ECONOMIC.—Wilson's grasp of the problems of the hour far surpasses that of Roosevelt or Taft. Mr. Roosevelt has frequently admitted that economic problems such as the tariff, the cost of living, the currency and the economic problems connected with trusts not only have no attraction for him, but have never been understood by him.

5. THE PEOPLE'S INTERESTS.—Wilson is more truly democratic than Roosevelt, and more untrammeled in his devotion to the interests of the people as a whole. Those who accuse Wilson of recently adopting new democratic doctrines because their popularity would help him personally should learn that, on the contrary, he adopted them (in his fight to democratize Princeton university) when their unpopularity in the circles in which his activities then lay nearly threatened to destroy his influence and career.

6. PURE FOODS.—Governor Wilson and the Democratic party have shown a greater interest than either Taft or Roosevelt in the protection of the consumer against food adulteration and other injuries to the public health. Dr. Wiley, although previously a Republican, now has decided not only to vote for Wilson, but to help him actively in the campaign.

7. THIRD TERM.—To elect Mr. Roosevelt would deal a fatal blow to the useful tradition against a third term. Nor do I think it altogether improbable that if Mr. Roosevelt were again elected president he would, whatever his present intentions, gradually assume the role of benevolent despot. His natural temperament is that of a dictator.

I write as one who still holds personal respect both for Colonel Roosevelt and President Taft and in no spirit of personal hostility to either. I believe that all three candidates intend to do right "as God strikes them" or so the right, but I think neither Taft nor Roosevelt sees the right as clearly as Woodrow Wilson.

Few pessimists are able to share Mr. Wilson's and even some optimists fall.

**AD. TIPS FROM PHILIPPINES**

"Reading Notice" of a Co-operative Publicity Company Full of Enthusiasm and Poor English.

A copy of a Philippine newspaper carries a "reading notice" ad of a co-operative publicity company at Manila. The enthusiasm, at least, of the ad is genuine, but a reading of it leads one to ask if a new grammar of English usage is being evolved in our island possessions. Some of the more striking passages follow:

"Keeping your eye on the inquiry record file, in order to determine results obtained, and simultaneously ascertain the value of your ad carrying publication," is conflicting and inaccurate.

"In how many languages and dialects published (the more naturally the merrier.)"

"Carefully compare the above with the trend of public opinion, whether economic, industrial, independent, or extreme, in the widest or the widest of a 'White's academic arithmetic,' the fact of whether or not, such publications as you might be interested in, are of interest to the masses is accurately ascertained.

"Any publication whose policy is directly in line with public opinion and which is published in the familiar languages of the people are capable of results."

"In the Philippine Islands, customs and traditions are different, doings are done quite distinct, and as has been repeatedly demonstrated in former articles on this subject, methods that have proved successful in other countries, are wholly impracticable here. It has been discovered that periodicals whose entire editions failed to elicit a single inquiry, were directly responsible for increased business. Not one-fourth of those, whom some advertisement have attracted make inquiries, but, most generally make a note of the article advertised and the distributor, for immediate or future reference; when ever he or some townsman are presented with the opportunity of visiting some city or the Metropolis, the article desired is purchased, and so far as the advertiser and the 'file case' is concerned, the source of such purchase is unknown. For instance our own 'reach' the people methods might be in need of minor improvement, yet, from a standpoint of publishing the 'dope' that the people want and that is of interest to the masses, we refer you to our advertisers as to our 'being there with the goods.'"

**YOUR SPOKESMAN, NOT YOUR MASTER.**

Here are the closing words of Woodrow Wilson's address which brought to their feet the great audience in Carnegie hall, New York, on the night of October 19:

It is not merely a matter of candidates. I should be ashamed if I supposed that it was a matter of the wisdom or the discretion of individuals. I do not believe in government that depends upon the ability and discretion of a few individuals.

If I am set to be a president it is only because I understand you. (Applause.) And if I do not understand you I am not fit. If I am not expressing in this speech tonight the aspirations and the convictions of the men who go before me I beg that they will not vote for me. I DO NOT WISH TO BE THEIR MASTER. I WISH TO BE THEIR SPOKESMAN.

I rejoice to say that as I wait for your gracious applause to cease I realized that in that sentence I summed up what philosophy and my whole desire I thank you for my attention.

**NOT ELIGIBLE.**

Gov. Wilson has not joined the Knights of Columbus. Gov. Wilson will not join the Knights of Columbus. Even if he wished to join that organization he could not. He is not eligible.

We say this for the information and comfort of Thomas E. Watson, of Atlanta, Ga. In its issue of Oct. 13 the Times said that Gov. Wilson joined the New York chapter of the Knights of Columbus at dinner in celebration of Columbus day on Saturday evening. Joining the Knights at a dinner commemorating the discovery of America is not exactly the same thing as entering the membership of the organization. If Mr. Watson of Atlanta, being invited to dine at a friend's house, should linger with the gentlemen at the dinner table for cigars and conversation, he might thereafter join the ladies, but that would not make him one of them.

Yet Mr. Watson, totally misunderstanding and misinterpreting the report of the Columbus day dinner, permitted himself to be accused quite out of his wits at the notion that Gov. Wilson had become a Knight of Columbus, with all that implies, and he thereupon made the important announcement that he could no longer support the governor's candidacy. We hope he will be reassured; he calmed, soothed and quieted when he learns that his worst fears cannot be realized. We suppose that it is only in wholly pagan countries that political campaigns are free from these little incidents.

Washington Has to Bow to the Inevitable—Scores of Endorsements Prove It.

After reading the public statement of this fellow-sufferer given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

R. A. Henderson, 156 George St., New Bern, N. C., says: "I suffered from a dull pain across my loins, accompanied by an extreme lameness in my back. I also had inflammation of the bladder and the passages of the kidney secretions pained me. The use of Doan's Kidney Pills removed the lameness and pain and improved my condition in every way." (Statement given January 25, 1908.)

**CONFIRMED PROOF.**

Mr. Henderson was interviewed on November 28, 1910, and he said: "I will gladly verify my former endorsement of Doan's Kidney Pills, for I have been free from backache and kidney complaint since I took this remedy. You are welcome to continue the publication of my statement."

**MRS. L. H. JONES DIED SUNDAY EVENING**

The funeral of Mrs. J. H. Jones took place from the residence on West Third street at 3 p. m. yesterday.

Rev. H. P. Dalton, pastor of the First Baptist church, conducted the service in a solemn impressive manner, speaking tender words of comfort and consolation to the bereaved husband, relatives and friends. The interment was in Oakdale cemetery.

The pallbearers were: Z. N. Leggett, R. M. Satterthwaite, J. Q. Adams, John Stewart, Oscar Watts.

Mrs. Jones was a woman of noble Christian character. She gave her heart to Jesus at the age of sixteen, and united with the Christian church, and remained a faithful and consistent member until summoned to answer the roll call in "The better land." Though a great sufferer she endured with patience and fortitude her afflictions, without murmuring or complaint to the end and fell asleep sweetly trusting in her Saviour, whom she loved and served.

She leaves, besides a large number of relatives and friends, a husband and three little children to mourn their loss.

Our tenderest sympathies go out to them in this sad hour.

**THE REASON**

Briefly—the reason why you should immediately equip your home, store or factory, with Fostoria National Quality Mazda lamps is this:

First—from the standpoint of economy, they will actually give three times as much light as the ordinary (Carbon) lamps without increasing your consumption of current at all, and they will last just as long.

Second—from the standpoint of appearance, there is just as much improvement in changing from the ordinary lamp to the Fostoria Mazda, as in changing from an oil lamp to the ordinary electric lamp such as you are familiar with. Can you figure out what your home, store or factory would be with this improvement.
