## BOSTONIA SEXTETTE CLUB HERE ON TOMORROW NOVEMBER 19

Second Attraction of the Lyceum Course. Seats Now on Sale.

The Bostonia Sextette Club, the second number in the Lyceum Course will be the attraction at the Public School auditorium tomorrow evening. Tickets other than those holding the regular season tickets are now on sale at the drug store of Messrs. Worley and Etheridge. Reserved seats are selling at 75c, and the general admission will be 50c. This attraction promises to be one of the best in the series.

An exchange in speaking of the Bostonia Sextette Club has the following to say:

The playing of the club under the direction of Mr. Staats has never failed to please both the press and public, each selection being rendered with the utmost delicacy and perfection of ensemble. Mr. Staats has surrounded himself with artists of high rank, making the organization unequalled from an artistic standpoint, while its programs are both novel and interesting, consisting, as they do, of solos for clarinet, violin, and 'cello; numbers for strings alone as well as brilliant selections for the entire club. A young and talented soprano soloist will assist the club, rendering an aria and also a song with clarinet obligato by Mr. Staats. This is a most interesting and novel feature of the concert. A classical or popular program can be given as desired. The Bostonia Sextette Club is an ideal attraction for musical or choral clubs, schools, colleges, churches, Y. M. C. A.'s, the Lyceum stage, and, in fact, in all places where high-class music performed in a most artistic manner is desired. Attention is called to the fact that no piano is needed at its concerts, the accompaniments to the songs and solos being played by the Sextette. Space will allow of only a few of the many flattering comments of the United States and Canadian press.

## GREENSBORO TO BE HOST OF ASSEMBLY

Greensboro, N. C., Nov. 13.—Greensboro is busy getting ready for the twenty-ninth annual meeting of the North Carolina Teachers' Assembly which will meet in this city, Wednesday to Saturday, November 27-30, the intention and desire of both the officers of the Association and the local committee having the matter in charge being to make it the biggest and most successful meeting in the entire history of the assembly.

In 1905, when the assembly was figuratively on its last legs Greensboro came to the rescue with a subscription of one thousand dollars and helped to make the meeting of that year a turning point in its affairs. Since then the Assembly has been in a flourishing condition, and the fact that it will again this year meet in Greensboro has given an added incentive to all concerned to duplicate and if possible exceed the success of the former meeting here.

In 1912 progress calls for fifty-three separate papers and addresses, including many names of national reputation. Among these may be mentioned Hon. E. T. Fairchild, superintendent of public instruction of Kansas and President of the National Educational Association; Dr. George D. Strayer, professor of the Teachers' College of Columbia University and author of "Teaching Process"; Miss Annie S. George, president of the Montessori American Committee and the greatest American authority on the Montessori method; Miss Naomi Norworthy, of the Teachers' College of Columbia University, and a noted authority on primary work.

The matter of board and lodging for the visiting teachers, which has hitherto been a systematic matter, is being frequently caused trouble, is being Greenboro Woman's Club has undertaken the task of securing homes for seven to eight hundred teachers, and as far as possible homes will be assigned in advance of the meeting at the uniform rate of \$1.50 per day. A committee headed by Mrs. G. P. Langley of 835 West Market street has the matter in charge and those wishing accommodations reserved should communicate with her. This is in addition to the regular hotels which can take about three hundred teachers.

A bureau of information and general headquarters will also be maintained and all teachers have been requested to report there immediately upon their arrival.

City pride as well as interest in education and regard of the hundreds of visiting teachers has caused extra efforts to be made towards the success of the meeting, this being especially true of Greensboro which takes special pride in the fact that it was the first city in the state to levy a special tax for graded schools and the center of the county which blazed the way in the matter of rural taxation.

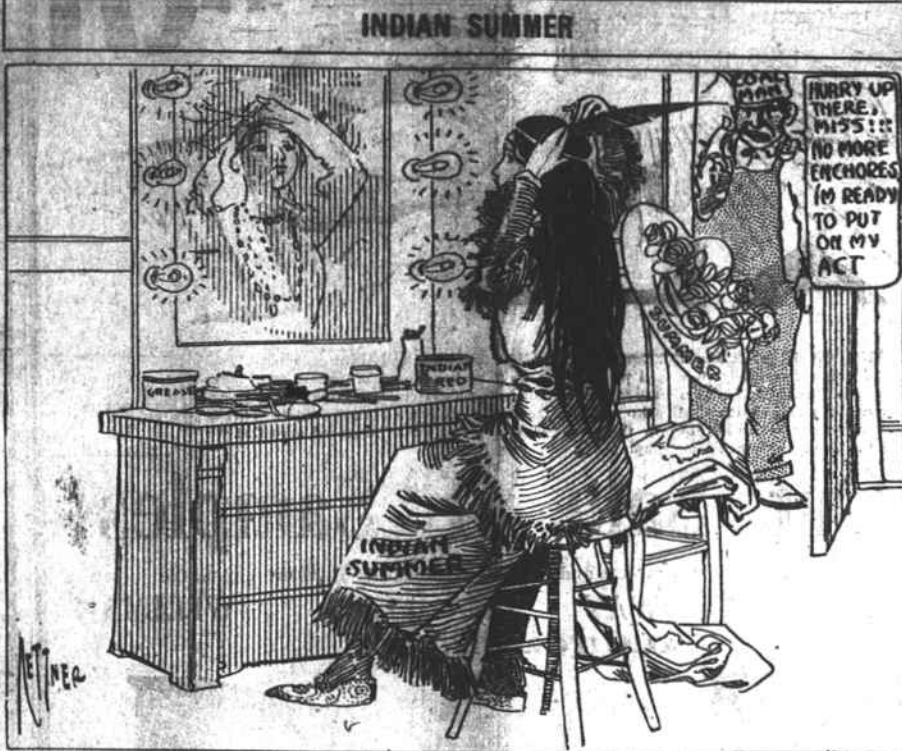

It is expected that from one thousand to twelve hundred teachers will be in attendance and unless all signs fail, the meeting will be a striking success from every standpoint.

## Witness Relate Incident of Times Building Blow-up

Indianapolis, Ind., Nov. 13.—Incidents of James B. McNamara's preparation to blow up the Los Angeles Times building, in the wreck of which 21 persons were killed, were related by witnesses from California at the "dynamite conspiracy" trial Saturday.

James C. O'Brien told how a cottage owned by him in 19th avenue, in the southern part of San Francisco, had been rented before the Los Angeles explosion, and how, when several weeks later he went out there to learn why the cottage was not occupied, he found 10 boxes of nitroglycerine locked in the parlor.

Another development of the day was an admission by Frank Eckhoff, of Cincinnati, that he aided in the escape and concealment of McNamara after the dynamite was returning east. Eckhoff also admitted having demanded money from the McNamaras to "keep his mouth shut."

Mrs. Lena Ingersoll was the first important California witness to be called.

She said on September 1 a month before the Los Angeles explosion, she rented a room to McNamara, who used the alias J. B. Brice. Later McNamara was visited by Schmitt. On September 14 McNamara left Mrs. Ingersoll's and went to a hotel. From the hotel, as testified by a telephone operator, most of the calls were made to the powder company for the purchase of explosives to the owners of the launch in Oakland. Mrs. Ingersoll said she did not again see McNamara until the night of October 1.

"At about 11 o'clock that night he came to the house and wanted me to hire him a room." She testified "I said I could make no arrangements at that hour. On the following night he called on the telephone and want-

Saturday's shooting was a sequel to an encounter brought about by the publication in the Intelligencer of an article to which Muldrow took exception. In the former encounter Cheshire was attacked with a bullet by Muldrow.

Cheshire is said to have entered Muldrow's office Saturday and fired two shots at him. The first went wild and the second was diverted by the interference of Mullinax. Mullinax received a bullet in the arm. Muldrow secured a pistol from his desk and opened fire on Cheshire. Two bullets penetrated Cheshire's abdomen and two inflicted slight wounds in his arm.

Wilmington Star says:  
By a snappy combination of forward passes, which worked, and brilliant broken field running, Wilmington High School football eleven overcame the eleven of the Washington High School Saturday afternoon at League Park by a score of 26 to 0. After the defeat of Saturday in Goldsboro, the Wilmington team showed a complete return to form and the contest was never in doubt after the first touchdown in the first three minutes of play.
