FRIDAY, DEC. 6, 1912.

A Chicagoan was crushed to death under a radiator he was installing against the coming winter. Another heat victim.

A Brooklyn man has been sentenced to kiss his wife at least twice a day for seven years. In that time he may get the habit.

A man who watched the bears in the Bronx zoo suddenly lost his memory. Another thing the grizzly bear is responsible for.

An Englishman has been imprisoned because he couldn't pay his wife's debts. But it isn't a title married to an American girl.

The New York board of health wants to probe beef stew. What has the New York board of health lost that it expects to find?

Now comes word from manufacturers that women are wearing larger stockings. Probably due to the fact that Christmas is coming.

A Brooklyn man who was bitten by a pickering wants to know if fish can have hydrophobia. Not unless it's a dogfish, we should say.

Side whiskers are to come into fashion again and the youth who cannot rise a mustache will thus find that life has its compensations.

Professor Metchnikoff says one may be eating carrots prolong one's life. Why is it that everything which prolongs life is so unpleasant?

A jeweler informs us that the average watch has 175 pieces. And in our particular watch each piece has a grudge against its neighbor.

Verily there is something worse than capital punishment. For instance, a Chicago judge has sentenced a man to 30 days in Pittsburg.

Nevada boasts of a spring whose water tastes like chicken soup, but restaurants have been serving the same stuff for 10, these many years.

August is a beautiful month for every one but the hay fever victim.

One good way for a pedestrian to avoid automobiles is to buy a motor boat.

The Weather Bureau is doing its best to bring rain. It sticks to its fair prediction.

Sometimes a fish story is absolutely true, but what's the use? Nobody believes it anyhow.

In Washington they are trying a jag atmosphere, charged with alcohol, to kill flies. After they have breathed a few whiffs, the flies don't care whether they are swatted or not.

Some ingenious person has invented a handle for safety razor blades, so they can be used for paring potatoes, trimming—er—excrescences, or for other purposes that will occur to the thrifty housewife.

The Difference. Knicker—in the winter I go out to play poker and my wife stays home from bridge. Bocker—And in the summer you stay home from poker and your wife goes away for bridge.

Must Believe It

When Well Known Washington People Tell It So Plainly

When public endorsement is made by a representative citizen of Washington the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man woman or child with any kidney trouble will find profit in the reading.

J. B. Peck, E. Second St., Washington, N. C., says: "Backache bothered me and there were pains across my loins. These symptoms of kidney trouble showed that something must be done. The kidney secretions were also irregular in passage and contained sediment. I used two boxes of Doan's Kidney Pills as directed and they entirely relieved me. New York, sole agents for the Unit-There has never been a recurrence of my complaint."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y.

Remember the name—Doan's—and take no other.

GILKAD. G. B. E. Cutler and Henry Forest went to City Hill Sunday. Mr. Weatherly, of Mount Cross, put down a pump for H. W. Whitehurst this week. School began Monday, L. J. Bishop of Yeatesville being teacher. C. K. Cutler has been quite ill for a few days. Mr. and Mrs. Spivy Wamen were guests at G. B. E. Cutler's Sunday. W. G. Yeates returned from Washington Saturday, having been repairing the telephone line.

Mr. and Mrs. James Wall, of Clay Hill, came up Monday. Mrs. C. B. Cutler is indisposed. N. E. Lewis went to Greensville Monday with a load of tobacco. Miss Mawnie Latham, of Crow Branch, will spend the winter at J. L. Latham's. Say, Pinetown, if a hen and a half lays an egg and a half in a day and a half, how many eggs will air hens lay in seven days? Jake, maybe you can solve it, but I notice you haven't yet tackled Pinetown's pole he wanted cut up. Pinetown, if you really would like to know how to cut that pole, measure off forty feet from one end, and then cut it, making the one piece fifty feet and the other forty feet.

LINES IN GOOD SHAPE. Mr. Klapp, of the telephone company, reports that all the toll and rural lines are now working in apple order, and that the patrons can count on a first-class service in the future. Mr. Klapp deserves much praise for the manner in which he handles difficulties arising from such storms as visited the city of Washington last Thanksgiving Day.

Mr. John F. Latham, of Jessama, N. C., is in the city today en route to his home from Aurora, where he was one of the judges at the Agricultural Fair.

Could Shout For Joy.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited me case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no superior. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at The Hardy Drug Store.
