

PLATINUM REALLY AN ALLOY

Its Use by Jewellers and Dentists in What Has Made It a Costly Metal.

The mineral called platinum is really a natural alloy of iridium, rhodium, palladium and often osmium, with varying amounts of iron, copper and gold.

Owing to its high melting point and great resistance to acids, platinum is extensively used for laboratory utensils. Platinum salts are employed in chemical analyses.

ICES A UNIVERSAL DELICACY

People of the South of Italy Remarkable for Their Fondness for This Simple Refreshment.

If you wish to realize what devotion to ices means you should go to Palermo. All over the south of Italy ices are eaten to an extent of which we do not dream.

The stranger in that beautiful country finds the cakes invaded between 4 and 5 o'clock by ice eaters. He sees officers and men of the army, merchants and work people, the rich and the poor of both sexes consuming ices with gusto.

Reward, but No Claimant.

Despite the view that players are extravagant and do not save their money, Ada Lewis is a frugal actress and she has been putting her money away for years.

Lots There to Capture.

During the civil war there was an Irishman of the Thirty-sixth Indiana, who, while on the skirmish line at Dallas, saw a good chance to capture a confederate.

Cure for Love.

"Yes, I finally got rid of him," she said, "without having to tell him in so many words that I never could learn to love him."

Street gas lamps were first used in 1827. And some of them haven't been replaced.

During 1911, New York burned more than 18,000,000 pounds of hard coal.

Kissing on railroad trains has been forbidden in Bavaria. Are there no tunnels in Bavaria?

An eastern judge has declared a safety razor a dangerous weapon. Has he tried to shave with one?

Chilly Mornings Cool Nights

Rather difficult to keep the house at the proper temperature. Can't light the furnace yet as it is too warm during the middle of the day, but some heat is needed in the morning and after sundown.

Use a Vulcan Odorless Gas Heater

Makes a room comfortable in five minutes. Absolutely Odorless. Absolutely Sanitary.

THE CHILD'S PARADISE

The seat in Washington Park is so light and sturdy it quickly dries after a rain. "Flowing the children to get out of doors to the park-grounds, where they gain health, and at the same time relieve the mother of their noise and worry."

It's the place you can enjoy every day of the year. Pleasant in summer, delightful in fall, buoyant in winter, and picturesque at all times.

Such a place as to find recreation to both mind and body will give health and add years to your life.

No disease carrying dust to keep the housewife forever toiling, worried and sick.

Here one throws wide the blinds, letting in light, sunshine and air, yet no multitude of strange staring eyes prying into your home as one seeks comfort, or the wife looks after the daily household duties.

Here your home is as it should be, "more private," giving the housewife more freedom, purer air, less work, less worry, much restful time; therefore better health.

Come! Live in that phase prepared for people to live a high quality life.

See me at once.

A. C. HATHAWAY.

Sensible Christmas Presents

The best time to begin to teach your child economy is now. Dolls and toy pistols and teddy bears are short-lived, while the pleasure they bring is also fleeting. One Dollar or Five Dollars in our SAVINGS DEPARTMENT is a helpful and lasting Christmas present. The boy with a bank account begins to feel like a man, and it inspires him to higher things. If you can teach him to save his own money and inculcate a lesson of thrift and economy, you have given him a Christmas present that is better than all the toys in town.

Take Advantage of the Facilities Offered by Our Savings Department

Deposits made now go on compound interest January first. The rate is four per cent, and you will be surprised how rapidly even a small amount grows.
