R. H. M'can, bond interest	1,352.13
R. H. M'can, interest Bank of Washington note	45.00

## TUBERCULOSIS CURE TO BE TESTED SOON

Berlin, Feb. 19.—Dr. Friedrich Friedmann, discoverer of the internationally heralded live-germ cure for tuberculosis, is on his way to America to take up the offer of President Finlay of the Autna National Bank of a million dollar fee if the German scientist can, when put to the test, cut ninety-five per cent of the cases he treats, including that of Ray Paris, the banker's son-in-law.

Opposition from the German government to Dr. Friedmann's leaving the country bearing the secret of his tuberculosis vaccine was apparently wholly withdrawn from the physician a week ago surrendered to Prof. Ehrlich, head of the German bacteriological department, an allotment of his live-germ vaccine, and the government having rejected a tentative proposition that it purchase the remedy, decided to transfer his field of experiments and treatments to America.

Dr. Friedmann left Berlin last night and will be aboard the Kronprinzessin Cecilie when she leaves Bremen for New York tomorrow.

But the young woman who has figured in the cable reports as a trained nurse but who Mr. Friedmann has freely said has been his able assistant if not, in fact, his collaborator, refused to accompany the physician to America. He thereupon retained an American newspaper man to act as his interpreter, packed up his belongings including the tubes of the remedy, which he claims as one of the greatest discoveries of the age, and left the capital.

On his journey to New York he is backed by the reports of United States Consul-General Thackara of Berlin, who has officially expressed confidence in the genuine character of the Friedmann remedy, and has forwarded to the State Department a paper prepared by the physician himself setting forth the history of his experiments and exactly the results he has achieved.

Meanwhile, however, the \$1,000,000 offer of President Finlay is open to all competitors and there are three other candidates in the field who believe that they have discovered a consumption cure more efficacious than that of Dr. Friedmann.

## STRANGE LIGHT IN NORTH CAR. MOUNTAINS

Washington, Feb. 19.—A strange light has appeared in the mountains of North Carolina, citizens of the Jones Ridge neighborhood, not far from the George Vanderbilt place at Asheville, are all wrought up.

Col. Robert T. Caldwell, representing the people of Jones Ridge, is here to get the government to send an expert to North Carolina to see what's wrong.

"The light rises up to the height of fifty feet and then settles down again," said Mr. Caldwell to George Otis Smith, Director of the Geological Survey, yesterday.

"It hurts your eyes like the sun. We want to know what it is."

Through the efforts of Senator Simmons and Representative Webb, Mr. Claywell got Mr. Smith to detail a man to visit Jones Ridge to investigate the light.

## JUDGE LONG CONVENES COURT HERE

Superior Court was convened yesterday morning at 10 o'clock by Judge B. F. Long, only five cases being completely disposed of during the day and night.

The first case on docket was Tracy Morris and Co. of Philadelphia, a clothing house, bringing suit against Mr. A. B. Jones of Pantego for \$42. The defendant purchased some clothes from the salesman of the above-mentioned house in 1910 as stock for his store, but found the goods not as represented and returned them. The clothing house claimed that six suits were short, for which recompense was demanded to the extent of \$42. Mr. Jones, however, took the stand that the railroads, if anybody, were responsible for any shortage, and received a verdict bearing out his contention, not a cent being granted the clothing company. The plaintiffs were represented by Ward & Grimes, and the defendants by Daniel & Warren.

Emma Cannon, colored, of Washington, was next granted a divorce from her husband, Walter Cannon, upon scriptural grounds. Mr. Norwood Simmons presented the case of the plaintiff, while the defendant has not lately been in evidence anywhere around this vicinity.

## PRESIDENT MADERO IN HANDS OF DIAZ.

Mexico City, Feb. 19.—President Madero has been arrested in the national palace by General Blanquet, backed by his troops. Gustavo Madero, brother of the president, was arrested about the same time in a restaurant by General Huerta. While Madero and the other members of his family are under arrest in the palace, the crowds are running about the streets crying "Vivas" for Huerta and Diaz.

Gen. Victoriano Huerta, the military commander of the federal troops, has been proclaimed president.

This followed a conference between representatives of Huerta and General Diaz.

An official order was issued by the new government opening the cables for regular service. The censor, however, refused to leave his post for a considerable time after the Madero government had been ousted.

Huerta's attempt to communicate with Diaz this afternoon precipitated a sharp battle in which the rebels opened up with a terrific fire of small arms. At 4 o'clock the order to "cease firing" brought the battle to a close.

## Mexico Faces All Horrors of War.

Mexico City, Feb. 11.—(By courier to Vera Cruz, Feb. 19.)—How many have been killed or wounded is a question which none can answer definitely. From a source usually considered conservative it has been stated that the number of dead is not less than 2,000, while the total of the wounded amounts to from 8,000 to 10,000. The great majority of these are not soldiers but men, women and children, unable to escape the lines of fire. It is a well known fact that detachments of 50 and 100 men have been mowed down by the machine guns here and there at various times when caught in the narrow streets. Carts piled high with corpses have been driven to the outskirts of the city and buried.

Every morning in the zone of the actual fight, piles of burning rubbish are to be seen. These heaps are for the most part rubbish, but the odor of burning flesh tells another story.

## Immigration Bill Passed Over Veto.

Washington, Feb. 19.—The Burnett-Dillingham immigration bill, vetoed by President Taft because it imposed a literacy test upon immigrants, was passed over the President's veto in the Senate yesterday by a vote of 72 to 18. The overwhelming majority given at the end of a short debate in which President Taft's attitude was vigorously attacked, has strengthened the probability that the bill will be passed over the veto in the house when it is called up today.

## GENERAL ASSEMBLY RATIFIES SCHOOL LAW

Raleigh, N. C., Feb. 19.—The biggest and most far-reaching achievement of the General Assembly of 1913 will be the ratification of the bill which passed the House last night, to provide a six months term in the public schools throughout every county in the State.

By the almost unanimous vote of ninety-eight to three, the six months school term bill passed its second reading last night just before 10:30 o'clock. The third reading was made a special order for the close of the morning hour today, on motion of Representative Justice, which motion also provided that there should be no further debate on the measure. The discussion of the bill last night consumed less than two hours time.

In a four hours' session yesterday the Senate passed a great many bills on third reading, killed the Stewart family mileage bill recently passed by the House and finally disposed of the verations bill to pay the old debts of the fish commission and to save the reputation of the flagship of the State's piscatorial navy.

The following bill of local interest was brought up in the House: Authorize road bonds by Beaufort county.

The following bills of local interest have passed third reading: To amend the public local laws of 1911, relative to a special criminal court in the town of Washington. To authorize tax collector of town of Belhaven to collect special school taxes. To appoint a court stenographer for Beaufort and Washington counties.

## CAMERA FIENDS ANNOY MISS MORGAN

New York, Feb. 19.—Miss Anne Morgan, daughter of the financier, Pierpont Morgan, took twenty-six of her Vacation Fund girls up to Bronx Park Zoo yesterday afternoon for what was originally intended to be an educational visit to the animals, but turned out very early to be a four-hour game of hide and seek with the photographers.

Miss Morgan herself seemed only mildly annoyed at the persistence of the knights of the shutter, but some of her followers, particularly Miss Shippen, hated the very sight of a camera. Miss Shippen constituted herself Miss Morgan's personal bodyguard, and her keen eye time and again detected one of the wicked creatures skulking behind a tree or a bush just as he was about to accomplish his fell purpose.

It was very trying indeed for the ladies, but it was harder still on the poor man detailed by Director W. T. Hornaday to show the party around. His efforts to impart information usually resulted like this: "Now this is the Alaskan brown bear."

"Oh, there's another one!" (referring not to bears but to photographers), and then there would be a rush for Miss Morgan, whether to shield her from the lens's malefic glare or to get in the picture it was sometimes hard to tell.

Finally Miss Morgan consented to pose for one group picture on condition that no more be attempted. For a moment it looked as though peace would be attained. Then, just as the shutters were about to click, a young lady with a blue plume—it would be a shame to put her name in a horrid newspaper—was taken with a brilliant idea.

She rushed clear across the front of the group and took a position immediately in front of Miss Morgan, completely hiding that lady from view—and, incidentally, giving the young lady with the plume the most prominent place in the picture.

The peace conference broke up then and there—each side blaming the other—and from then until 5 o'clock hostilities raged with renewed fury. The photographers hung on the flanks of the party, trying occasional long-range shots.

## MRS. R. W. WINSTON DEAD FROM LEAP

Philadelphia, Pa., Feb. 19.—Mrs. R. W. Winston, the wife of Judge Winston, of Raleigh, N. C., and the sister of an Episcopal bishop of that State leaped from the eighth floor of the Jefferson hospital in this city late yesterday afternoon and was instantly killed.

Mrs. Winston had been a patient at the hospital here for several weeks suffering from a nervous affliction and according to the physicians at the hospital she was never left unguarded. She was subjected to periods of hallucinations and had frequently threatened to end her life and instructions were given to the nurses never to leave her alone for a moment.

## ROME SURPRISED BY ZERO WEATHER

Rome, Feb. 19.—The exceptional cold spell prevailing throughout Italy reached its climax last night in a snow storm after the temperature had fallen several degrees below zero.

In Messina, the winter has been the severest in twenty years. Mount Etna is entirely white with snow and presents a magnificent spectacle at night.

There is much snow and ice in Sicily and Calabria.

## TO SEE SOV MARCH IN WILSON PARADE

Mr. E. W. Ayers left yesterday for Northern markets to buy his stock of spring and summer goods. Before returning home he will attend the inauguration of President Wilson in the national capital, and will have the pleasure of seeing and hearing his son, Edward Ayers, Jr., and his friend Jam's Stein, son of Captain A. W. Stein, play in one of the procession bands.

These two boys are cadets in St. John's Military School, New York, whose band has the reputation of being one of the very best in the United States. Still more local interest attaches itself to the musical success of these young men by reason of the fact that they were formerly taught here by Prof. W. E. Smith.

W. C. T. U.

The Woman's Temperance Union will meet tomorrow at 4 o'clock with Mrs. O. B. Carmalt.

## LEAVES FOR RICHMOND TO ATTEND AUTO SHOW

Mr. J. R. Mitchell, superintendent of the Mutual Machine Co., left yesterday for Richmond, Va., to attend the Automobile Show.

Mr. Mitchell while there will take special instructions in all automobile work, and the company will be better prepared than ever to give quick and skillful service to their customers upon his return.

Mr. J. C. Arrington of Rocky Mount was a visitor yesterday.

## The Child and the Store.

"Children!" exclaims the storekeeper; "yes, we welcome the children, for they are the buyers of the future."

There are in all stores certain seasons of the year which are specially devoted to children and their interests.

In some towns regular children's days are celebrated, and the store is taken over to their entertainment and a sale particularly of their things.

Other merchants make Saturday children's day, and special prices are given on many of the things they need.

Some merchants even provide special play rooms for the children where they can have the time of their lives, while the grown-ups shop.

Watch the advertisements in The Daily News closely and constantly every day. Then you will find the best news about children's wearables. All the merchants who advertise in The Daily News are eager to have your children start shopping at their stores.

## MEXICAN REBELS STEAL MACHINE GUN

El Paso, Tex., Feb. 19.—A machine gun of the Thirteenth Cavalry regiment at Hachita, N. M., disappeared Sunday night, according to reliable reports received here yesterday.

It is believed that Mexican rebels came over the border and stole the piece.

Dr. H. W. Carter left for Norfolk last night to attend the Tri-State Medical Society.

## COTTON MARKETS

Lint Cotton, 15c.  
Seed Cotton, 4 1/2c.  
Cotton Seed, \$24.00.
