Tomorrow will be devoted to business sessions, the other two days being given over to pleasure on the program. The headquarters are at the auditorium. The reunion is a spectacular event, being within the shadow of Missionary Ridge and Lookout Mountain, looking down upon Chickamauga, "the field of blood," and the scene of one of the most terrible conflicts of the war.

"FALSE TO THEIR TRUST"

"False to Their Trust" being the seventh story "What Happened to Mary," produced in collaboration with the Ladies' World, is the main feature that creates today's program at the Lyric Theatre.

This picture is a dramatic release produced by Edison that has been running for seven months in the Ladies' World, and will be found more than interesting throughout the story until continued.

Among other features on today's program will be two other pictures equally as good. One made by Pathé, "The Prayers of the Arabs," being a beautiful hand-colored film.

This program found at the Lyric today is an unusually strong one, and something very interesting. The admission prices will be 5 and 10 cents.

The above cut shows the reduction in typhoid by purifying the water in several large cities of the United States. Various means were used in effecting this purity. In Rochester, S. Y., the water is furnished from a small lake and the typhoid rate is low. In Lowell, Mass., the rate dropped at an amazing rate when ground water was substituted for river water. In Pittsburgh, Pa., an enormous reduction in typhoid deaths followed the installation of a filter plant. In Columbus, Ohio, Cleveland, Ohio, Paterson, N. J., and other cities the reduction in the rate may also be seen by glancing over the above chart.
