GREENVILLE VS WASHINGTON

BASEBALL GAME TO BE PLAYED BETWEEN TWO TEAMS FRIDAY AFTERNOON.

AT FLEMING FIELD

FIRST GAME WHICH HAS BEEN PLAYED FOR SOME TIME. DAILY PRACTICE BEING HELD.

Arrangements have been made for a baseball game between Washington and Greenville at Fleming field on Friday afternoon.

Daily practice is being held and the local boys are fast rounding into shape.

This will be the first game of ball which will be played in Washington for some time and it is hoped that a large number of people will turn out to view the game.

Washington is about the only town of its size in the State that has no representative ball team. The only way that we can have one is for everyone who can, to turn out and help support the team.

The line-up of the locals will be announced at a later date. In the meantime, all those who can play ball or who have ever played are requested to come out to the field and lineup up.

Youngstown, Ohio, June 9.—Giuseppe Pomaro, thirty-five years old, was arrested here Saturday by Capt. Washar of the United States Secret Service on the charge of sending a Black Hand letter to President Wilson demanding \$3,000.

Pomaro was taken to Warren and given a hearing before United States Commissioner Gilmer. He will be taken to Cleveland. It is said the man admits his guilt, giving as a reason that he "just wanted the money."

The letter demanding the money was mailed on May 29 and was immediately turned over to the Secret Service Department. Capt. Washar arrived in the city two days ago and added by the police located Pomaro at No. 105 Wall street.

It is said that Pomaro is one of a Black Hand band operating in this section and having connections in New York as the Eastern end, and reaching through this district from Pittsburg, Neweasth, East Youngstown and Cleveland.

The police are said to have a record of a number of houses in East Youngstown where the gang has met. The demand made recently for \$3,000 from Anthony Parilla, a well to do local Italian, is thought to have come from the same band.

The envelope was addressed: "Mr. Wilson, President of the U. S. Washington, D. C."

"GIUSEPPE POMARO, "28 North Watt st."

The many patrons of the Lyric Theatre will no doubt welcome the feature attraction that will be afforded them on Wednesday of this week, and the fact that Sarah Bernhardt will appear in this feature gives a wide reputation of excellent photography.

This feature was the last motion picture that Sarah Bernhardt ever appeared in and was paid a salary of \$50,000 and will be her last appearance on the American stage.

Taxing Your Income.

What would you think of an income tax equal to the amount of money you waste each year by careless buying?

The sum would startle many of us who are not considered extravagant in the common acceptance of the word. And yet we go along the even tenor of our way, happy that we have enough to live on and a little to spare, perhaps.

But, aside from extravagances as such, are you taxing your income more than you should in your every-day purchasing of the necessities of life? That is the important question.

It is so easy for us Americans to indulge in careless buying that it behooves all of us to pay attention to what we buy and where we buy it. We must make our dollars work for us 100 per cent or we are taxing our incomes constantly.

The Daily News and other good newspapers will help you in your buying if you will but study the interesting and instructive advertising presented daily.

Washington, June 9.—Generally fair weather with moderately low temperature in the eastern states, the great central valleys and the lake region and local rains along the south Atlantic and gulf coasts are predicted for the early days of the coming week by the weather bureau. For the section west of the Mississippi valley generally fair weather and temperatures above the seasonal average are promised for the entire week.

"No important storm will cross the country the coming week," the bureau's bulletin said, "but a disturbance that is now forming over the western plateau region will advance slowly eastward, preceded by a general rise in temperature and attended by local thunder showers, and cross the middle west about Thursday and the eastern states near the end of the week. A general reaction to normal temperatures will set in over the great central valleys and the eastern states after Tuesday."

CAPT. STUDDERT WANTS INFORMATION ABOUT CHIEF POLICE SALARY

To the Honorable Mayor and Board of Aldermen, City of Washington, N. C. Gentlemen:

In looking over the private laws of 1902, relative to the charter of the City of Washington, N. C. I find the following language with reference to salaries:

"To the chief of police, a salary shall be paid not to exceed fifty dollars a month and all fees due him shall go to the city."

This act went into effect on the 27th day of February, 1903, but did not become operative until the first week of May, 1903.

When the new board, elected for the first time, under the new charter, took charge, I have been informed that Mr. George Howard, has drawn three hundred dollars more per year than the charter allows, and that he has been drawing this excess for ten years, with the exception of the short time that Mr. J. Fowler served as chief of police under Mr. C. H. Sterling's administration as mayor.

This means that Mr. Howard has drawn about twenty-five hundred dollars in ten years, more than the charter of 1903 allows, and Mr. M. J. Fowler about five hundred dollars more than said charter allows to be paid as a chief of police.

I wish it to be distinctly understood that I am not finding fault with the amount paid the chief of police per month. I believe a capable man is worth all he gets and more too. I suggest to your honorable body that you send a bill when the legislature meets in extra session this summer and change the law so that a chief of police in Washington may draw his salary according to law.

GEO. J. STUDDERT, Senator Second District.
