

Business Men Are Ready For Fierce Battle

Are Confident That They Can De- feat Professional Men in To- morrow's Contest

The much talked of ball game between the Professional Men and the Business Men will be played tomorrow afternoon at Fleming Park at 4 p. m. After a very satisfactory practice yesterday afternoon both teams were declared to be in the pink of condition and ready for the fray.

Captain Clary of the Business Men will be unable to play on account of a broken finger that he got in yesterday's practice. The Business Men gave out the following line-up last night, which gives the fans a chance to compare the relative strength of the two teams. It is as follows:

Catcher, Sam Fawle; pitcher, N. H. Hochbrock and John Smith; first base, J. K. Doughton; second base, F. C. Kugler; third base, Caleb Bell; short stop, William Knight; left field, Hugh P. Cavanaugh; center field, Hugh Paul; right field, J. D. Calais.

Substitutes—Zoph Potts, William Bragaw, D. A. Squires, S. R. Carrow, John Calloway, Lee Stewart, P. P. Maxwell, Capt. Jas. E. Clark.

Last night Manager Warren for the Professionals signed two new players—Rev. E. A. Lowther, who is expected to do part of the pitching, and Barrister Lawrence Scott, of Blounts Creek, an old leaguer. It is said that the Blounts Creek star can play any position, and furthermore can pitch with both hands. It will be well worth the price of admission to see this phenomena. Several local sports who are rooting for the Lawyers, sent Assistant Judge Tom Long to Greenville yesterday to get some points on the game, and they believe it will prove a good investment.

S. R. Carrow, an old fan who knows the game, says that it will be a one-sided affair, as the Professionals will eat them up. He says that their team is by far the best collection of ball players that have been put together for several years, and should become the regular team to represent the city. It is understood that he is offering 4 to 1 on his favorites.

Everybody should turn out to see this game, and the small sum of ten cents that will be collected from each person will be given to the Associated Charities.

With such players in the game as Walker Crede, John D. Calais, J. D. Grimes and Thos. S. Long, the people can rest assured that it will be an interesting contest.

CHURCH AT OLD FORD IS CROWDED. MANY FORCED TO REMAIN OUTSIDE.

Rev. E. A. Lowther, who preached at Old Ford Sunday, was greeted by one of the largest congregations that ever attended the church at that place. The building could only afford accommodations for about one-half of the crowds which came from miles around. There were 72 buggies, 9 surreys, 7 double wagons, 3 single wagons, 5 automobiles, 11 bicycles and 3 carts.

Mr. Lowther's sermon was a most interesting one and rendered more impressive by the attentive and immense audience present. It was a most successful meeting.

Not All the Requirements. Discussing a rather Bohemian set in Chicago, George Ade said at the Chicago Athletic club: "These poor girls needn't think themselves literary just because they use a pencil to darken their eyebrows with."

Manager Weston received word from the manager of the Ball team today, stating that the latter team would be unable to play here today, according to schedule. Consequently the game has been indefinitely postponed.

BROTHER'S SLAP COST HIM \$1,000,000.

Atlantic City, N. J., July 14.—In the hearing of the case growing out of the fight to secure the \$1,000,000 estate of Mrs. Jane Fortescue, here today, it developed that the reason Mrs. Fortescue left her fortune to Armond T. Nichols, her secretary, instead of to her brother William was because the brother gave her a black eye nearly twenty years ago, hence sister and brother had not spoken from that time until the day Mrs. Fortescue's death.

Mark Fritch, one of the witnesses testified that Mrs. Fortescue went into the cafe of the Hotel Columbia one day in 1894 while he was on duty as bartender. He said her face was a mass of bruises. When asked what had happened to her, she replied, he said, that her brother William had struck her.

SECURED THROUGH EF- FORTS OF MR. SMALL

Will Investigate Malarial Conditions In Eastern North Carolina

Congressman John H. Small, who has been here for the past few days gave out information this morning, which will be of vital importance to the residents of Eastern North Carolina. Mr. Small has arranged with the Public Bureau of Health to send an expert here to study the malarial and mosquito problems in this district.

Dr. Carter, who is recognized as one of the most noted experts in the United States on sanitation and public health, will visit Washington some time in August. Dr. Carter had charge of the sanitation in Panama and his work in ridding the isthmus of zones of mosquitoes was of immense importance and value.

While he is here, he will co-operate with the County Health Superintendent and the city health officers. He will not only study malarial con-

ditions and their causes, but will deliver at least one stereopticon lecture to the citizens, showing how mosquitoes propagate malarial poison.

The only condition that Dr. Carter imposes on the different towns he will visit is that the cities, through their mayors and boards of aldermen request him to visit their respective towns. Dr. Carter will only go to those places where his services are asked for.

The malaria problem is a most vital question for every town in Eastern North Carolina, not only on account of the sickness, but from an economic standpoint. There is no doubt but that Dr. Carter's services will be in great demand.

The doctor will also visit Elizabeth City, Hertford, Edenton, Plymouth and Greenville.

Congressman Small returned to Washington, D. C. this afternoon.

BECKER'S APPEAL FOR NEW TRIAL IS REFUSED

DENIED BY SUPREME COURT JUSTICE GOFF, LATTER STATES THAT PRISONER HAS HAD A FAIR AND JUST TRIAL.

New York, July 14.—Charles Becker's application for a new trial on the charge of murdering the gambler, Herman Rosenthal, was denied by Supreme Court Justice Goff today. Counsel had sought to reopen the case on the ground of newly discovered evidence.

Justice Goff, who was the trial judge in the Becker case and in the case of the four gunmen also convicted, held that the former police lieutenant had had a fair trial before him and denied the plea. If relief comes to Becker now it must be through the higher courts. For months he has been in the death house at Sing Sing.

Nye's Humorous Compliment.

Bill Nye was once introduced to Wagner, the composer. In "Then and Now" Dean Hole relates: "Nye, the American humorist, brilliant as the best, whose comedy never fails to charm, and whose tragic death I shall never cease to mourn, told me that when he met Wagner he said to him, 'Your music is beyond my comprehension, but I always feel sure when I hear it that it is really much better than it sounds.'"

Time's Changes.

"My grandfather," said the old timer, "used to put all his money in his socking." "Wa-al, things hain't changed much," said his old friend. "My grandson, who's takin' a course in modern deportment at one o' them eastern colleges, puts most of his money 'nto socks."—Judge.

What is the reason that we never hear from Hawkinsville nowadays? Mrs. Jennie Osborne spent a few days of last week with her daughter, Mrs. Tom Boyd.

Tom Gower was the guest of his sick brother, Jimmie, Tuesday night. Miss Lula Gradeless died at the home of her sister, Mrs. Jerry Cox, Thursday afternoon.

TO TAKE TRIP IN INTEREST OF GOOD ROADS

WASHINGTON CITIZENS TO LEAVE FOR WILLIAMSTON THURSDAY AFTERNOON AT 1:30.

TRIP TO BE MADE BY AUTO

IT IS EXPECTED THAT FROM TEN TO TWENTY MACHINES WILL LEAVE WASHINGTON.

A party of Washington citizens will leave for Williamston Thursday. The trip will be made via automobiles and in "the-interest-of" good roads for Beaufort County. It is expected that from ten to twenty machines will take part in the trip.

The principal object of the proposed journey is to get information along the route, between here and Old Ford, relative to the amount of labor that the people will give towards the building of a better road. It will also be the aim of the autoists to arouse interest in the work which is contemplated.

The party will also inspect a piece of sand clay road, which has recently been built in Williamston.

At some later date, another trip will be made over the road that leads out from Market street towards Williamston. The feeling of the people along this route will also be ascertained regarding the construction of a better road. It is believed that whichever route shows the most interest in the work and will contribute the most labor will probably be selected for building the road.

GUTHRIE READY TO SAIL

San Francisco, July 15.—George W. Guthrie, new United States Minister to Japan, is here ready to sail for the Orient to take up his new duties. He would say nothing on the Japanese situation.

The Worst That Haste Makers

To busy people the most valuable thing in the world is time. We may lose our money, our friends or our umbrellas and possibly get them back again, but an hour once gone is gone forever.

That is rather a sobering thought. But this does not mean that we must conduct our affairs in wild haste, because there is almost as much time lost in a lifetime by mis-directed energy as there is by idleness.

In order to get the best results in using time, it is necessary to plan first and act afterwards. In that way you may avoid any superfluous motions.

Take for example one field of activity—the purchase of all the articles for our daily use. We have all wasted precious hours scurrying here and there, uncertain what we wanted and where to find it. Finally we have returned home and announced triumphantly that, "Just by luck I ran across the very thing at 80 and 80's." That little expression, "just by luck" shows lack of forethought and does us no credit. If we had spent ten minutes reading the advertisements in The Daily News we could have planned the shopping trip intelligently beforehand and saved our time, energy, and some money as well.
