EDITORIAL.

CLOSING OF STORES.

Last Friday, all the dry goods, millinery, clothing and department stores in Elizabeth City closed at one o'clock. This was the beginning of what will hereafter be a regular occurrence. It is thought that after a while, the other business places in the city will also fall in line and give their employees a half holiday.

We believe that a similar plan would appeal to the merchants of Washington. It is certain, that if they advertise well the fact that their stores will close on Friday afternoon, the people will not come out to trade, but will do their purchasing either Friday morning or Saturday. In this way the storekeeper could lose any sales on account of closing up his store.

All that is needed is to get the idea across. Saturday is a big day for the merchants here and it seems only fair that the clerks and other employees should get a brief rest the day before.

JULY 16 IN HISTORY.

- 1120 The town of Normans in France was taken from the English by John of Arce.
1747 Battle under the walls of Belgrade the Austrians defeated the Turks.
1759 Battle of Emdorf; the Prince of Brunswick defeated the Prussians.
1770 Battle of Wyalapa; the Poles defeated the Russians.
1808 Battle of Bailen in Spain, the first serious reverse of Napoleon in the Peninsula.
1850 Constitution of New York University laid.
1857 Battle of Mahabharat (India) fought.
1912 Herman Rosenthal, a convicted gambler, was assassinated in the streets of New York by men who escaped in an automobile.

It's Comfortable in Washington Park, Try it

Some day when you are sweating, the children are too uncomfortable to be pleasant, tell your driver to get ready to carry you to Washington Park.

Throw a little lunch in a basket, get a hammock, call the children and start for the pavilion as soon as you can. Stay there the rest of the day and late into the evening.

You'll get comfortable as soon as you strike the pavilion and by the time you leave you'll feel like a different person. You'll then begin to appreciate the great advantage of a home in Washington Park. Better secure the lot now.

FLY FACTS.

Below you will find a sort of outline or brief summary of facts embraced in my series of remarks regarding the house-fly.

NOTICE OF SALE.

Under and by virtue of a Deed of Assignment, executed by Dr. A. C. Hoyt personally and trading as The Hoyt Drug Co., to the undersigned, dated June 10th, 1913, and recorded in the Registry of Beaufort County, N. C., the undersigned will on Monday, June 28th, 1913, at 10 a. m. offer at public sale to the highest bidder the following described property, at the court house door of Beaufort County, N. C.:

All and singular, the stock in trade, goods, ware, merchandise, drugs, medicines, book accounts, bills receivable, store furnishings, fixtures and effects of any and every nature and kind what so ever, now in the store building occupied by The Hoyt Drug Co., and conducted as a drug store at No. — Main street, city of Washington, N. C.

The undersigned reserve the right to reject any or all bids. 10 per cent cash deposit required at sale by successful bidder. Terms of payment cash unless otherwise agreed at sale.

Property will be offered in lots of kind, separately and in bulk.

This July 8th, 1913.

E. H. MOORE, Assignee.

N. L. SIMMONS, Attorney.

Private sale of above property will be considered at anytime. See E. H. Moore or N. L. Simmons.

Irish flies.

15. One fly killed in May is equal to 100 killed in June or 10,000 in July or 1,000,000 in August.

Do you not think it is time some were being killed? I destroy from 5 to 10 thousand each week. Could you not do as well? Try it.

VICTOR G. WILLIAMS. (The End.)

Lemonade a Germicide.

Lemonade made with soda water, seltzer or carbonic water is one of the most perfect germicides that can be taken into the body, according to the London Lancet.

16. Long has known that water charged with carbonic acid gas loses after while what bacteriological activities it possessed.

17. Many deaths are due to affections brought on by eating food which has been poisoned by flies.

18. More flies are destroyed in towns and cities than in the country, because places in which they breed and thrive can be reached and more effectually exterminated.

19. Practically all the deaths caused by flies are in the rural sections where their breeding places can not be successfully eradicated.

20. Flies should be kept out of the home by means of screen doors and windows.

21. Those that get in should be caught by means of various mechanisms.

22. A fly-less home bids well for a healthy family.

23. Every member of the family can be a fly-fighter—swat the fly every time you can.

24. The State Board of Health will furnish full information regarding the same.
