**AUTO SPEEDING.**

A gentleman arrived in this office this morning and asked us to kindly warn automobilists regarding speeding at night. He stated that a number of cars passed by his house, near the corner of Bonner and Fourth streets, at a high rate of speed after dark. There are a number of children, who have had several narrow escapes at this corner and it is time that the speeding was stopped before some fatal accident occurs. Several complaints have also been received regarding the blowing of horns by auto drivers. Some seem to make it a practice of blowing their horns, whether necessary or not, while others are very careful in seeing that their hand never touches the bulb. There is a "happy medium" which the Washington people would be glad to see the automobilists keep to.

**EPWORTH DEFEATS LOCALS**

(Continued from Page Three.)  
doug Warren hands out. Before this, our "snake kick" has been made against any of his decisions.

The blinds were strong in the Epworth line-up. Five of 'em.

Wesman battled for Wallace in the eighth. He knocked out a stinging grounder between first and second, which would have been a hit seven times a week. Hoye made a firing leap for it, knuckled it down and threw it out of play. It was the best fielding he has seen yesterday.

Almost on a par with it, however, was a catch made by Walker in the ninth. He pulled down a wild throw of "Bent" in great style.

The game was a fine one, however, Washington is going to win a mighty few games unless a good pitcher is obtained. Bland has been knocked out of the box twice, while even Detroit is doubtful that he isn't a regular pitcher. Give Washington a first-class writer and bolster the infield to a little and we'll come out on top. The overall with Taylor, Carroll and Hoye to take care of it. Looks mighty good.
