Washington Takes First Game From Whitakers By Score Of 9-1

BARNES PROVES EFFECTIVE AGAINST VISITING TEAM AND ALLOWS ONLY FOUR HITS.

Joyner and Horton, the New Men in the Line-up, Showed up Good Both in the Field and at the Bat. Washington took the first game from Whitakers in the two game series by the score of 9-1. Hard hitting on the part of the locals and several errors made by the visitors at telling moments were the cause of the one sided score. Washington got right down to work in the second inning, when they scored six runs on five hits. Every man batted in this inning and Barnes, who batted twice, made two hits in the same inning. The latter pitched a great game for the locals, allowing only four hits and striking out nine men. Whitakers scored their lone tally in the eighth. Teel reached first on P. Brown's error and scored on Hobgood's hit. Joyner and Horton, the two new men in the line-up, made a good showing both at the bat and in the field. No errors are marked against them and Horton made two safe hits out of three times up, while Joyner nabbed one out of three, and that a whang of a two bagger. Both teams will play here again this afternoon and the game will be called at 3:30 in order to allow the visiting people from the country to see the contest. Brown is scheduled to do the twirling.

Kinston, Aug. 5.—The chamber of Commerce of Kinston has taken active steps looking to a union depot for the city. At a meeting of the board of directors last night the matter was discussed at length and it was decided that the body would ask the corporation commission to take action requiring the erection of the station as soon as the organization completes the preliminary arrangements. One site in east Kinston is available for grounds for the union station, and W. G. Field, W. D. LaRoque and Clarence Oettinger, representative business men, were appointed a committee to investigate the desirability of other properties. The committee will report to the board of directors at another meeting to be called during the month. The union station would be used by the Atlantic Coast Line, Norfolk Southern and Carolina Railroad Companies, the latter with two lines entering the city. The chamber of commerce will insist upon adequate depot facilities and trackage when the station is built.

Mexican Situation Stirs Washington

Crisis expected when Lind arrives at Vera Cruse tonight.

Washington, D. C., Aug. 5.—The capital is stirred over the Mexican situation today and it is expected that within the next two or three days the United States will either be at war with Mexico or the situation will have definitely and amicably been settled. A message was received in Washington from Mexico stating that unless John Lind, personal representative recognizing the Huerta government, his presence would be undesirable. Secretary Bryan has been in conference with President Wilson for several hours yesterday and today and it is known that Mexico formed the subject of their discussion. Bryan stated that the statement, relative to Lind is based on misrepresentation on the part of foreign officers for which the United States is not responsible. Mr. Lind will arrive at Vera Cruz this evening.

GOTHAM NEWS AND GOSSIP
New York, Aug. 5.—New York most surely has no ground for complaint against the editorial mention she is receiving in the newspapers throughout the country. The state administration is torn by scandals and the city government is a continual pot-pourri of "you-dids" and "I-didns." Outsiders hear so much of the unpleasant things that they seem to think that no good can come out of New York, so it could not come out of Gotham. To disabuse the nation's mind of this idea, patriotic New Yorkers are forming a committee to show what is accomplished in this city every year by the civic clubs, the churches and charitable organizations. It is a formidable array of facts and figures and when published will prove the contention of Gotham's natives, that after all, there is no place like little old New York.
