TO RAISE FUNDS FOR BUILDING CHRISTIAN CHURCH

EVANGELIST ORIGIN TO ENDEAVOR TO RAISE BALANCE NECESSARY FOR PAYMENT OF LOT.

\$1800 DUE ON LOT

PLAN TO BUILD \$25,000 BRICK STRUCTURE AT CORNER OF SECOND AND HENNING STREETS.

Towards the close of the present revival meeting Rev. C. L. Organ will make an effort to raise the amount still due on the lot purchased by the Christian Church at the corner of Second and Henning streets and will also strive to start the building fund.

The lot was purchased by the Christian church about a year ago for \$4,000. \$2,000 of this amount has been paid and is encumbered to raise the remaining \$1,800 in anticipation of building by January first.

It is planned to erect a \$25,000 brick structure. One-half of this amount must be raised before active work can start on the building.

COST OF MALARIA IS HEAVY IN GREENSBORO

STATEMENT GIVEN OUT BY DR. HATFIELD SHOWS THAT COST, DURING LAST YEAR, IS \$68,000.

Dr. T. Little of Greensboro has prepared a statement showing the cost of malaria in that city during the past year. There were 1,500 cases and four deaths due to this sickness. A canvass of the wholesale and a sufficient number of retail druggists to get an average, shows there were sold 1,600 ounces of quinine in this same territory. The following items seem very conservative:

WOULD CHIEF FOR MURDER CONVICTION.

Chillicothe, Ohio, Aug. 22.—Mrs. Clark Jackson, who killed her former husband, who was traffic officer Peter Schiller, and whose case has aroused widespread interest, has a preliminary hearing today. The woman emphatically asserts, "Oh, if I could cry I am sure it would help me."

Dry-eyed and trembling, she seems unable to realize that she has been

Third Game Is Walk-over For Aurora Team

VISITORS RUN AWAY WITH VBS. TONIGHT'S CONTEST.

SCORE WAS 11 TO 3

EMBORN BY LOCAL PLAYERS PRINCIPAL CAUSE FOR TOP SIDED SCORE.

Although they made a valiant attempt to tie the case on the Aurora team yesterday, the locals were unsuccessful and were defeated by the score of 11-3, the worst yet.

The local team put up the poorest exhibition of base ball that they have shown in some time. Ten errors are chalked up to their credit or rather discredit. Ward, of Williamsport, did the pitching for Washington and with any kind of support in back of him, ought to have won his game. He struck out eleven men and allowed ten hits. Nearly half the hits were made in the last inning, after the locals had given up all hope of winning.

Washington scored two runs in the fourth, when Evans had a weak spell. They filled the bases and the Aurora twirler forced in one run by walking Ward. The other run scored on a hit. Their other tally was made in the seventh on a two-bagger and two singles.

Aurora put up a dandy game from start to finish. As the two teams stood yesterday, it appeared to the spectators that the visitors outclassed the locals by quite a bit.

Carrow and Floyd led in the hitting, Herman getting two out of four and Floyd two out of five.

The Summary

EXCELLENT DANCING ACT AT THE LYRIC THEATRE TONIGHT

Eddie Reeves and Myrtle Miller opened a show day engagement at the Lyric last evening in a singing, talking and dancing act. The artists' initial performance was very much appreciated and received well-deserved praise. The main feature of their act was the excellent dancing of the two performers.

The program today consists of new photo plays and uses of excellent quality with enough comedy to furnish laughing material for an evening's entertainment.

The regular Saturday matinee takes place tomorrow from 3 to 5, at 1000 Broadway, and is open to all.

In addition to the vaudeville and motion pictures at the matinee, they will show all the photographs of the babies that was shown last Saturday. These photographs of the baby show will be a new feature on the Saturday matinees, and each and every one will have the opportunity of seeing their photo on these dates. The admission prices are 5 and 10c for the matinee, and 10 and 20c for the night performance.

BABY CONTEST TO BE HELD IN RALEIGH

WASHINGTON CIVIC CLUB ASKED TO RENDER ASSISTANCE.

Contest to Be Held at State Fair. Prizes to Be Awarded for the Most Perfect Babies.

The State Board of Health has written the Civic Club of Washington asking for its assistance in the "Baby Contest," which the board is endeavoring to inaugurate.

These contests have been conducted with great success in other states and the Board of Health is confident that it will meet with the same success here.

The contest is not a beauty show in any sense of the word. It is a health contest. The babies are screened, scored and judged by experienced physicians. There will probably be from \$250.00 to \$400.00 expended in prizes. This is only an incidental matter, however, the main object being to get the mothers and teach them how to raise better babies. The contest will be held at the State Fair.

The local Civic Club is expected to do all in its power to aid the Board of Health in the contest, and it is hoped that some of the mothers in Washington and Beaufort County will enter their babies in it.

To all who would like to spend two days at Norfolk and the seashore will have an opportunity to do so by going on A. L. Pettey and Company's Excursion. They will run a fast special train Tuesday, the 24th, leaving Washington at 9.30 a. m., returning leave Norfolk at 11.30 p. m. Wednesday, the 27th. This will give you two nights to visit the summer resorts. This is our tenth excursion and we have never had a fight or an accident on a train that we have conducted. We will have plenty of room for all; we will have a car placed in Washington for the benefit of the people here. Fare for round trip \$3.00. Children from 6 to 12 \$1.50.

WILLARD YOUNG FIGHT

Los Angeles, Cal., Aug. 22.—Jess Willard and "Bull" Young, Caucasian aspirants, battle for twenty rounds in the Vernon arena tonight. They are rated as two of the largest and strongest "White Hopes."

Willard and Young met twice before, Willard winning each of the short duration bouts.

Young's manager, Harry Gilmore, Jr., however, hopes his "hope" will have better fortune in a long distance battle.

WOULD PROTECT AMERICANS WITH U.S. TROOPS

SENATOR PENROSE INTRODUCES RESOLUTION.

Wants Troops in Mexico to Protect American Lives and Property.

Washington, Aug. 21.—Senator Penrose today introduced a resolution requiring President Wilson to take the necessary steps to place United States troops in Mexico to protect American lives and property, such a step to be decreed by the Senate as in no way an unfriendly act toward Mexico.

Senator Penrose also introduced an amendment to the deficiency appropriation bill for an appropriation of \$25,000,000 to be expended as the President might direct for the protection of the lives of Americans in Mexico. He made no effort to secure immediate action upon his resolution and, at the suggestion of Senator La Follette, it went over a day.

A concerted effort on the part of Republicans and Democrats to support President Wilson in his Mexican policy and to carry to the world the definite idea that the President has the full support of the American people, at once became apparent.

The disciples of Christ of this city are making a splendid growth in their Bible school work and church work. Rev. R. V. Hope has and is accomplishing a fine work in this city.

There will be a picnic for the young ladies and girls Saturday afternoon. All meet at the Tabernacle at two o'clock. Mrs. Organ and Mrs. Howe are especially interested in this. A great service is planned for tonight. Hear the Organ Evangelistic Company tonight.

AUTO CHUGS AND SPURTS

A one mile auto track in the center of the city is under consideration by Atlanta, Ga.

Rebt. Perkins is the designer of a new automobile, soon to be manufactured in Detroit. The new car will have an exceptionally long stroke motor and will be a runabout with several features.

Three Packard Company experimental cars have completed a testing trip from Detroit to San Francisco. The engineers in charge followed the trail of the "forty-niners" across the plains, turned south in Utah, going through Salt Lake City and around the lower end of Salt Lake.

The Kessler-Detroit Motor Car Company is planning the construction of a car to embody the motor power being tested by them of 3 7/8 inch bore by 4 7/8 inch stroke, and about 60 horse power. Mrs. Kessler and H. C. Brooks, Jr., are active in the company.

The police of Boston are on the lookout for motorists who have adopted the new fad of having lights on the sides of their machines show green and red like those used on a ship at night. Complaints have been made that the use of these lights has resulted in many accidents from mistaking the red light for the real light. Under the law cars must carry two white lights at night.

It is expected that a large number of good roads enthusiasts will assemble at Detroit for the third American road congress to be held there September 29 to October 4. Reports are that the number of visitors to the forthcoming convention will exceed those last year at Atlantic City, when more than 3,000 delegates were present.

To carry out the preliminary work of the convention special committees have been appointed. Rev. D. Chapin, president of the Hudson Motor Car Company, is general chairman of all committees, while James Cousins, secretary and treasurer of the Ford Motor Company, is chairman of the city reception committee. E. La Follette is chairman of the press and publicity committee. The finance committee is headed by William E. Metzger and Robert K. Davis is secretary of it.

AGRICULTURE MOTORS ON VIEW

Soleaux, France, Aug. 22.—The Association Française Motoculture (French Association of Mechanical Cultivation) began a series of exhibits here today. The occasion marks the second international congress of cultivation by machines showing the agricultural motor and the advanced methods applied to cultivation. There will be an agricultural and a mechanical section, combined therewith a grand international competitive exhibition of mechanical cultivating machines, at which the agriculturists may see for the first time a number of new machines.

Dr. Henry C. Carter To Lecture Tonight

"SUCCESS" IS WATCHWORD OF GREAT REVIVAL MEETINGS

TWENTY-NINE HAVE ALREADY COME FORWARD AND CONFESSED THEIR FAITH.

Twenty-nine have come forward already in the Christian revival at the Tabernacle. Several were baptized last night previous to the meetings. The audience was a record-breaker last night for a week night audience. The interest was intense. The illumination harp was used last night to the delight of all lovers of beautiful music.

The plans are all made for the big meetings Sunday. The Bible school at 7:45 promises to be much larger than last Sunday. Word has been received from Wilson, New Bern, Trenton, LaGrange, Ayden, and other places along the river of people who are coming in large numbers to attend the meetings of National Evangelist C. L. Organ. Washington is being canvassed for new members for the Sunday school rally. The mark is set at 1250.

It is the aim of Dr. Carter to give a different lecture in each place he visits, making his address fit local conditions. He stated this morning that it would be out of the question to deliver a lecture at Elizabeth City and then say the same words here. Local conditions require different remedies and it has always been the practice of the Doctor to make a thorough investigation of the condition of the places he visits, before making his addresses or suggesting remedies.

This morning, accompanied by Dr. J. C. Rodman, Mayor Kugler and others, he traveled through the different streets of the city and made notes of the conditions he observed here. He will bring up the important points of his investigations at the meeting tonight.

The meeting tonight will start at 8 o'clock. It is hoped that every citizen who can possibly do so, will attend. Ladies are especially invited to be present. Dr. Carter will illustrate his talk by a series of lantern slides, showing the different kinds of mosquitoes which bear malaria and others that do not.

Dr. Carter entered the health service in May, 1879, and has been an important figure in it since then. His work in Panama is well known. He was stationed there for about six years and was second in command. He has charge of all the hospitals and asylums and did much for the betterment of health conditions there.

He will leave here Sunday morning. The next place of his lecture has not been decided upon as yet. He will either go to Greenville, or direct to Raleigh.

Dr. Carter is accompanied and assisted by Dr. J. C. Rodman of this city in his trip to the various cities in this state.

Famous Health Expert to Make Address at City Hall at 8 O'clock

Will Give Lecture on Causes and Prevention of Malaria in Washington and Beaufort County.

Dr. Henry R. Carter, senior surgeon of the U. S. Public Health Service, is in the city and will lecture at the City Hall this evening at eight o'clock.

Dr. Carter, who is probably one of the best known health experts in the country today, is lecturing in the principal cities of this section of the state on the causes and prevention of malaria. He has already made addresses at Elizabeth City, Hertford, Edenton and Plymouth. At all of these places, the lectures were well attended and received with great interest.

EMPLOYMENT AGENCY IS STARTED

G. W. SAUNDERS, UPON SUGGESTION OF PROMINENT LADIES, OPENS EMPLOYMENT BUREAU.

MEETS WITH APPROVAL

Idea Is a Capital One and Will Fill a Long Felt Want in This City.

Upon the suggestion of several of the prominent ladies of the city, G. W. Saunders has opened an employment agency at his office on the corner of Respass and Fifth streets. The object of the agency is to supply the households of Washington with help upon short notice and to also provide reliable and trustworthy people, who are already on the outlook for work and are willing to remain at work after a position has been provided for them.

The housekeepers of Washington have always found it difficult to procure help when needed and it is believed that the employment agency will fill a long felt want.

Everybody who has been seen in this matter has promised to register in the agency. The fees are fifty cents for six months. Upon payment of this sum, all that is necessary is for the lady, who is in need of a servant, to telephone to Mr. Saunders and the required person will be sent immediately.
