HUNTERS WANT LICENSES

Pennsylvania Highway Department Believes 150,000 Will Be Needed. Harrisburg, Pa., Oct. 3.—Officials of the state highway department believe that close to 150,000 hunters will be licensed by the time Nov. 1 rolls around and deer hunters commence to prepare for sport.

The first order of licenses called for 130,000, and in a dozen counties requests have been made for more. Rush orders have been given to the printers to get out more papers, and it is hoped to make a further shipment in a few days.

In some of the counties 2,000 hunters have been granted licenses, and the way in which applications are being made for camping sites on state forests reservations indicates that there will be big times in the hunting field.

Baby Eats Grass For Four Days. Erlone, Minn., Oct. 2.—Beulah Ganshorn, the three-year-old daughter of William Ganshorn, who had been lost for four days, was found under a pile of brush in the woods far from her father's home. The child lived on grass and herbs, she told her parents. Large posies had been searching for the child, the belief being general that she had been carried away by a leopard that escaped from a circus some time ago.

To Elect Yuan Shi Kai. Peking, Oct. 1.—Announcement was made that the national assembly has decided to elect President Yuan Shi Kai to a term of five years. This will be the first "constitutional" election in the Chinese republic and probably will take place Oct. 10, unless frustrated by the imperialists, who are plotting to restore the empire.

Continued from page 1) million out of an average world's supply of 2,500 million bushels is consumed in the corn-importing countries, but the surplus this year is so reduced that it's a question whether any such quantity can be spared.

A Question of Distribution. "Therefore it is only necessary to distribute and market the supply of grains gradually and evenly through out the coming six to ten months to supply the demand without artificially reducing prices," says Orange Judd Southern Farming. It adds: "In view of the increasing population and general resumption of industrial prosperity throughout the world, the demand for these crops should be even better in the coming month than usual."

Future of Grain Prices in America. "A careful analysis prepared by the Orange Judd service bureau shows that the price of grain in the United States and Canada is more closely connected by the supply and demand than by the world's supply or demand prices," remarks Southern Farming, adding: "The area of fall wheat and other grains will be greatly increased this month throughout the South as a result of the worldwide shortage. Next year will see more acres devoted to corn and small grains in the South than ever before."

The Family Cough Medicine. In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Stid., of Masor Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50c bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Price 50c and \$1.00. All druggists. H. E. Bucklen & Co., Philadelphia and St. Louis.

BUILD IN WASHINGTON PARK

For Health, Pleasure and Comfort, it's the Place to live. It's the Place for Investments.

Situated Washington Park is delightfully situated on the north side of the Pamlico, a little down the river from Washington.

Sandy Beach Washington Park has the only near high land river shore to Washington.

Breezes Being on the north side of the river Washington Park is just right to

catch the much sought-after, refreshing southern summer breezes as they sweep over the cooling waters of the broad Pamlico in summer. In winter the breezes are from the land.

Wide Avenues the avenues of Washington Park will be 90 feet wide, giving ample room for three rows of shade trees, one on either side and another down the center, making it most attractive.

Water A pump driven 50 or 60 feet in Washington Park brings forth healthy water,

clear as a crystal and as sweet and pleasant as the morning's dew.

For Good Folks Washington Park is to be an exclusive, restricted high class residential section. Not for rich folks, not for poor folks, just for good folks.

No Darkies No darkies can own or rent property in Washington Park. Such a restriction is essential to a high class white man's section.

No Business Washington Park is to

be strictly a residential section where no manufacturing or business will be allowed. Such a place is best to raise your children.

River Shore Park Along the river shore we have reserved ample grounds for parks. The people owning lots in Washington Park will virtually own this water front. Don't you think it will be the grandest suburb in the state?

Other Parks There are to be other parks in the property giving play-

grounds for the little folks. This will please the mother, won't it?

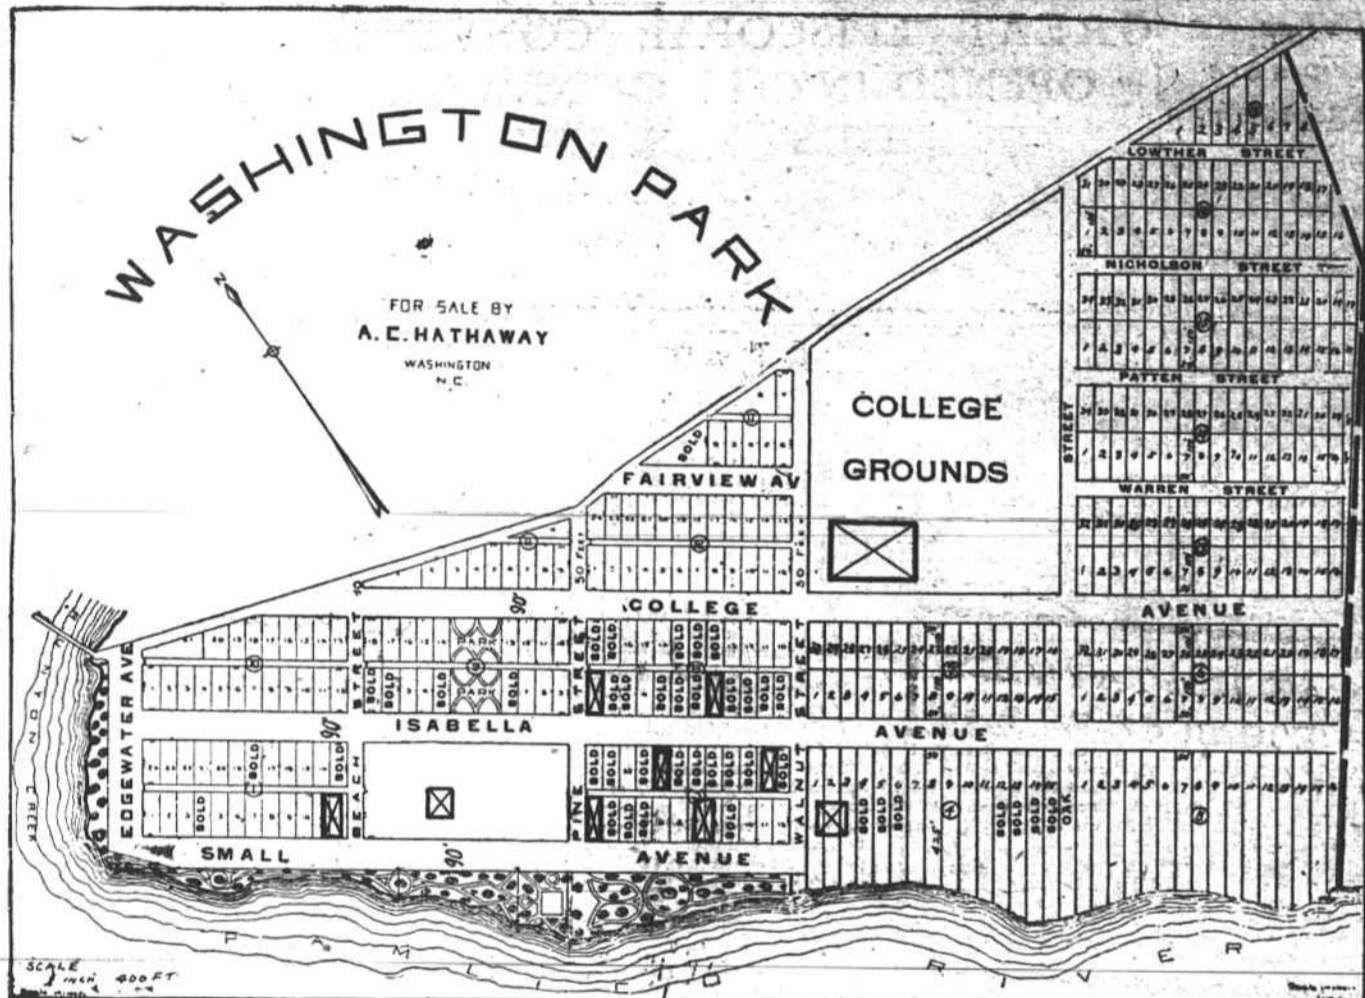

Houses No shanties or box-looking houses will be allowed in Washington Park. This insures that your house will not be damaged by undesirable houses on either side of you.

Surrounding Washington Park gives to the housekeeper the best opportunity to insure pleasant surroundings of any place in Eastern North Carolina.

SCHOOL—There is to be a school in Washington Park which will give your children the highest education. If you'll see and study Washington Park.

YOU'LL WANT TO LIVE ON WASHINGTON PARK

and get the advantage of the raise. Washington Park is the place you can enjoy every day of the year. Pleasant in summer, delightful in fall, buoyant in winter and picturesque at all times. Such a place as to find recreation to both mind and body will give health and add years to your life. No disease carrying dust. No pent-up houses. No dust keeping the housewife forever toiling, worried and sick. Here one throws wide the blinds, letting in light and sunshine, air yet no multitude of strange, staring eyes prying into your house as one seeks comfort, or the wife looks at

ter daily household duties. Here your home is as it should be, "more private," giving the housewife more freedom, purer air, less work, less worry, much restful time, therefore better health. Come! Live in that place prepared for high quality people to live a high quality life. The desirability of Washington Park both as to location and restrictions is such as to cause it to be rapidly built into the most desirable residential section of Washington. Attractive homes are there at present. Others are being erected. Many more are talking of building.

All will find to once live and learn the true pleasure in a home in Washington Park they will never want to live elsewhere. You know in the cities it's a recommendation, both as to a person's good judgment and high social standing to be able to say, "I live in Ghent." "Twill be thus in Washington Park." Select the lot you want, mark it with \$190.00 to the following slip, sign your name and address and mail to me today. Do this at once. If the lot you select is sold I will call on or write you and advise you which lots you can get or return your cash payment.

A. C. HATHAWAY, Washington, N. C. I desire to purchase lot or lots Nos. in block in Washington Park at \$ and herewith hand you \$10 which is to be credited on said lot, or lots provided it has not been sold and the restrictions are agreeable to me; if not, this \$10 is to be returned to me.
