

CITIZENS WITH SHOVEL AND PICK WORKING THE PUBLIC ROADS

Obey the Proclamation of Governor Craig in a Way to Command Admiration. Dirt has Been Flying in All Directions all Day. Old and Young Touch Elbows

Beaufort county touched elbows with her sister counties today in shovelling dirt and the way it was done by the citizens would challenge the admiration from Governor Craig if he could have been on the spot. Doctors, lawyers, preachers, merchants, rich and poor, bond and free, left their respective residences and went to the roads with pick and shovel to carry out the wishes of the state's chief executive. They did good work too. The citizenship of this section did itself proud in and around Washington and from reports received by the Daily News at press hour—all over the county the citizens were out in full force. North Carolinians always can be counted on whenever the emergency calls; they responded in the sixties for home and native land and in this year of grace 1913 they have again answered the call. Then it meant bloodshed—now it was a peaceful fight the goal being the improvement and betterment of the roads in the good old state. Today, "tramp, tramp, tramp, the boys are marching. Roused by patriotism's fires, Duty calls, they will obey; Win the fight of peace today, Adding honor to the glory of their sires."

When you see such citizens as Congressman Small, H. B. Ward, W. H. Call, Walter Credle, A. C. Hathaway, Capt. Leach, A. M. Dumay, Dr. Carter, J. K. Hoyt, Dr. Taylor, Dr. Nicholson, Dr. Rodman and many others shovelling dirt for the cause of Good Roads this paper can well say the Good Roads Days in North Carolina is a success. Mr. Harry McMullan, a promising young attorney of the city, has worked hard for the success and he deserves the thanks of all citizens for the efforts he has put forth. It would not be a bad idea to let tomorrow's sun set and the second day of the Good Roads Days has been made history to invite the Good Roads Governor to this section and let him see personally how well Beaufort county citizens did their part of the task assigned to them. Old Beaufort county always "gets there."

The silver haired citizen seemed to be as young as vigorous as his juniors, and threw dirt in a way to cause admiration. Enthusiasm seemed to prevail and the toilers went at their task early and worked late. Main street presented quite a novel sight early this morning. Citizens, young and old, wending their way to the different roads leading out from the city with shovel and pick and inquiring where they were expected to begin. The only misunderstanding the paper man overheard occurred at the corner of Main and Market streets when Rev. W. H. Call, Walter Credle, Claude Jor-

RESOLUTIONS OF RESPECT

Whereas, the great and supreme Ruler of the universe, has in His infinite wisdom removed from among us, one of our worthy and esteemed fellow laborers, David Potter, and whereas, the long and intimate relation held with him in the faithful discharge of his duties of the Baraca Class, makes it eminently fitting that we record our appreciation of him, therefore, Resolved, That the wisdom and ability which he has exercised in the aid of our class by service, contribution and council, will be held in grateful remembrance. Resolved, That the sudden removal of such a life from our midst leaves a vacancy and a shadow that will be deeply realized by all the members and friends of the Baraca Class, and will prove a serious loss to the class. Resolved, That with deep sympathy with the bereaved relatives of the deceased we express our hope that even so great a loss to us all may be overruled for good by Him who doeth all things well. Resolved, That a copy of these resolutions be spread upon the records of the Baraca's and the school at large, a copy published in the city papers, and a copy forwarded to the bereaved family. GRIMESLAND VOTES \$10,000 FOR SCHOOLS

The citizens of Grimesland, N. C., voted yesterday \$10,000 bonds for the purpose of erecting a brick school building. The building will contain six rooms with an auditorium. There was no opposition to the measure at all as every voter cast his ballot favorable with the exception of four registered who could not see to the polls—these four would have cast ballots for the issuing of the bonds. Thus Grimesland takes her place among the towns in North Carolina believing in affording comfortable and presentable quarters in which to teach the children an education and fitting them for their life work. The school is known as the Grimesland Graded School, incorporated. Great credit is due to the teachers of this school for the way the citizens voted. Every member of the faculty has done valiant service and hard work in getting the people aroused to the necessity for a modern school building and now that their efforts have been successful they can receive the congratulations of all. Miss Annie Lawrence of Ayden, N. C., is at the head of this excellent institution of learning. She is ably assisted by Miss Britt of La Grange, and Miss Pittman of New Bern. They have worked hard and deserve the reward they have received by the people responding so nobly and generously to their appeal. Education in Grimesland for the future looks propitious. This paper congratulates this thriving town upon its great step forward.

"SHEPHERD OF THE HILLS" ATTRACTION HERE NOV. 13

Harold Bell Wright, the author of "The Sheppard of the Hills," "The Calling of Dan Matthews" and "That Printer of Udell's," has made, in collaboration with Elsbury W. Reynolds, a dramatization of his most popular story, "The Shepherd of the Hills." The play has received an excellent production from Gaskill and McVitty and Manager J. L. Capehart of the city. The new theatre has secured the original cast and production for this theatre, Nov. 13, 1913. "The Shepherd of the Hills" is a splendid story of real life among the Ozark hills of Missouri and Arkansas. If you go there you will easily find a Mutton Hollow, a hill like Dawey Bald and people like Sammy Lane, Young Matt, Mad Howard and Father Howitt. Clinging to the beautiful story, simply told, is the very atmosphere of the life of the picturesque region which is so sadly unfamiliar to the travelers in search of new scenes. It is a clean and strong play, well worth seeing many times. The critic on the Milwaukee "Sentinel" says of "The Shepherd of the Hills," the dramatization of Harold Bell Wright's famous novel, which has been made into a play by its author with the assistance of Elsbury W. Reynolds. "Those who love a quiet, restful story will rejoice in 'The Shepherd of the Hills.'" It is like a beautiful October afternoon, with the calm and beauty of summer, tempered by the cold breath of the yet distant winter. "The Shepherd of the Hills" will be the attraction at the New Theatre on Thursday Night, Nov. 13.

D. A. R. Musicale Last Evening Was a Conspicuous Success

The musicale at Mrs. John K. K. Hoyt's last evening was a most delightful affair and greatly enjoyed by the cultured audience present. Too much praise cannot be given Messadames Williams and Barnes under whose management it was gotten up. Special mention must be made of the beautiful numbers rendered by Miss Smith of the Methodist College at Washington Park, her voice and method are of the highest quality; and Miss Butler of the Washington Public School charmed the audience with her lovely vocal solos; the duet given by Miss Smith and Miss Robena Carter, accompanied by Mr. Wright of the Methodist College was delightful as was also the solo by Miss Bessie Conolly Mr. Edmund Hoyt Harding captured the audience with his solo rendered in his inimitable style, and our old favorites, Messrs. Potts, Shaw, Stewart and Smith gave pleasure to every heart by their melodious rendition of the songs of long ago. The musical by Little Miss Leonora Stout was as sweet and captivating as the little lady herself. Mrs. Barnes and Mrs. Williams with their well known skill added greatly to

the program by their fine selections. Two colonial ladies, Misses Mary V. Bonner and Elizabeth Simmons, that is, they were gowned in antique costumes—heirlooms of the Blackwell and Howard families, received the guests at the door, and instead of a silver salver, presented a large and handsome pewter teapot in which the silver coins were deposited. This old pewter teapot has an interesting history. It was used on a large British merchant ship that was captured in the war of 1812 by Capt. Otway Burns, of the privateer, "Snapdragon." The British ship was towed up to New Bern, and there dismantled, when Capt. Burns presented the pewter teapot to Mr. Sylvester Brown, a hat time collector of the port of New Bern, and it has been preserved by his descendants as a valued relic. Mr. Sylvester Brown was the father of our late esteemed citizens Messrs Sylvester and George H. Brown, and Mrs. Hannah H. Hare. The D. A. R. wish to thank their gracious and hospitable host and hostess, Mr. and Mrs. John K. Hoyt and each and every one who so kindly assisted them on this occasion. The sum of \$16 was realized.
