

The very name "Talking Fisture" suggests the impossible. How can pletures talk? Who would aver con-ceive the idea of making them talk but the great inventor Edison? That is what the Winard has succeeded in doing. The latest projuct of his genius will be exhibited at the New Theater tonight and Edurday sight, with matines Baturday alternoon. At this time the people of Washing-ton will have the first opportunity of witnessing the greasiest vageville attraction of the year's in the lead-ing vaudeville housen of the great

ing vandeville houses of the great cities, Edison Talking Pictures have mystified and delighted thousands and thousands. In England the fame

of the Talking Pictures spread so

broke one of the rigid traditions of

apidly that the King and Queen

the royal family and attended a pri-vate performance of the Talking

lence is broken down and the char-acters speak in their own voices.
