A PUBLIC LIBRARY.

The Washington Public Library is doing a work in Washington in a 'class within itself. During the past three years the good it has accomed for the educational plished for the educational uplift of the community stands out in bold relief and that its future is propi-tious goes without saying.

The finance committee of this in-stitution are now more encouraged

than ever and if the citizens only raily to them it will not be many months before a library building is commenced and the library hous commenced and the library housed in quarters suitable to its demands. The work of a public library in a community is surely far-reaching especially to those of the community ageneration. To be a community abreast of the times we must be a community of readers and there is no avenue so essential towards the accomplishment of this end skin to accomplishment of this end skin to accomplishment of this end akin to a public library. The library in Washington is in excellent hands and its work is certainly one to be commended. Every citizen wishing to aid in its progress should contrib to the erection of a suitable building, Let the work start at

COUGH LASTED

BUT BEAR'S EMULSION FINALLY CURED IT.

Read the Testimony of Mr. H. B. C. Gentry, the Well-Known Postmoster at Elkton, Va.

Dr. John D. Bear, Elkton, Va.

Sir:—About S years ago I con-tracted a bad case of pneumonia which left me with a cough. At first I paid but little attention to it, be ing elated over my recovery, which had been regarded unfavorable by my physician,

The cough continued to annoy me up to 4 years ago, when my physician advised me to use Petroleum Emulsion prepared by you. I did so, using three bottles when I had been so much benefitted that I discontinued the use of it. Since that time I have used several bottles during the winter, and at such times as when affected by colds. I have been completely cured of the cough.

Very respectfully,

H. B. C. Gentry.

In the log cabins in which Klondik-ers live it has to take its chance along with boots, cooking utensils and pro-visions, waiting to be transported by the most expeditious route. Any re-ceptacie, it seems, is good enough to bold gold. Old tobacco cans and fruit and regetable cans stand full of nug-gets on the shelves, and sacks of gold dust are flung upon the floor. On one-occasion a little pack train of three mirles brought to Dawson

or three miles brought to Dawson City \$120,000 worth of gold in common sacks, over which the mile driver, acting on his own responsibility. fastened a hit of salicioth, lest a mule failing on a rock or against a branch should accidentally rip open a sack and spill the contents. The whole lot was thrown with other goods into the packer's office and left there until the following morning.

At another time \$40,000 worth was sent down on one horns. The packer in charge did not know who had given it to him and there was no sign of ownership attached. It was identified by the fact that, within the larger sack of dist was a small sack of puggets.
