

TO MARK GRAVES OF SOLDIERS WITH SUITABLE HEADSTONES IN OAKDALE CEMETERY AND THE COUNTY

Work To Be Done By The Daughters of The Confederacy of This City.

As already known Pamlico Chapter, Daughters of the Confederacy, are planning to mark the graves of all Confederate soldiers in the city and county now unmarked, with a suitable headstone. They are now actively engaged in securing funds for this worthy purpose and the prospects are more than propitious for success. In all probability the stones will be placed at the foot of each grave. Below is given a list of Confederate soldiers now buried in Oakdale cemetery. If any names have been omitted by mistake, the fact should be made known either to Miss Lena Windley, the president of the chapter or to Mrs. H. W. Carter, one of the chapter's active members. Before the graves can be marked, however, the chapter desires permission from the relatives of the deceased to do so. The list follows:

- Children's monument, Lieut. Howard C. Patrick, Maj. Augustus Blount, Thos. Sparrow, Dr. John McDonald, Capt. Macon Bonser, Dr. C. M. Payne, L. H. Satterwhite, Capt. B. L. Moss, Sam Jones, Capt. E. Oats on the Flavor of Milk

Tested By The Department

Washington, D. C., March 18.—The Department of Agriculture recently reported the result of experiments to test the effect of oats on the flavor of milk. These experiments showed that oats do not have the beneficial effect on the flavor of milk which many dairymen believe. But as corn and bran constituted the ration tested against oats, the public has gained the impression erroneously that the Department recommends the feeding of corn and bran to improve the flavor of milk. Of 50 opinions expressed regarding the flavor of the samples 25 preferred the milk from cows fed corn and bran. As 14 preferred the milk from cows fed oats and 9 expressed no choice it does not appear that either ration has any decided advantage over the other. There can be no great superiority in the bran and corn when one-half of the opinions were either indifferent or were in favor of the other milk. In view of these experiments the Department does not recommend the feeding of bran and corn to improve the flavor of milk. Oats, corn, alfalfa hay, cotton seed meal, linseed meal, bran, gluten and other good feeds in reasonable amounts produce a fine-flavored milk, but there is no substantial evidence that any one of these is superior to any of the others in this respect. The relative prices of the different feeds will determine in most cases which one to be preferred in making up a ration for dairy cows.

WILL ERECT HANDSOME HOME AT EARLY DAY IN NICHOLSONVILLE

City Attorney H. C. Carter, Jr., is now having plans drawn for an attractive residence to be erected in Nicholsonville. His purpose is to build next to the home of Dr. Louis Mann. Work is expected to be commenced at an early day.

PRAYER MEETING IN ALL THE DIFFERENT CHURCHES TONIGHT

There will be prayer meeting services in all the different churches of the city this evening at the usual hour, eight o'clock, to which the general public has a cordial invitation to be present.

THE MOVIES LAST NIGHT ENJOYED

Another good performance was pulled off at the New Theater last night. "The Three Whalers" were cleverness itself and received hearty applause. The motion pictures were pronounced among the best the management of the theater has presented in quite awhile. The entire performance was much enjoyed by an attentive and appreciative audience. The Joshua Simpkins Company are on the boards for this evening.

MRS. C. C. CRATCH ILL

The friends of Mrs. C. C. Cratch will regret to learn of her indisposition. For the past several days she has been suffering from an attack of tonsillitis. She is wished an early and speedy recovery to health.

TWO TOBACCO WAREHOUSES BE ENLARGED

The Tobacco Warehouse Company, composed of some of Washington's industrious and energetic business men is making plans to enlarge the tobacco warehouses, the work to be completed and ready for the opening of tobacco season. It is the intention of the company to almost double the capacity of the warehouses and in addition to this gratifying information there will be five large storage warehouses erected. Work is expected to be commenced at an early day.

The Washington warehouse will again be managed by Mr. Gravely, while Capt. Lovelace will be in charge of the Beaufort warehouse.

HAVE RETURNED.

Mrs. Richard Bragaw had two children of Lexington, N. C., who have been visiting at the home of Capt. J. G. Bragaw, East Main street left for her home this morning via the Norfolk Southern.

FINED FOR INJURY TO PROPERTY

Two Cases Were Disposed of Yesterday Afternoon By Mayor Kugler.

Mayor Kugler disposed of two cases in his court yesterday afternoon in the city hall. J. S. Brown and W. E. Jackson were before His Worship upon the charge of being drunk and disorderly. They were found guilty and fined \$3 and one-half of the cost each. The above parties were also indicted for injuring property at the Latham House. The court suspended judgment upon their paying the cost of the damage which amounted to \$13.00.

THE DEMOCRATIC CHAMPIONS.

When the Wilson administration needs a champion and a spokesman in the House, it calls on Oscar Underwood; when it needs a champion and a spokesman in the Senate it calls upon Senator Simmons of North Carolina. Yet these men, who do things and who have carried the legislative burdens of the administration, were called a little more than a year ago "reactionaries and enemies of political progress." They were assailed by men who speak with amazing facility, but who can do nothing but speak.

Mr. Underwood was called a reactionary when he was a candidate for president. The election of Senator Simmons to the chairmanship of the Committee on Finance of the Senate was opposed on the grounds that he was a "reactionary." Fortunately the Democrats of the Senate had sense enough not to be misled and so they escaped the embarrassment of having placed in a responsible position such men as Gore of Oklahoma, or Martine, of New Jersey.

As it was the Democrats had true men and strong men in the two big places of the Congress when it needed them. In the House, Underwood engineered the passage of the Wilson measures; in the Senate, Simmons directed their passage. The noisy ones only followed and obtained in.

Now the Democrats have put up Simmons to answer the windy works of California, and he did the job excellently. He put the achievements of the Wilson administration so forcefully before the people of the country that they must acknowledge them. Of Woodrow Wilson he said:

The greatest achievement of Woodrow Wilson lies in the fact that he has restored representative government in this country; that he has taken the government out of the hands of those special interests and laid it once more in the hands of the people; and that the people rule not only at the ballot box but in the United States Senate.

And this was Senator Simmons, too much of a "reactionary" to be allowed to head the Finance Committee, according to the views of some people.

FROM E. F. D. NO. 4

WILL DEBATE HIGH SCHOOL FRIDAY EVE.

Washington and New Bern Will Contend For The Mastery. All Invited.

The first triangular debate for the season among the high schools of Elizabeth City, Washington, New Bern and Kinston takes place next Friday night. In the high school building here New Bern representatives will try conclusions with the Washington debaters. The query will be: "Resolved, That the Constitution of North Carolina should be so amended as to allow the initiative and referendum recall."

Washington will have the affirmative side and the debaters will be Jesse Woolard and Elbert Weston. New Bern will take care of the negative side.

On the same evening in Elizabeth City the same query will be debated and Washington's representatives will have the negative side. The debaters for Washington are Charles Proctor and Hubert Ellis.

The debate is free and every one has a cordial invitation to be present. The occasion promises to be one of interest.

Let's Build in Washington Park.

GREAT DRAMA NEW THEATRE ON TONIGHT

Joshua Simpkins Company Will Be The Attraction. Seats Going With a Rush.

The "Joshua Simpkins" Company carrying their own special scenery, will produce the great pastoral comedy drama of that name at the New Theatre this evening. The piece deals with country life and people, three acts of the play being laid in one of the many quaint villages of Vermont. The second act (in three scenes) portrays Uncle Josh's first visit to Washington City. In the third act a sensational sawmill effect is shown, being nothing more or less than a complete sawmill in full operation, cutting up genuine timber. The saw is a genuine buzz or circular saw and cuts up real timber at lightning speed. During the performance several high class specialties are introduced. Seats on sale at Worthy & Etheridge drug store.

THE CHILD LABOR CONFERENCE CLOSES

Jacksonville, Fla., Mar. 18.—The 10th annual conference of the National Child Labor Committee will close its meeting here today. During the 4 days in which the conference has been held in this city, "Child Labor and Law Enforcement" has been thoroughly discussed.

REV. BETHGA WILLIAMSTON TO PREACH

Another interesting service is promised at St. Peter's Episcopal Church, this city, tomorrow evening when Rev. Morrison Bethga of Williamston, N. C., will be the preacher. Last Thursday evening Rev. Mr. Huske of New Bern, N. C., was the first preacher for the Thursday evening services during the Lenten season.

On account of the evening service the regular afternoon service will be omitted. The services begin promptly at eight o'clock and the rector, Nathaniel Harding, desires a large attendance of his congregation and too the general public. The collection will be for the cause of general missions. Rev. Mr. Bethga is reputed to be a speaker of magnetism and force and no doubt many will take advantage of the opportunity to hear him. Good music. All seats free. Polite and attentive ushers.

PROSPECTS GOOD FOR THE ERECTION SUNDAY SCHOOL BUILDING

WOMAN'S C. T. U. IS CALLED TO MEET ON THURSDAY AFTERNOON

The Woman's Christian Temperance Union is called to meet at the home of Mrs. Olivia Carmalt on Respass street tomorrow afternoon at 3.30 o'clock. All the members are urged to be present as business of importance is to be transacted and discussed.

FOR METHODIST CHURCH HERE AT EARLY DAY

Already Large Sum Has Been Subscribed—Plans Have Been Brawn. Will Cost \$10,000.

BUILDING WILL BE AN ORNAMENT

While architects are now engaged in drawing plans for the proposed new First Baptist church building to be erected on the property recently purchased from Mr. W. E. Morton, the members of that congregation have practically decided upon a plan and the architects have been instructed to follow these lines as near as possible. A picture of the building is very attractive and if the Baptists follow it their new house of worship in design will compare with any similar building in North Carolina. It surely will be an ornament to Washington.

SWAT MR. FLY CAMPAIGN IN APRIL

Will Be Conducted By The City Board of Health. Sometime Next Month.

Mr. L. J. Morel is now in the city in behalf of a new discovery for the killing of flies. Mr. Morel on yesterday gave a demonstration for the benefit of Dr. John G. Blount the County Superintendent of Health, which was in every way successful and satisfactory. Its inventor, Dr. Joseph C. Sheppard of Wilmington, N. C., has the approval of the United States government on this preparation and also the endorsement of the State Board of Health. In April it is the intention of Dr. Morel to conduct a demonstration before the Ladies Civic Club and also the public in this city. He will demonstrate the fly drier and insect exterminator. To this demonstration the public has a cordial invitation to be present and it behooves every good citizen to give their aid and support to the destruction of flies.

As stated in the columns of the Daily News several days ago plans are now being perfected looking towards the erection of a Sunday school building by the First Methodist church congregation. At a meeting of the official body of the church held on Monday night last quite a large sum was subscribed for this purpose by the members present and since that time other subscriptions have been added. An active campaign is to be waged at once and it looks as if the work will begin at an early day. The proposed building will cost \$10,000.

Plans have been drawn for the proposed building and those who have seen them are delighted. The building will contain an auditorium with a seating capacity for at least five hundred. There will be a basement in which will be located a social room with a seating capacity for two hundred; a kitchen, ladies parlor; toilet room; gentlemen club room and other late improvements for such structures. It is the intention of the church to have the building ready by the time the North Carolina Conference convenes here in December.

The building will be built on the vacant lot located between the church building and the home of Mr. C. G. Morris and will be connected with the main auditorium by a porch. From the present prospects it looks as if Washington within the next few months will witness a large expenditure of money by the respective religious bodies. The First Baptist church is to construct a \$20,000 church at the corner of Main and Harvey streets; the Christian church people are planning to erect a \$20,000 or \$25,000 edifice at the corner of Second and Respass streets and the Episcopal church is making an earnest effort looking towards the construction of a parish house. There seems to be an awakening along this line in the city just now.

REPAIRING RESIDENCE.

The residence on West Main street occupied by Mr. and Mrs. R. A. G. Barnes is being treated to a new coat of paint.

FIRE HORSES SOLD TO A PARTY LIVING AT FARMVILLE N. C.

The city has disposed of the fire engine horses to a party in Farmville, Pitt county. The two were sold for the sum of \$75.00 a piece. They have been familiar animals on the streets for a number of years.

Incomplete Blood Removal Cause Unsightly Poultry

Washington, D. C., March 18.—"Grasp the chicken when killing, by the bony part of the skull. Do not let the fingers touch the neck. Make a small cut with a small, sharp pointed knife on the right side of the roof of the chicken's mouth, just where the bones of the skull end. Drain for dry picking by thrusting the knife through the groove which runs along the middle line of the roof of the mouth until it touches the skull midway between the eyes. Use a knife which is not more than 2 inches long, one-fourth inch wide, with a thin flat handle, a sharp point and a straight cutting edge."

The above instructions on the proper methods of killing poultry were issued by the Department of Agriculture. At least 20 per cent of all the poultry coming into New York market is incompletely bled. Much of it is so badly bled that it results in a loss of from 3 to 5 cents a pound, as compared with the corresponding poultry which is well bled and in good order, continues the Department. Aside from the

bad appearance of incompletely bled chickens, their keeping properties are very inferior. The flesh loses its firmness sooner; its flavor is not so good; the odor of stale flesh and finally of putrefaction comes sooner; and in every way the product is more perishable.

A very large proportion of the unsightly poultry in our markets, aside from the rubbing and tearing of the skins, is caused by an incomplete removal of the blood. This is evidenced by red dots which frequently occur where the feathers have been removed, especially over the thighs and wings, or by the small veins which mar the appearance of the neck. Generally it is the neck which shows most plainly the presence of blood in the fowl, or that a wrong method has been used in cutting the blood vessels in an attempt to empty them. The neck is the first part to discolor, becoming first red, then bluish red or purple and finally green as aging progresses.

It's Healthful in Washington Park.
