

Big Agricultural Land Opening

TWENTY HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in Browning's new Territory, Thomas's Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, water melons, corn, sugar corn, hay, and all staple crops grown in this fertile section, as well as a large variety of horticultural fruits, and the famous immensely profitable paper-shed pecans.

Providing you are eligible under the regulations prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefiting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above mentioned products within three years, after which we will have it operated (harrowed and replanted) for pecans, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such a time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,255.45, and that one acre of well-cared-for paper-shed pecans, in full bearing, should and its owner as high as \$100 per year. We are of the opinion that after it is proved by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and so increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money"

FOR SHERIFF

To My Friends and Democrats of Beaufort county:

I hereby announce myself a candidate for the office of Sheriff subject to the Democratic primaries and convention. I desire to say to my fellow citizens of Beaufort county, should you honor me with your support and elect me your sheriff, I would endeavor to give you an honest and clean administration of all the duties pertaining to the office.

As for collecting the taxes, I would be as lenient as I could to do my duty, and by so doing, reflect credit upon myself and county.

Thanking my friends throughout the county for any support you may extend to me, I am,

Very respectfully,
WILLIAM M. BUTT,
Beaufort, N. C.

NOTICE TO REDHEM LAND SOLD FOR TAXES

To John Sparhawk, Jr., and the heirs at law and devisees of Joseph R. Tatum deceased, and of Rachel Robertson, deceased:

You and each of you are hereby notified that a sale of real estate for the non-payment of State and County taxes made by the Sheriff of Hyde county on Monday, the 4th day of August, 1914, at the Court-house door in Swan Quarter, Hyde county, I became the purchaser of that tract of land in said county alleged to belong to John H. Sparhawk Jr., and to the heirs-at-law or devisees of Joseph R. Tatum deceased, and the heirs-at-law or devisees of Rachel Robertson, deceased, which land is the same conveyed by John Hall to Joseph R. Tatum by deed dated Aug. 29, 1899, duly recorded in the Register's office of Hyde county, part of which land was also conveyed by said Joseph R. Tatum to Rachel Robertson, being all of the land owned by any of the parties above named, or referred to in Hyde county. Said property was sold for delinquent State and county taxes for the year 1913, which have been duly assessed against it, and said sale was made on the 4th of August by order of the Board of County Commissioners duly entered on their minutes.

All of the heirs-at-law and devisees of Joseph R. Tatum, deceased, and Rachel Robertson, deceased, and Joseph Sparhawk, Jr., are hereby notified that redemption of said property can be made on or before August 4, 1914, by paying to the Sheriff of Hyde county or the undersigned purchaser, the sum of One Hundred Fifty-three (\$153.00) Dollars, which amount includes the penalty and cost authorized by law, and said claimants are further notified that unless redemption of said property is made on or before August 4th, 1914, I will demand that the Sheriff make me a deed for said real estate as prescribed by law in such cases.

This 6th day of April, 1914.
S. E. MANN.

HEARING ON TO PREVENT COTTON FUTURES TRADING.

Washington, D. C., April 22.—The House Agriculture Committee today began hearings on the bill to standardize cotton gradings and to prevent trading in cotton "futures." Four days will be devoted to cotton, and the committee will then consider grain future trading.

A bill is now pending before the Senate committee to the same end. The question of prohibiting trading in futures has been a particularly live one ever since the Democrats obtained control of Congress. The subject affects practically every Southern member. Their claim is that prices in the big cotton markets are largely fictitious, and that the farmer gets "bunked" by prices that do not anywhere near represent the actual condition of the real cotton sales market.

CHECK YOUR APRIL COUGH.

Thawing frost and April rains chill you to the very marrow, you catch cold—Head and lungs stuffed—You are feverish—Cough continually and feel miserable—You need Dr. King's New Discovery. It soothes inflamed and irritated throat and lungs, stops cough, your head clears up, fever leaves, and you feel fine. Mr. J. T. LAST BUFFALO HUNT PLANNED.

Pierre, S. D., April 22.—Arrangements are being made here today for staging the last great buffalo hunt of the West and in order that posterity may not forget how the original American chased big game, moving pictures will be taken of the hunt. John E. Sloat, Gettysburg, S. D., who has an option on the famous Scotty Phillips herd of 467 buffalo, is negotiating with a moving picture company to turn over part of the herd and with the aid of 200 Sioux Indians stage a great buffalo hunt, authentic in every detail. It is probable that the event will be produced on the ranges west of here.

INDIANS AND TUBERCULOSIS.

Dr. John N. Alley, superintendent of the United States Sanatorium for Indians at Fort Lapwai, Idaho, says he is convinced, after a study of the causes of death among the Nez Perces Indians for the last ten years, that 90 per cent of all the deaths are due directly or indirectly to tuberculosis. In the hundred years that have elapsed since the historic expedition of Lewis and Clark to the Northwest, the Nez Perces tribe has diminished from 3,000 to 1,300. The present tuberculosis death rate is about 40 per thousand living or two and one-half times the rate in the United States as a whole. Dr. Alley traces the cause of the decimation to the change in the mode of living of the sedentary, settled life of the reservation. The latter has brought with it the danger of home infection which was automatically eliminated in the earlier days. "Ventilation," says Dr. Alley, "is completely foreign to an Indian's nature. It is with great difficulty that you can get them to pay any heed to this important part of sanitation. I have known twenty or thirty to gather in a small room where an advanced case of tuberculosis has been housed for months, and to close the doors and windows, even plugging up the key-holes."

In a recent report of the office of Indian Affairs, Commissioner Sells points out that there are approximately 25,000 Indians in the United States suffering from tuberculosis, and that the available government facilities for their care will not exceed 300 beds.

TRUTH TRIUMPHS.

Washington Citizens Testify for the Public Health.

A truthful statement of a Washington citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use the tested kidney medicine.

A Washington citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

Mrs. Lina Arthur, Sr., 528 Second street, Washington, N. C., says: "I suffered greatly from dull, nagging backaches. I could hardly get around at times, and was afraid to move on account of the knife-like twinges in my loins. My kidneys were weak and no doubt, caused all the trouble. I saw Doan's Kidney Pills advertised and I began using them. They removed the trouble. I am willing to confirm my former endorsement of Doan's Kidney Pills." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Arthur had. Foster-Milburn Co., Props., Buffalo, N. Y. ad
