Last night between eleven and reive o'clock sweet little Hilds Knight, the 8-months-old daughter of Mr. and Mrs. Frank Buckman, af ter an illness of several weeks went to beautify the conservatory of heaven. During her stay on earth she sweetened the home of both parents and grandparents. Several weeks ago, while with her mother, visiting at Hassell, N. C., she contracted dou-ble pneumonia and measles. This little casket of jewels for the time seemed to be destined to witness God's handiwork for many years but God knew best and wished her to glorify that city not made with hands. Little Hilda came into this world bearing with her all the plau-dits of earth and her entrance into that home above the skies was a rejoicing among that company who robes have been washed and made spotless

Baby Given Away At New Theatre This Evening

There has ben a great many things pulled off in this town that the authorities stood quietly by and did thorities stood quietly by and did not try and put a stop to it. This paper is not one of those yellow journals that is continually trying to stir up the people with things thet do not amount to anything; but there ts something going to be pulled off here tonight that the authorities ought to get busy and put a stop to Every one knows that it is a gainst the law to give away a child without the proper papers from the court officials. The New Theater has let it be known all of this week that they were going to give away a real live baby on Friday night, that is tonight. To think that any one could be so inhuman as to give out coupons to any and everybook that buys a ticket to a theater, then give the lucky number that is pulled out f a hat a poor innocent little child that is not able to decide whether or not it wishes to belong to that Of course they claim that they will have a committee to decide that But that is a hard thing to decide on the spur of the moment, and of ourse it will have to be decided just as soon as the number is drawn This article is merely to give the proper officials time to put a sto to this inhuman thing that is to be pulled off in the good old town of Washington at nine o'dlock tonight.
