Montreal, May 30 .--- G. W. S. Henderson, of Moffmeal, who was among the Empress of Ireland survivors, telegraphed his firm yesterday afternoon giving the number of dead will speak in New Bern today in-stead of Hon. William J. Bryan au 1,030

ONLY 399 RESCUED. Rimouski, May 30.-Probably more than a thousand lives and surely not less than seven hundred were lost when the great Canadian Pacific liner Empress of Ireland sank before dawn yesterday in the St. Lawrence river, ripped open from amidships to stern by the Danish collier Storstad.

This was the estimate made here yesterday afternoon, where the hysterical survivors, many of them pit-iably maimed and almost naked,

were being brought. It was based on the fact that the Empress of Ireland carried 1.427 NASHVILLE persons, all told, of whom three hundred and ninety-nine were rescued and landed here by the ships Euro-The alumni of Peabody Normal ka and Lady Evelyn. The Storstad College in this section, as well as at first reported to have more than throughout the South, will be inter- three hundred survivors on board, ested in the announcement that the had dealled for Quebec after isnding only a handful of rescued and a institution, after a suspension of number of dead.

The vessel bound from Quebec for Liverpool, with seventy-seven equipment of new buildings, will first two hundred and six second and, five hundred and four thirdclass passengers, was cut wide open by the collier Storstad and sank within twenty minutes in nineteen fathoms of water.

22 Die After Being Rescued. Of those saved the majority appeared to be members of the crew or from the steerage. Many were badly injured and twenty-two died arship students receiving not only free tuition but a substantial sum

after being picked up. The crash occurred about 2 o'clock yesterday morning off Father Point, toward board and other expenses The scholarship system will be continued under the new organization Quebec. The collier, bound for Quebec, struck the Empress of Irethe money for this purpose coming from a fund raised by the alumni land on the port side about the midthemselves. The authorities of the die of the ship. She literally tore her way back almost to the liner's with young men and young women screws, leaving a rent through which in all sections of the South who are the water poured in such a deluge prepared to meet the requirements that she sank before many of the prepared to meet the requirements of the college and who would care to passefigers were aware of what had receive scholarships. The plant of the new Peabody is happened.

Brief wireless calls for help sent one of the handsomest and best out by the Marconi operator were heard by the pilot boat Eureka here. adapted effucational plants in the South. The campus is much larger ten miles from the scene, and the than the old one, and more beauti-fully shaded. The alumni, who held their last reunion when the institu-Eureka, followed by the Lady Evelyn, a mail tender, made all speed for the spot

Rescuers Find Few Lifeboats It was these two boats that found float the few lifeboats that were launched from the stricken ship and picked up the survivors they contained. Three hundred and thirty-nine were saved by the Lady Evelyn and sixty by the Eureka. Among those saved was Captain H. G. Ken-dall of the Empress of Ireland.
