Turn the Baby's Tears to Laughter

A Gentle Baby Laxative Will Quickly Relieve the Usual Cause of the Trouble.

It is often difficult to tell just what is the matter with a crying, peevish baby or child too young to express its feelings in words, but as a general rule the mother will find that there is a tendency to constipation, which has brought on a headache or nervousness. The little one has no pain, but feels "out of sorts."

WALTER J. KIRCH

The first thing to try is a family remedy containing good, but mild laxative properties, and many mothers will say that their choice would be Dr. Caldwell's Syrup Pepsin. Thousands of mothers keep it in the house for such emergencies, among whom may be mentioned Mrs. John Kirch, Jr., 1527 Abstract Ave., Pittsburg, Pa. She has been giving it successfully to little Walter, whose picture we present at three months, when he weighed 14 1/2 pounds. He is a healthy, laughing youngster today and Mrs. Kirch gladly gives Dr. Caldwell's Syrup Pepsin credit. It saves many an illness and many a large doctor bill, for by administering it promptly when the first symptoms of illness are noticed it prevents a serious ailment.

It is so pleasant-tasting that no child will refuse it, and as it does not grip, the child is glad to take it again. A bottle can be obtained

of any druggist for fifty cents or one dollar, the latter being the size bought by families already familiar with its merits. Results are, always guaranteed or money will be refunded.

Syrup Pepsin is for all the family from infancy to old age, and because of its mildness families should prefer it over all other remedies. It is absolutely safe and reliable. You will never again give cathartics, pills, salts, or such harsh physics, for they are usually unnecessary, and in the case of children, women and elderly people are a great shock to the system, and hence should be avoided.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Consumption Versus War

GERMS FAR MORE DESTRUCTIVE THAN GENERALS.

But Bear's Emulsion Tones up System and Tends to Prevent Tuberculosis.

Civil War deaths, 1861 to 1865, 205,000. Consumption 1901 to 1907, 64,000.

Would it not be a sad time in your home if your husband, wife, daughter and son would have to march off today in another civil war?

Look at the above figures again. They are facing an army that is commanded by an officer that is far more destructive in his attacks than Jackson or Lee ever were. This officer waits until you are down and then jumps on. The quiet way these attacks are made is awful. What are you going to do about it? Let it be from day to day? Or are you going to build up your system, that is, weakening away and exposing you to this consumption germ?

But Bear's Emulsion is by far the most effective remedy to ward off this germ. For it not only maintains normal conditions of nutrition, but has a well defined specific palliative influence upon the symptoms of the germ. Another special advantage which gives the remedy the preference is that it is invariably beneficial to the disordered digestive organs.

For disturbances are almost constantly present. In this way as many others Bear's Emulsion proves to be better than any other remedy sold. One dollar a bottle or two bottles for five dollars. Express paid if you can't get it from your druggist. Sold by Worthy & Co., Chicago.
