Great Improvement Been Made In The Tobacco Warehouses

A Daily News representative paid a visit to that part of the city yesterday afternoon where the tobacco warehouses, steamery, etc., are situated. To say that the paper man was greatly surprised would be an exaggeration, since the closing of the season last year marked improvements have been made. The beautiful warehouses have been more than doubled in capacity as an addition of 150,000 feet has been added. The work of erecting the 150 stalls for the use of the farmers coming to town with their tobacco are being rushed to completion and this paper can state with certainty that the price houses will be ready by the time the market opens on Aug. 19. All the buildings have been treated to a new coat of paint.

Belhaven Wins Exciting Game From Aurora On Yesterday

In an exciting hot test game Belhaven won over the Aurora team yesterday at Belhaven by the score of 2 to 1. It was a fast and good game from start to finish. The features of the game was the excellent pitching of P. Brown, who allowed Aurora only two hits and was never in danger throughout the entire game. Only for an error Aurora would have been given a shut-out. Other features was the batting and playing of Bagwell, Phipps and Girkin, of Belhaven, and a fast double play by Davenport and Paul. The Aurora short-stop made a great catch of McAllister's line drive.

MINISTERS TO REPORT ALL THE DEATHS

A Tuberculosis Census of thousands of churches in various parts of the country will be taken in September, under the direction of The National Association for the Study and Prevention of Tuberculosis. The census will be part of the preparation for Fifth Annual Tuberculosis Day to be observed during the week of November 29th.

The ministers of several thousand churches will be asked to report on the number of deaths from tuberculosis in the last year, the number of living cases in their parishes on September 1st, the number of deaths from all causes, and the number of members or communicants. These figures will be made the basis of an educational campaign, which will culminate in the Tuberculosis Day movement, for which occasion sermon and lecture outlines and other forms of tuberculosis literature will be distributed free to ministers.

Last year nearly 75,000 churches, schools, and other bodies took part in the Tuberculosis Day observance. The movement had the endorsement of leading church officials of every denomination. More than 1,200 anti-tuberculosis societies scattered all over the country will work this year to make Tuberculosis Day a success.

Carbajal Has Ordered Gen'l Huerta's Methods Probed

Vera Cruz.—The first through train from Mexico City since the American occupation of Vera Cruz arrived early yesterday morning, the breach in the railroad having at last been repaired. It brought a large number of adherents of the Huerta regime.

The passengers reported all quiet in the capital, and said that the feeling of security there had increased on account of the strong reinforcements of the garrison, which they believe to number 20,000.

Washington.—Direct advices to the United States from Provisional President Carbajal, General Carranza, General Villa, and Emiliano Zapata—the four chief elements in the Mexican problem, renewed the hopes of officials here for peace.

Carbajal, through the Brazilian minister in Mexico City, officially declared he was willing to transfer the executive power to Carranza and had sent a delegate, Reginaldo Cepeda, to arrange with the constitutional chief. Carbajal reiterated that he merely wanted an amnesty for political offenders.

Carranza, through the American consul accompanying him, manifested his readiness to be lenient with the foes of the Constitutionally and government he desired guarantees.

Villa in a message phrased in most courteous terms, spoke of his desire to see peace established on a basis of justice and liberty and give assurances that he would do his utmost to restore normal conditions.

Zapata sent official word of his desire to join with Carranza in rehabilitating the governmental machinery.

Emissaries from Carranza to Zapata, with authority to promise a program of agrarian reforms, are expected to reach the southern chief within a few days.

Mexico City.—President Carbajal has ordered an investigation of the financial methods of the Huerta government, in reply to public rumors of possible wrong doing. The investigation, it is stated, will be made by high officials of the ministry of finance, and if irregularities are found those guilty of them will be punished.

The government announced that it will immediately begin negotiations with the American authorities at Vera Cruz to arrange for the re-establishment of a Mexican administration there.

Another long conference between President Carbajal and the Brazilian minister was held last night. The subject discussed was the peace conference, which it is expected will be held soon between Carbajal and Carranza delegates. No announcement regarding the conference was made, but it is known that at its conclusion the Brazilian minister sent an important dispatch to Secretary Bryan.

Kingston, Jamaica.—General Huerta and the party of fugitives from Mexico accompanying him arrived here at noon yesterday on board the German cruiser Dresden from Puerto Mexico.

Arrangements had been made in advance for the former Mexican dictator with General Blanquet and the rest of the party to remain here for a week or more at a hotel, where several other Mexican refugees already have taken up their quarters.

electric scoreboards they have no idea what a great invention that it is. The audience can see a great game going on in New York or any city that there is a ball game going on, and it actually is as good as looking at the real game itself. By the lights on the board you see every play that there is made during the entire game. The beauty of this wonderful invention is that you are witnessing a game going on hundreds of miles away at exactly the same time that you would if you were sitting in the bleachers at the ball park at which the game was. As there has never been anything of this kind here before, there is no doubt but what the house will be crowded at every performance.
