The Very Best Deed

you'll ever do will be the one that makes you your landlord. It will make you independent, insure "a roof over your head" in times of stress and worry. Why not perform that deed today by stopping in and securing one of those cosy farms we are offering on easy terms.

We are offering this week three good small farms of 40 acres each. With buildings and some cultivated land with each place at **Bargain Prices.**

We have one 40 acre farm 9 miles from Washington, 8 acres high state of cultivation. Will sell for just what the buildings are worth and **give you the land.** Buildings include tobacco barn and pack house.

Twilight Sleep

"Twilight sleep"—that wonderful discovery in Freiburg, Germany, years ago by which a woman can give birth to a baby without suffering any pain—is being practiced regularly in New York and is claimed to be a decided success. At the Jewish Maternity Hospital one hundred and eighty women are said to have given birth to children in the past few months while under the "Twilight Sleep" treatment and not one of them suffered the least nor did they feel any evil effects of the treatment later.

What is "Twilight Sleep"? Briefly this: A hypodermic injection of the drug scopolamin, given when the first real labor pains are felt, and repeated at intervals until the birth of the child.

A young physician who studied at Freiburg, Germany, where the treatment was discovered, is in charge of the work here. His great success has led to a movement which may result in the founding of a great maternity hospital here, where the "Twilight Sleep" treatment can be given. This treatment

is declared by some prominent physicians here to be the greatest boon womanhood has ever known.

The woman does not suffer any pain whatsoever under this treatment. At the first indication of pain, she is placed in a darkened room and also in a quiet part of the building. This is deemed necessary to aid the drug. The first injection is then given her and she gradually drifts into semi-unconsciousness.

After two or three injections of the drug she is absolutely immune to pain. She cannot feel any pain at all. At the same time there is no interference with the muscular contractions necessary to bring about the birth.

Consequently the mother awakes to find her baby with her and she has no memory of pain to cloud her happiness. The administering of the drug is a very delicate operation and requires skillfulness and experience. Just enough of the drug must be given to the patient to banish subjective pain. Too much of the drug, however, will stop the birth. It therefore requires years of study to prepare a doctor to administer this treatment.

PEOPLE YOU KNOW ABOUT

Miss Margaret Wells, daughter of Dr. A. S. Wells, left this morning via the Atlantic Coast Line for Lynchburg, Va., where she will enter the Randolph Macon College for Women. Miss Wells graduated with the highest of honors from the Washington Public Schools at its late commencement.

W. H. McDewitt, street commissioner, has returned from Kinston, N. C., where he spent Sunday with his son, Mr. Charles McDewitt.

B. A. Brooks, of Franklin, Va., is registered at the Louisa.

Among the welcome visitors to Washington today is W. A. Taskard, of Bath, N. C.

Messrs. L. Roper and D. H. Moore, of Lake Landing, N. C., are welcome visitors here today.

J. C. Moore, of Suffolk, Va., was a passenger on the Atlantic Coast Line train last evening.

C. M. Willis, of New Bern, N. C., is in the city.

M. McJones, of Belhaven, N. C., is here on business.

Mrs. F. F. Cherry and T. S. Cherry, of Aurora, N. C., were passengers on the Washington & Vande-mere train yesterday.

W. T. Kirk, of Belhaven, N. C., was a passenger on the Norfolk Southern train yesterday.

John Roberts of Swan Quarter, N. C., was on our streets today.

Remember Your Last Dose Of Calomel

You probably recall the bad after-effects of the calomel more than the sickness you took it for. You need never again go through with being "all knocked out for a day or two by calomel."

Next time your liver gets sluggish and inactive, we urge that you go to Lee Davenport's drug store for a bottle of Dodson's Liver Tonic, a splendid vegetable liquid medicine that will start your liver as surely as calomel ever did and with none of the after-effects of calomel. It is absolutely harmless both to children and adults and demands no restriction of habits or diet.

A large bottle of Dodson's Liver Tonic costs only fifty cents and the druggists who sell it guarantee it to take the place of calomel, and will refund your money if it fails in your case or if you are not satisfied.
