

SITUATION UNCHANGED ARE OFFICIAL REPORTS

Official reports from London, Paris and Berlin state that there is no change in the situation. The allies claim that they have made slight advances here and there, notably on the heights of the Meuse. The Germans claim that the reports concerning a victorious advance of the enemy are untrue.

A rigorous censorship evidently has been imposed at virtually all points, particularly in London, regarding the operations at the front as there is very little news coming through. A Paris dispatch says that there is nothing new to report as to the general situation and that a relative calm prevails along a portion of the front. Nevertheless at certain points, notably between the river Aisne and the Argonne district, the enemy has delivered further violent attacks which, however, have been repulsed.

Furious fighting still continues in Northern France where the allied French and British armies are opposed by the Germans which is characterized as the crucial action of the battle of the Aisne. Beyond this official statements are vague. A waiting public has few details of the struggle.

WASHINGTON AND KINSTON FOOTBALL ELEVEN AT FLEMING PARK ON ABOVE DATE.

The Washington Football eleven are now practicing daily at the Fleming Park on West Third street, and the prospects are that Washington is going to have a creditable team this season. Mr. William Jones has been elected captain and Mr. Elbert Weston manager. In all probability Washington will try conclusions with the strong Kinston eleven October 9. The contest will be pulled off at Fleming Park, and no doubt will be hotly fought from start to finish.

RALLY DAY AT M. E. CHURCH

GALA DAY LOOKED FOR NEXT SUNDAY AT M. E. SUNDAY SCHOOL—ALL ARE INVITED.

Mr. E. R. Mixon, superintendent of the M. E. church Sunday school, is distributing circulars to all the members of the church calling their attention to next Sunday as being Rally Day at that Sunday school. The superintendent desires that every member of the church become a member of the school and to become an active member. Those of the church who cannot attend are urged to join the home department and literature will be furnished them. Those children that are too small to attend the school should become members of the cradle roll. Blank forms have been circulated which explain fully the scheme of the superintendent. They should be properly filled in and returned to Mr. Mixon at once. It is to be hoped that next Sunday will be a gala one at this Sunday school and it will if the members respond to the appeal of the capable and efficient superintendent.

YOUNG BOY BREAKS ARM

THOMAS HANNAFORD WHILE PLAYING FOOTBALL MEETS WITH ACCIDENT AT SCHOOL.

A few days ago Thomas Hannaford, the 14-year-old son of Mr. and Mrs. Leo Hannaford, while engaged in playing football at the Washington Public School, met with the misfortune to break his right arm at the elbow. He was carried to the Washington Hospital where he was given prompt surgical attention. While still suffering much pain he is doing as well as could be expected. He is one of Washington's bright little fellows, and it is to be hoped that he will soon be himself again.

GOVERNOR JARVIS TO SPEAK AT A. & M. COLLEGE

It is interesting to recall in connection with the twenty-fifth anniversary exercises at the A. and M. College that ex-Governor Jarvis, who is to be one of the speakers, was at one time elected president of the college. It is understood that he declined the honor on the ground that college work was not his line; but he has been one of the most useful friends the college has ever had.

Governor Jarvis—for what's the use of the "ex"?—will speak to an audience of staunch admirers.

WILD WEST NOTABLES HERE OCT. 2

The cowgirls constitute a very important part of Miller Bros. & Arlington's 101 Ranch Wild West Show, which this city will see next Friday, October 2. There are said to be nearly fifty of these natty, healthy, vigorous-looking girls, and they vie with the cowpunchers in performing daring and neck-risking feats on Indian bronchos and "outlaw" horses. They are a picturesque lot, too, and even the Indians in their warpaint and feathers do not attract any more admiring attention.

One of the most interesting features of the performance—made so, undoubtedly, by its strenuousness and air of danger—is the broncho-busting. The girls do not hesitate to ride the wildest horses, and it is seldom that one of them is thrown. If an accident occurs it is rarely serious, for the girls are said to be a remarkable facility in getting away from the hoofs of the ponies when they involuntarily take a "header." Lisle Lindsay, a little cowgirl from Oklahoma, is one of the favorites with 101 Ranch audiences, but Besie Heres, Beatrice Brosseau, Martha Allen, the Parry Twins, Blanch McCaughey, the cowgirl who throws the steer, and others among the cowgirls come in for a great deal of admiring attention because of their skill and daring in handling spirited horses.

Among the cowgirls are a number who are as skillful in throwing the lariat as the cowpunchers, and the two best shots with the show are girls. Edna Tautinger is an Oklahoma product and Princess Wenona is a Sioux. Both have won world's medals for crack shooting. In the group of Indian women are several expert riders. Little Samahine, a Mexican girl, who has spent most of her life among the Sioux, is exceptionally clever in handling wild mustangs.

The girls with the 101 Ranch Show are credited with contributing greatly to its success, for in addition to their ability they give a grateful feminine touch to the exhibition. In conjunction with the cowboys, Indians, scouts, old plainsmen, Mexicans and Cosacks they give a performance that, according to report, is without a dull moment from start to finish. All the Wild West notables will be seen in the parade, which takes place at 10:30 in the morning.

GOOD MOVIES LAST NIGHT

EXCELLENT PICTURES WERE SHOWN AT THE NEW THEATRE—GOOD PROGRAM TONIGHT.

There was another fine moving picture program rendered at the New Theatre last evening and all present were highly pleased at the performance. The pictures were all interesting and entertaining.

Tonight the management promises another excellent program and all who attend will be amply repaid. The New Theatre is more than popular for after-supper pleasure seekers.

IS DOING NICELY.

The numerous friends of Mrs. C. S. Whitehead, of Vandemere, N. C., and Washington, will be pleased to learn that she is rapidly improving from the recent operation she underwent at the Washington Hospital for appendicitis. Mrs. Whitehead is the wife of Captain C. S. Whitehead, the clever conductor on the Washington and Vandemere train and her friends are legion. The news of her convalescence will be gratifying.

IS IMPROVING.

Mrs. L. T. McGowan, who resides near 15th city and who was recently operated upon at the Washington Hospital, is doing nicely. This will be pleasing news to her many friends.

DR. A. K. TAYLOE.
Gifted young surgeon, who will deliver an address in Cincinnati, Ohio, tomorrow night before the Association of Medical Surgeons of the United States.

Will Attend Meeting Of Military Surgeons

Dr. A. K. Tayloe left this morning via the Atlantic Coast Line for Norfolk, Va., and from there will take the C. & O. R. R. for Cincinnati, Ohio, where he goes to attend as a delegate in response to appointment by the Surgeon General, to the Association of Medical Surgeons for the United States, which is held to convene in that city from September 30 to October 3.

This is a high as well as coveted honor and no member of the medical profession in Eastern Carolina is more worthy of the honor bestowed.

Last year Dr. Tayloe had the pleasure of representing this State at Denver, Colorado, in a similar capacity, at which time he was honored with a membership on the nominating committee. During his stay in that far western city he made many staunch, true friends and no member of the surgeons' convention returned to his home bearing with him a wider circle of friends.

Dr. Tayloe is a captain surgeon in the N. C. N. G. medical corps, and saw active service on the Mexican border two years ago.

Only recently he was detailed with the Second Infantry, N. C. N. G., at Camp Wheeler, near Augusta, Ga., and while there proved to be not only one of its most efficient surgeons but as well among its most popular. Wherever placed professionally or otherwise he is equal to the occasion and no man in his profession today occupies a more enviable position in the Old North State.

Six years ago, although young in his profession, the Seaboard Medical Society for North Carolina and Virginia, honored him with its presidency and the year prior to this he delivered the annual oration from the theme "Surgery as a Science."

This young, ambitious, common-sense surgeon has always taken an active interest in the leading scientific societies of this country and no man of his age in the medical profession has been a more liberal nor generous contributor to the surgical
