LA FOLLETTE ON WILSON.

"Incidentally, the country rejoices that Wilson is President, not Roosevelt, whose recently expressed attitude towards disarmament confirms this judgment. The accumulating and increasing horrors of the European wars are creating a great tidal wave of public opinion that sweeps aside all specious reasoning and admits of but one simple common-sense, humane conclusion—a demand for peace and disarmament among civilized nations."

The author of this just and proper sentiment is Robert M. La Follette, not so long ago a hero of Roosevelt's, showered with praise by that dispenser of blame and of rewards. Mr. La Follette is nothing if not a keen observer of political currents and popular opinion, and in his Weekly he declares that President Wilson "today holds a supreme place in the confidence of the people of the United States," which is summed up in the simple phrase, "He is keeping us out of war." The praise Senator La Follette bestows upon him and Mr. Bryan is unreserved. Those who, like Mr. Roosevelt, mock at Mr. Wilson's Mexican policy now offer up "prayers of thanksgiving" that we were spared a war in Mexico. As for the peace treaties, negotiated by Mr. Bryan, which Mr. Roosevelt scorns, the Wisconsin Senator declares that they constitute a "great service to the human race." From our observation of press and public, we believe that Senator La Follette is correct in his estimate of what the public is thinking. We can not but feel that Mr. Roosevelt's rehashing of his mistaken militaristic theories just at this time is as grave a political mistake as any of the many that he has recently made and that have caused his friends to wonder what has become of his once great political skill and intuitive knowledge of public opinion.—New York Evening Post.

HOW TO SUPPORT WILSON.

If you are for Woodrow Wilson and his policies you should vote for Democratic candidates for the Senate and House of Representatives who will support and aid him in the execution of those policies. You cannot uphold him by voting for Republicans who will oppose him in the next Congress, as they have in the present Congress.

If you believe that President Wilson is a safe man; if you believe that he is working for the best interests of the country; if you believe that the things which he has done are based upon right principles; if you believe that he should be allowed to continue the work which he has begun, you should vote for the men who will uphold him. Republicans in the next Senate and House, for political purposes will oppose him and his policies. Democrats will sustain him.

A vote for Democratic candidates for the Senate and for Democratic members of the House is a vote for Wilson. A vote for Republican candidates is a vote against Wilson. There is no middle ground.

Vote for your own interests. Vote for Wilson men!

BEST LAXATIVE FOR CHILDREN

When your baby is cross and fretful instead of the happy, laughing little dear you are accustomed to, in all probability the digestion has become deranged and the bowels need attention. Give it a mild laxative, dispel that irritability and bring back the happy content of babyhood.

The very best laxative for children is Dr. Caldwell's Syrup Pepsin, because it contains no opiate or narcotic drug, is pleasant tasting and acts gently, but surely, without griping or other distress. Druggists sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle. For a free trial bottle write to Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

FOREST NOTES.

Because of drouth conditions there is considerable fire danger in the forests of the east this fall.

Pennsylvania and New Jersey lead all other States in the quantity of wood used for making tobacco pipes, and utilize apple wood, French brier, ebony, birch, red gum, and olive wood.

Cherry is the wood most used as a backing for the metal plates from which illustrations are printed in magazines and periodicals. It is chosen above all others because it holds its shape, does not warp or twist, works smoothly and does not split.

Two Governors, those of Oregon and Massachusetts, have suspended the hunting season this year because of increased danger of forest fires when the woods were exceptionally dry.

The position of city forester is now offering a new field for men with a technical training in forestry. Fitchburg, Massachusetts, is one of the latest towns to secure an official of this sort.

Because of extreme drouth, the fire risks on the national forests in the northwest have been greater this season than in any other since 1910, the worst year since the forests were created. Much less damage was done this year because experience in fire fighting was gained in the fires of 1910.

Your Fall Cold Needs Attention.

No use to fuss and try to wear it out. It will wear you out instead. Take Dr. King's New Discovery, relief follows quickly. It checks your cold and soothes your cough away. Pleasant, Antiseptic and Healing. Children like it. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "Our family Cough and Cold Doctor" writes Lewis Chamberlain, Manchester, Ohio. Money back if not satisfied, but it nearly always helps.
