GRAND JURY MADE REPORT YESTERDAY

The following is the report of the grand jury made yesterday to the court now in session:

We, the grand jury for the November term, 1914, beg leave to submit the following report:

We have finished the business assigned to us by the court so far as possible and have passed on and returned all bills presented to us.

We have inspected the county jail and courthouse, including the offices in same. We find the offices in good condition. We respectfully recommend and courthouse, including the offices and whitewashed on the interior; that the old blinds be replaced by new ones or entirely removed. That better heating facilities be provided for the courthouse.

We find the jail in as good condition as could be expected under the circumstances. We recommend the purchase of new blankets, bath tub and other things necessary for sanitation and comfort of the occupants. We also recommend that the street sprinkler and other town machinery, wagons, etc., be removed from the courthouse yard. That the sheriff be given complete jurisdiction over the jail, jail yard and surroundings.

We also visited the treasurer's office and found it in good condition. We sent a committee to the convict camp and recommend, that an additional stove of sufficient size be provided for warming the camp, that the convicts may dry their clothes and sleep warm at night; that the convicts be provided with boots or else removed to a drier place during the cold weather. All else around the camp we found in good condition.

We recommend that after the present contract expires that the convicts be worked on the county roads and not hired out to individuals or corporations.

A committee also visited the County Home and found everything in good condition.

Respectfully submitted,
S. J. TOPPING, Foreman.

OCRA COKE IS YET STILL ON THE MAP

The enterprising citizens of Ocraoke, N. C., propose during the coming holidays to hold a meeting on the island for the purpose of starting a movement looking towards better roads. The intention is to secure a road around "Silver Lake" as well as other highways. If this undertaking proves a success, and no doubt it will, it means much for the island of Ocraoke. Every interest will be benefited, financial, social and otherwise. Ocraoke is still on the map and this late move on the part of the citizens of the island shows that their determination is still to keep abreast of the times.

TEMPEST AND SUNSHINE AT THEATRE NOV. 30

O. W. Carleton's New York production of "Tempest and Sunshine," a dramatization of Mary Jane Holmes' famous novel of Lem. S. Parker, is to be seen at the New Theatre on Monday night, November 30th.

The play has as its foundation the contracts of characters in the two sisters, out of which grow naturally and inevitably the episodes and entanglements which combine to make the plot. Dr. Lucy is by virtue of his relations with them both so involved in their interests as to become the central figure of the story. Tempest's rather passionate nature leads her into mistakes which bring her the most serious consequences, though she is by no means the sort of woman whose conduct can be made the subject of reprobation. Sunshine is the direct opposite of her sister, being a lovable golden-haired girl of laughing sunny disposition. The villain of the play is personated by the village postmaster, Joseph Dunn, at first a mysterious individual, but who afterwards turns out to be rather a common kind of criminal.

The play is entertaining, and well told; pure, sweet, an idyl of loyalty, of love. Thrills through and through with tender grace of a day that is dead.

The costuming is quaint and pretty, the gowns being of airy, summery stuffs, made in the fashion of 1850, which is the period of the play. Beautiful Southern melodies are introduced throughout.

All who desire to see a first-class production, presented in a first-class manner, should not fail to see "Tempest and Sunshine." War prices prevail.

Old Trees Raise Farm Values.
Well grown trees about the farmhouse give it character as nothing else can do. Every older farmhouse has them if the owner has not cut them down. If one wants to sell his farm, patriarchal trees work toward high prices. In the immediate vicinity of the house deciduous trees are preferable to evergreens, especially in winter.—Farm and Fireside.

SHOW LAST NIGHT MADE GREAT HIT

"Peg O' My Heart" played last night to a capacity house at the New Theatre and the consensus of opinion as expressed by those competent to judge, is that it is the best attraction of the season. This show has a record of 604 consecutive performances in New York. It is an exquisite play of sweetness and charm and was one of the greatest treats of the season afforded the theatre-goers of Washington. Those who missed it last night are the losers. Mr. Manners, the author, has surely displayed a keen insight as to the wants of the theatre-going public and he has hit upon a theme which will forever endear him to all lovers of a first-class wholesome play. Miss Rae Martin, as "Peg" was simply immense, in fact the entire company were of high standard and rendered their respective parts most creditably.

"Peg" and her pal, "Michael," her dog, were the life of the production. It has been a long time since Washington pleasure-seekers enjoyed a production more. It made an unprecedented hit in Washington last night and every one is paying a glowing tribute to the performance.

Mr. Jesse Latham was a visitor at Mrs. Fannie Sullivan's Sunday night.

Mr. C. C. Cutler was a business visitor to your city Tuesday.

One Opportunity.
Recently a lady amateur song writer sent to a popular actress-vocalist the words of a new song which she had written. The actress could see nothing attractive in the song, and read the verses to her husband. "Good heavens!" he exclaimed, when she had finished. "What's she talking about? What does she call it?" "She calls it 'I wonder if He'll Miss Me.'" was the reply. "Well," said the husband, "if he does he ought never to be trusted with a gun again!"

A Brilliant Reception To the Bridal Party

Among the many pre-nuptial affairs given to Miss Mattie Laughinghouse, none was more enjoyable than the reception given by her sister and brother, Mr. and Mrs. C. H. Richardson, at their elegant home on Market street Tuesday evening, from nine to eleven.

The cards were taken by Miss Mamie Latham Richardson, the attractive daughter of the hosts, and her charming friends, Misses Isabel Warren and Athalia Taylor.

Mesdames J. G. Blount and Caleb Bell welcomed the guests in the hall, beautiful with its decorations of red and green. At the parlor door stood Judge and Mrs. Stephen Bragaw, who introduced them to the receiving line which consisted of the host and hostess, the entire bridal party and out-of-town guests present for the approaching wedding. One could not help admiring the beautiful taste and elegant simplicity of the decorations of this room, where the prevailing colors were green and white.

Miss Janie Myers, in her own inimitable way, directed the callers to the dining room, all aglow with safety shaded lights and lovely flowers. Here Mesdames A. M. Dumay, S. R. Fowle, N. L. Simmons and C. M. Brown very graciously looked out

for the incoming throng.

Refreshments were served by Misses Bea Conolly, Mary V. Bonner, Isabel Carter and Ethel Fowle. In the rear hall the guests were shown to the den by Miss Eva Ballard. In this attractive nook one for the Library Club, Misses Campbell. This room was very attractive, the holly and bamboo and red waxen tapers, making a very fitting background for the delicious liquid dishes served here.

Misses P.elope Myers led the way into the living room, all in yellow, where the guest book must be signed. Mr. and Mrs. John W. Gorman had this in charge, and so well did they perform their duty that no passerby escaped without leaving his signature.

From the time you entered until you said good-bye, the warm hospitality and feeling of good cheer and enjoyment was evident. That Mr. and Mrs. Richardson are royal entertainers is the opinion of all who were present on this occasion.

The out-of-town guests were: Mrs. N. S. Fulford, of Hertford, N. C.; Mrs. W. S. Martin, of Asheville, N. C.; Miss Julia Rowland and Mr. Simon Rowland, of Sumter, S. C.; Miss Annie L. Worthington and Mr. John Worthington, of Bel Air, Md.

ONE STEP NOW ALL THE RAGE IN GOTHAM

New York, Nov. 25.—While nearly all Europe is fighting, all America is dancing. Particularly has the craze taken possession of New York. There is scarcely a hotel or restaurant in town where one will not find a space cleared for their patrons to trip the light fantastic.

Last year the tango was all the rage. Then came the maxixe. This season the two popular dances are the hesitation and the one-step.

It was predicted dancing would wane in public favor this fall and winter, but dancing, robbed of its objectionable features, is here, and is here to stay and more popular than ever. The Waldorf-Astoria, the Knickerbocker, the Plaza, the Astor, the Manhattan, the Gregorian and the Marcelline have both afternoon and evening dances.

Let Americans contribute to the Belgian relief fund, but not the cost of neglecting suffering in America. This is the appeal of Robert W. DeForest, who beside being chairman of the Belgian relief committee, is vice-president of the American National Red Cross and president of the Charity Organization Society.

"The need in Europe is great. Let us help Europe to meet it, if we can, but the direct responsibility for meeting that need falls on the great nations of Europe. Moreover, we will be called upon to bear Europe's burdens, for many who have gone to Europe to fight have left their wives and children here.

"We cannot expect help from Europe. Our own burden will be greater than ever before, and we must bear that burden alone. Therefore, while we should give liberally to relieve suffering in Europe we should hold ourselves sufficiently in reserve to be able to relieve suffering at home. It means more sacrifice and more self-denial."

Facts About the Heart.
The weight of the average person's heart is only 11 ounces, yet so powerful is it that it does enough work every day to lift 120 tons a foot high! Your heart is, in fact, one of the most wonderful power machines for its size in existence. It beats about 70 times a minute, and with every beat drives six ounces of blood through the body. In a year the heart beats 30,000,000 times, and drives over 5,000 tons of blood through the body! Three score years and ten is a man's lifetime, and during that time his heart has moved enough blood to outweigh half a dozen of the biggest ships in the world! Let us look at this in another way. A pint of blood weighs roughly a pound, so that a little over three gallons of blood are forced through the heart every minute, or over one million five hundred thousand gallons a year.

FINE RECORD FOR COUNTY OF SAMPSON

"The town of Clinton has not had a case of typhoid since the clean-up, which took place more than a year ago," writes Dr. G. M. Cooper, health officer for Sampson county. In making his first annual report for the year ending September 30, he says: "I find that much more has been done in actual health work than I thought could be done in one year."

Dr. Cooper's figures speak for themselves. In a detailed account given of his work, the following are significant figures:

Number of school children examined, 2,192.

Number of defects found in children, 1,065.

Number of children treated for defects, 450.

Number of schools visited for medical inspection, 49.

Number of persons vaccinated against smallpox, 1,963.

Number of persons inoculated against typhoid, 616.

Number persons treated for hookworm, 353.

Number of newspaper articles furnished local papers, 37.

Number of health talks made, 65.

Number of letters concerning health work written, 178.

Number of miles traveled, 5,282.

Dr. Cooper attributes the success of Sampson county's first year's health work to the co-operation of its citizens: The board of education, the board of county commissioners, the teachers of the county, the editors and the physicians, "to a man." He pays high compliment to the public health work that is being done in the Salemburg community by the Rockefeller sanitary commission under the auspices of the State Board of Health.
