13DAY, JANUARY 26, 1915.

A GOOD STEP.

The steps taken by the teachers of the county, who met here last Friday, and under the supervision the superintendent of public in ruction, W. G. Privette, formulat

plans for a County Commence ant among the public schools of the county, is an advanced idea of this efficient and popular gentleman, and one that should be more n gratifying to the people of the county as a whole.

The commencement is to take lace in the early part of April And Is an innovation in the life of the public schools of the county, and to be highly commended. The

public schools should be brought be are the eyes of the people, as are the city schools. And as Mr. Privette states, "the pupils of the ral schools who complete the ele-mentary grades have heretofore been given no recognition of this work." Why should they not be given the same recognition as is shown by the city schools?

This is a day that the people o the city should look for, prepare for, and welcome, as it will mean as much to the people of this city will be here on that The railroads entering the city will offer special rates on all trains, and a gathering, such as nev-er before, will be here on that day.
