Not Disconcerted.
An old negro minister was recently interrupted in the course of his sermon by a loud laugh from one of the congregation. He stopped, his face turned white, and said: "De people has told us dat 'er hearty laugh does good like medicine, but de brudder is 'spec'fuly minded dat dis ain't 'er doctor's 'er."

Ancient Furnace Uncovered.
One of the most interesting discoveries by Egyptologists throws new light on the relative origin of copper and bronze in the Mediterranean countries. At Orin Commis, alongside some ancient copper mines of great prehistoric age a foundry has been uncovered with all the furnaces for smelting and molds for casting just as it was abandoned thousands of years ago in the transition periods between the age of stone and bronze. The methods then obtaining in the Sardinian foundry industry as here described were most primitive.

TREAT EYEGLASSES TO BATH
Common Method of Polishing Cannot Be Expected to Remove All the Dust and Grime.
Do you ever give your eyeglasses a bath? If not, give them a surprise and see how you like the result.
Especially in hot weather, when dampness and dust form a gummy combination on the eyeglasses, the wearer of glasses or spectacles will find his vision, apparently, much improved by giving them a thorough washing daily with soap and warm water, followed by drying and polishing with tissue paper. The gummy substance which collects on the lenses in hot weather cannot be removed by a mere rubbing with chamote or tissue paper, and the more humid the day, the more necessary becomes the eyeglass bath.

Monterey Held By Carranza.
Laredo, Texas.—Monterey is held by Carranza troops, according to reports, which said that Gen. Maclovio Herrera arrived there with a large force. When Herrera's troops approached Monterey the citizens took them for Villa troops and for a while panemoneon reigned. General Herrera hurriedly sent out scouts who informed the populace that no Villa troops were in sight and by night conditions were approaching normal again. Villa's capture at Victoria is semi-officially confirmed at Laredo.

Washington is no exception. Every section of the U. S. responds with praise of Doan's Kidney Pills. Thirty thousand persons are giving testimony in their home newspapers. The sincerity of these witnesses, the fact that they live so near, is the best proof of the merit of Doan's. Here's a Washington case:
R. B. Weston, 22 7E Main St., Washington, says: "Several years ago I had a dull pain in my back and across my loins. In the morning I was sore and stiff and could not bend to put on my shoes. After sitting for any length of time, it took me several minutes to straighten up again. I also had headaches and dizzy spells. Finally I procured Doan's Kidney Pills and they cured me of the trouble. I always recommend Doan's Kidney Pills to anyone I hear complaining of weak kidneys."

STRUGGLE FOR FLAG
French Dragoon Tells of Battle With Germans.
Pomeranian Regiment Makes Desperate Fight to Retain Standard—Sergeant Holds Banner Alone After Comrades Die.
By WILLIAM PHILIP SIMMS, (United Press Correspondent).
Paris.—Although regimental standards are no longer carried in the forefront of the battle, modern methods of warfare have not altogether eliminated those picturesque "flags for the lag" dear to the heart of the novelist and painter. Most of the French and German regiments carry their colors with them, and there have been several desperate fights for these alken trophies. The fiercest recorded being that for the standard of the Sixth Pomeranian regiment, which now hangs in the chapel of the Invalides for the inspection of French signifiers. The story of its capture is told by a French dragoon whose regiment brought back the trophy.

COWPEAS TO FURNISH HUMUS
Soil Deficiency May Be Restored if Crop Is Plowed Under—Roots Go to Considerable Depth.
Why sow cowpeas? Why put acres and acres of land in this legume that was once confined almost exclusively to the South and has now become one of the staple crops that is feeding its way a few miles farther toward the Canadian boundary every year?

Positive Relief For Constipation
The progress of modern medical science is, perhaps, no more successfully evident than in the simplifying of many of the old time remedies of past generations. For instance, the harsh cathartics and violent purgatives used by our forefathers to relieve constipation are now known to be not only unnecessary but really harmful. Constipation can be more effectively relieved without the discomfort and pain these old-time remedies occasion.

Asbestos Kids.
He was nine years old and practical, and as he came home from Sunday school the mystery of the Sunday school lesson fell upon him. The lesson was about the three men cast into the blazing furnace. The teacher had made it very plain. Shadrach, Meshach and Abednego were their names, and by the power of faith they had been rescued from the fiery pit. The story was part of his curriculum. It was a miracle—an Old Testament miracle. "Tell you what, mother," he added, after explaining the marvelous lesson the best he knew, "them was sure three asbestos kids!"
