He was the recipient of two beautiful pictures, a drum, baseball, some toys and other presents of a similar nature. Those present were Walter Credle, Charles Morton, Fred Ayers, F. S. BUSINESS CONDITIONS PICKING UP

Washington, D. C. June 1.—Encouraging reports are coming to Washington from every section of the United States. Business is picking up everywhere.

The exports of this country are growing by leaps and bounds and the farmer and the manufacturer will feel the boost if the tide keeps rising.

The President has been informed that where one ship was under construction in this country a year ago two are being built now. The demand for American vessels is increasing.

 So many women grieve because there are grease spots on their kitchen floors and water with any amount of scrubbing will not remove them just try alcohol to remove these same spots, and you will be pleased with the result.

The Mind Expands As Health Expands

Quick Improvement is Noticeable When Proper Aid to Nutrition is Given.

A low state of the general health is now the accepted cause of backwardness in children. So in the case of a backward child it is best to look towards building up its health. It will usually be found that the main trouble is in the food, in lack of assimilation and digestion. Hence care should be taken in the kind of food given to the child. This, with plenty of air and exercise, should bring about a change for the better.

Watch the condition of the bowels, to note whether the waste is being passed off or not, or whether it is being passed too freely. If either condition prevails give a small dose of that gentilest of all laxatives, Dr. Caldwell's Syrup Pepsin. Thousands of mothers will testify to the wonders it has wrought in the lives of their own children, and for that reason legions of families like those of Mrs. Daisy McBroom, Hillsboro, Ind., are never without it in the house. She is the mother of Lucile and has been using Dr. Caldwell's Syrup Pepsin for Lucile since she was two. Mrs. McBroom says it saved Lucile's life. It is the standard family medicine in the McBroom home.

It is pleasant to the taste and so

perfectly safe that it is given to infants, and yet is equally effective for grown people. All druggists sell it and the price is only fifty cents and one dollar a bottle, the latter for families who need it regularly.

Dr. Caldwell's Syrup Pepsin has no equal as a cure for constipation, indigestion, biliousness, headaches, sour stomach, gas on the stomach, liver trouble and kindred complaints. It has so many advantages that those who once use it forever after discard cathartics, salts, pills and other coarse remedies, for they are seldom advisable, and should never be given to children.

Families wishing to try a free sample bottle can obtain it post-paid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

NEW FACTS ABOUT CANCER.
 A study of 1,000 cases of cancer of the stomach reveals the fact that this disease claims more men than women as its victims and that it occurs most frequently between the ages of forty and sixty years. Ulcer of the stomach, on the other hand, appears most frequently between the ages of twenty and forty years. In over 90 per cent of the cases of cancer hereditarily seemed to play no part whatever.

Repertise at the Card Club.
 At a card club the other day a woman tried to add the score, failed, and passed it to another woman, who likewise failed. The third added it without trouble. "Pardon me," said No. 1, sweetly, "but would you mind telling me whether you were a bookkeeper or a teacher before you were married?" "Neither," was the reply. "I was merely educated,"—Kansas City Times.

Triumph of Mutes.
 It was but the other day when the triumph of the deaf and dumb faced me. It was a ship just starting from Southampton to Canada. You know the unlearned shouts during the last hour from the shore. There were two men, deaf and dumb, talking quietly with their fingers to the brother or land, who could reply. They were the only three that could talk freely among the unlearned turult.—London Chronicle.

Reforming Lizardville.
 "I understand that your nearest neighbor, Lizardville, adopted prohibition." "Yes," replied Three-Finger Sam, "as leading citizens of Crimson Gulch saw to that. There ain't enough saloon business for two towns in this locality. Crimson Gulch bet's the natural center of commerce, me an' Piate Pete an' a few others went over an' reformed Lizardville."—Washington Star.
