WASHINGTON WAREHOUSE IS READY

PREPARATIONS ARE MADE FOR HANDLING THIS YEAR'S TOBACCO.

MANY BUYERS

Large Number Expected to be Here This Season. Successful Local Market is Predicted.

A most successful season is expected by the management of the Washington tobacco warehouse. Extensive preparations have been made for marketing the tobacco of the farmers of this section and it is predicted that the local market this year will closely rival in size that of the older established markets in various other parts of the state.

As heretofore, the Washington warehouse will be under the management of S. A. Gravelly of Rocky Mount, Va. Mr. Gravelly is an experienced tobacco man and will have the assistance of a capable force in handling the market. Practically all of the buyers who were here last season will be in Washington again this year, and in addition to this, it is stated that a number of new buyers will be on hand.

Walter Windley, who is also interested in the management of the Washington warehouse, has been in various parts of the county during the last few weeks and a large number of the farmers have promised to market their crops in this city. Mr. Windley has had considerable experience in tobacco marketing and is well-known in this business throughout this section of the State.

There will also be three reels of Associated films tonight, which will make a very strong bill for the amusement of movie fans. For all of next week this house has engaged the Democrat Stock Co. which will present six different plays next week, with evendeville specialties between the acts. The pictures will be shown from 7:30 until time for the play to go on, without any extra charge.

SAYS BAKER.

A young man called in my studio recently. Says he, "I want my picture taken. This is something I never had done, and never gave it much thought. But it seems as if I have got myself somewhat in a trap and I am just learning why it is people have so many pictures taken. I have always loved the women folks, and the first two or three girls I ever loved or thought I loved lived right close to me. I could see them every day or so. But as I got older I began to wander farther from home. So to make my story shorter, I have caught me a girl in West Virginia and I tell you feeling her every three months still like seeing her every day or so. Her signature looks awfully good. Three times a week, but her profile view look just five times as good. So we are going to exchange photographs. Give me a good job; makes me look better than she saw me last. I just will be talked to death if you can."

THIEVES ROB JEWELRY STORE

ENTERED STORE OF WM. BELL ON MAIN STREET TUESDAY NIGHT.

STOLE WATCHES

No. One Has Been Found Yet that Might Lead to the Arrest of the Parties. Was Second Robbery.

(Owing to the request of the interested parties, this story was withheld until today in order that the case might be worked up).

Robbers Tuesday night entered the jewelry store of Wm. Bell on Main street and stole two watches out of the show case, each valued at about \$35. The thieves made their escape and although the police have been hard at work on the case, no clues have been found as yet that might lead to the discovery of the thieves.

The robbers entered the store through the rear entrance, breaking a pane of glass out of the window and thrusting an arm through to unlock the door and remove the bar. Although there were several other watches in the case and a number of articles of jewelry, including watch chains, brooches, match boxes, etc., nothing else was taken.

This leads to the belief that the robbery was committed by white men, for the theory is advanced that if negroes had been guilty of the act, they would have taken some of the trifles of lesser value.

This is the second robbery of the store within the last few months. In the first robbery, the thieves also entered through the rear door and took two watches out of the show cases. They also made their escape. Robbed Shoe Store.

Two negro boys, John Hardy and Neil Green, were arrested yesterday on the charge of having stolen a pair of shoes and two pairs of rubber heels from the shoe shop of James Ha, located in the store formerly occupied by Bland's restaurant on Main street. The boys will be given a hearing this afternoon at the recorder's court.

Congressman Advocates Plan

Mr. Small Believes That Good Results May Be Obtained from Publicity Measures.

When asked for an opinion regarding the recent "publicity" meeting which was held in Raleigh, Congressman John H. Small stated this morning that he believed considerable benefit could be derived by various sections of the State in advertising the resources and advantages to be found here.

"I don't exactly know what plan of publicity are to be advocated," said Mr. Small, "but a page advertisement in some of the magazines that have a national circulation would undoubtedly bring good results for North Carolina. The truth should be told of our resources, but infinite pains and care should be taken that no exaggerations of any kind are made. However, I do not believe that we need exaggerate in any form, for we have no cause to be ashamed of any part of our State."

ADDISCOS MEET.

Last Meeting of the Season Was Held Yesterday Afternoon.

The Addisco Book Club held the last meeting of the season yesterday afternoon with Mrs. John Rodman at five o'clock. After the guests were seated on the broad veranda, enjoying a delightful breeze from the river, each was given a fire-cracker—a reminder of the coming Fourth—and a poem on the home of the popular club in the meter of "My Country 'tis of Thee," written by the hostess, which was sung by the club:

"Addisco, 'tis of thee, Members we're proud to be, Thy name we love, We love thy strength and age, Thy history's every page, Thy literary fame; Thy praise we sing."

The club was called to order by the president, Mrs. B. C. Moss, and the responses to the roll-call were suggestions as to the program for the coming year. As this was the regular business meeting, there were no papers to be read. It was unanimously voted that the study for 1915-1916 should be on five topics of the day, a continuation of the last program, "The trend of the times."

On this program committee, the following ladies were appointed: Mesdames J. F. Mayo, W. B. Morison, S. R. Fowle, Stephen Bragaw, John Rodman, F. H. Rollins and Misses Jane Myers and Josephine Whitney.

On the book committee, the following ladies were appointed: Mesdames L. Knight, C. F. Warren, Herbert Bonner, D. T. Taylor, W. D. Grimes, John Sparrow and Miss Betty Harvey.

As the present staff of officers had served a full term of two years, a election was in order, much to the regret of the club, who would gladly have doubled the term of service. The president, however, would not allow this. A nominating committee was appointed and their suggestions were entirely satisfactory. The following officers were elected with enthusiasm:

Honorary president, Miss E. M. B. Hoyt, President, Miss Jane Myers, Vice president, Mrs. Stephen C. Bragaw.

Secretary, Mrs. L. L. Knight, Treasurer, Mrs. J. B. Sparrow, Librarian, Miss Betty Harvey.

A delightful social hour followed the business session. Refreshments were served with souvenirs suitable for the occasion—our beloved flag; no less dear because so diminutive. The club then adjourned, regretting that they would not meet again until October.

Two Suit Cases Are Seized

Taken by Raleigh Police, Supposed to Belong to Resident of Washington.

Local police officials were notified yesterday by the Raleigh police that two suitcases of liquor had been found on the Norfolk-Southern train, containing over 50 pints of liquor. The supposition is that a local resident had gone to Norfolk after the liquor, become somewhat dubious about running the gauntlet of the police at the local station and had abandoned the suit cases to their fate.

The Raleigh police stated that they had seized the liquor but that the Washington police could have the suitcases and the clothes that had been found in them.

Triumph of Mutes. It was but the other day when the triumph of the deaf and dumb faced me. It was a ship just starting from Southampton to Canada. You know the unheard shouts during the last hour from the shore. There were 'we men, deaf and dumb, talking quietly with their fingers to the brother or land, who could reply. They were the only three that could talk freely among the unheard throng.—London Chronicle.

RUSSIAN LINE STILL BEING SWUNG BACK

PETROGRAD ADMITS A CONTINUATION OF THE GERMAN OFFENSIVE MOVEMENT AGAINST THE BIG BEAR FORCES.

WATER ATTACK

Efforts of the Teutons on the Baltic Are Frustrated. Interest in Gallipoli Campaign.

London, July 2.—The Russian line still are being swung back in Northern Galicia and Southern Poland, in an apparent effort by the Teutonic allies to clear the way for a determined move on Warsaw.

The Russians admit a continuation of the enemy offensive between the Bug and the Vistula. At the latter's junction with the Vistula in Poland lies Ivanogrod, which Russian observers believe is the immediate objective of the Austro-German forces in that region. Ivanogrod is little more than fifty miles southeast from Warsaw.

Just now the chief Russian holding power seems to be along the line of the western Bug and the Gnila Lipa in Galicia. Petrograd also records a repulse of an attempt by the Teutons to cross the Dnieper near Halez, indicating that the line of the Dnieper south of that place still is well held by Grand Duke Nicholas' forces.

German Attack by Water.

A German attack by water on Windau on the Baltic, just south of the Gulf of Riga, was repulsed by the Russians, Petrograd says. Five cruisers and many torpedo boats participated in the attack and it is declared the Germans attempted to land troops. One of the torpedo boats was blown up before the fleet retired.

Eyes on Gallipoli.

Eyes are being turned toward Gallipoli peninsula, from which striking news recently has come. There are hints from the side of the entente allies that successes just reported are to be followed by still more determined attempts to carry out the Turkish positions. German submarine activity, brought sharply to the front by the sinking of the steamer Armenian with the loss of a number of American lives, further shown by news of the sinking of the British bark Thistle and the Norwegian steamer Arna through torpedo attacks.

The Armenian Case.

The case of the Armenian is being held in abeyance in Washington until the status of the vessel of the circumstances in which she was sunk are fully determined.

The situation, however, is regarded as clarified to a great degree by despatches saying the Armenians tried to evade the submarine after ordered her to stop. Such an attempt is believed by many officials to justify the sinking of the vessel.

French Repulse Germans.

The Paris statement today indicates the French armies have been chiefly occupied in repulsing German attacks.
