### BIG SWAMP NEWS.

We have had much rain during the last few days but most all the farmers in this vicinity have their fodder and tobacco housed and are now grading tobacco.

Albert Singleton and L. A. Jackson made a flying trip to Beaufort Sunday last.

Mr. and Mrs. L. H. Jackson were Washington visitors Sunday.

Quite a number of our people have been attending the protracted meeting at Old Ford this week.

I was glad to hear from the Mill Road last week. Come again soon. We people that live near Big Swamp love to read good news and what the Mill Road itemizer sends in is all good.

Willy Woodard carried some of his tobacco to the Washington market last Monday and on his return he reported with a broad smile that tobacco was selling good.

Mrs. R. A. Singleton and Littlejohn, R. P. spent Sunday last with her brother, Gilbrey Ball, of Bramen's Chapel.

Asa Albert Ralph and Dave Singleton attended a chicken stew at the home of Jim Jackson near Jamesville Tuesday night of last week. They report a fine time.

S. Y. Ballum, of Jamesville, was in our vicinity today.

Wes Jackson, of Calf Branch, was in our midst Sunday morning.

Well, we farmers are through priming tobacco but have not seen any of our city friends out to "clarify their brains," helping us. Guess they clarified them another way by

### A WONDERFUL ANTISEPTIC.

Germs and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c, 50c. The \$1.00 size contains six times as much as the 25c.

## TO INSPECT INVENTION

(By Easton Press)  
New Bern, Sept. 6.—Whether the invention of William Dixon, of Oriental, which he claims will put a stop to a torpedo after it has been fired at a ship, will prove to be a success, will be proven in a few days when official tests are made of it in Neuse river off Oriental. Lieutenant Hollis Connor, U. S. N., and instructor-inspector of the North Carolina Naval Militia and inspector of the shells manufactured at Raleigh, will go to Oriental within a day or two to inspect Mr. Dixon's invention and to see actual tests made of it. The device is controlled by electricity and Mr. Dixon claims that, if given eight seconds warning after a torpedo is fired at a ship he can prevent the missile from striking the target, causing it to explode harmlessly in the water several hundred feet from the target. He has spent some time working out the details of the contrivance and it is claimed that it has now been perfected.

## SALES SMALL BUT PRICES HIGH

Sales today were not as heavy as they were the latter part of last week, and the condition of the tobacco was very much better, therefore prices showed an advance over Friday of from \$2 to \$4. The better grades, higher up the stalk which showed up today sold higher than they have during the season, and by the latter part of this week our buyers will all have orders for these grades, and we expect them to sell well. The burnt end tobacco should be pulled off when grading is done, and the first pulls should all be sold now as soon as possible. The common plant bed leaves are lower and will continue to sell low.

Some sales made today were as follows:

J. C. Daniels, \$9.75, \$10, \$11, \$11.75, \$13, \$16, \$17.50.  
Harris & Elks, \$4, \$8.50, \$12, \$12.25.  
W. T. Bennett, \$6.25, \$7.50, \$7.75, \$12, \$13, \$15, \$19.  
Edwards & Warren, \$13.25, \$16, \$18, \$20, \$21, \$22, \$23, \$24.  
Oca Woolard, \$8.31, \$10, \$13, \$12.25.  
White & Elks, \$8.75, \$10, \$12.25.

Yours truly,  
SHELburne-BAUGHAM CO.

When Crown Was in Pawn.  
In former centuries the crown used to be the favorite way of raising money, and the royal jewels used to be in pawn most of the time. At the time of the coronation of George IV the crown was in pawn, and was hired out for the occasion at a cost of \$35,000. The king wanted to buy it, but Lord Liverpool thought it an unnecessary extravagance. Finally they browbeat the poor pawnbroker down to \$35,000, although the crown was then valued at \$750,000, and in celebration George IV had to march through the streets for miles wearing a 5½-pound weight on his head.

## INDIAN MOUND HAS STORY

Archeologists Will Make Excavations in Order to Study Lives of Ancient Race.

Atlanta, Ga.—Dr. L. G. Hardman went up to his Nacoochee Valley farm recently, to superintend the work preparatory to the excavation of an Indian mound which possesses an interesting history.

There, Nacoochee, an Indian prince, was buried, and tradition holds a fascinating romance connected with her life and death.

Archeologists, representing a New York museum, will excavate the mound in order to make a scientific study of the lives of the race which once inhabited that section of the country in the years ago.

The utensils used, their war paraphernalia, and even the skeletons of the people buried there, will afford interesting research work.

All the interesting excavations will be carried to the New York museum, and the mound will be rebuilt just as it stands today.

## WOMAN WORKS IN TROUSERS

Attired Like a Man, Miss Frances Cadero of Pennsylvania Runs 75-Acre Farm.

Connellsville, Pa.—Perry township has a woman who goes about her work in a genuine mannish way. She is Miss Frances Cadero, aged twenty. Alone she manages a 75-acre farm, including the care of six horses and several cows.

This spring she put out ten acres of corn and several acres of oats. Along with this she "broke" two colts.

Her father ill, her mother unable to look after the farm, and her brothers all away, she shouldered the burden of managing the farm.

She began three years ago. She discarded woman's apparel and wears trousers in the field and in the barn. She has grown strong and healthy.

## WEAR MASKS ON BOARDWALK

Atlantic City, N. J. Sept. 6.—Ever resourceful in finding new fads in the summer girl. And before she resigns in favor of her winter successor, she has discovered a fascinating mask, which neither hides her beauty nor dims the brilliance of her flashing eyes. On the contrary, as she herself knows quite well, this boardwalk fashion adds to her charm.

It is a tiny scrap of black tulle or chiffon drawn tightly over the eyes to the tip of the nose. It is much like the old-fashioned nose veil, but it hasn't the reason for existence that the veil had. Not a wisp of the summer girl's hair shows and therefore it does not need to be confined.

Yet the mask is considered quite essential to the promenade costume. Some fair pedestrians in their white suits, colorful sweaters and shade hats wear a mask made of one thickness of white maline overlaid by another of black.

## MANY STILLS WERE RAISED

Raleigh, N. C. Sept. 6.—From October 5, 1915, to August 15, 1915, the records of the internal revenue collector's office in this district show that there have been 243 successful raids made by the eleven deputy collectors. Of these 243 raids 193 were made by one Deputy, Mr. J. P. Still, of Raleigh.

That Collector Bailey is not at all satisfied with the activity, or rather lack of activity, of some of the other deputies in this district, is pretty generally known in the internal revenue office in this city and it is some of them do not get out and show more results the appropriation made for this branch of the work will be materially increased.

## BYRAN'S DAUGHTER WORKING

Prepares to Go to Egypt to Be Near Soldier Husband.

Washington, Sept. 6.—Former Secretary of State Bryan's oldest daughter, who is the wife of Capt. Reginald Owen of the British army, is preparing to go to Egypt to be near her husband.

Mrs. Owen has given much of her time to helping those who are assisting the British fighting forces. Capt. Owen recently has been promoted and is now doing inspection duty between Turkey and Egypt. Information received by a Washington friend of Mrs. Owen today said that one-half of the men under Capt. Owen's command have been killed and that his wife is anxious about him.

Mrs. Owen will leave her little girl, Kitty Leavitt, in a school in England and take with her to Egypt her son, Bryan Leavitt.

## HAPPY WOMEN

Plenty of Them in Washington, and Good Reason for It.

Wouldn't any woman be happy, after years of backache suffering, days of misery, nights of unrest, the distress of urinary troubles, when she finds freedom?

Many readers will profit by the following:  
Miss Lillie G. Davis, 107 E. Second St., Washington, says: "A severe spell of sickness left my kidneys weak. I had a dull, nagging pain through my back. In the morning I was sore and stiff, and after sitting for awhile, it was an effort for me to straighten. After using two boxes of Doan's Kidney Pills, I was relieved of all symptoms of the complaint. I think Doan's Kidney Pills are a splendid kidney tonic."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Davis had. Foster-Milburn Co., Props., Buffalo, N. Y.
