## VAST ARMY OF RUSSIA MENACED

FALL OF VILNA ENDANGERS RUSSIAN FORCES NUMBERING FROM 250,000 TO 500,000. ONLY ONE RAILROAD OPEN FOR RETREAT.

### CRITICAL POINT IN CAMPAIGN

One of the Greatest Battles of the War Will Develop in Efforts of Russians to Extricate Themselves. Evacuation of Kiev is in Progress.

London, Sept. 21.—Concern is expressed in London for the safety of the Russian forces retreating from Vilna estimated from 250,000 to 500,000.

The Russian line of retreat from the Vilna region has been limited because of the German encircling movement, to a single railroad route through Lida to the southeast. Foreign military observers mention the probability that one of the greatest battles of the war will develop from the efforts of the Russians to extricate themselves.

Petrograd correspondents express confidence that the Russian armies will be safely withdrawn from the Teutonic net in the Vilna region as they have been previously from the grasp of other German encircling movements.

A despatch to a Petrograd newspaper from Kiev contains a statement that the evacuation of this important city of Southwestern Russia is "proceeding normally."

Renewed Activity in West.

Paris reports intense activity by artillery along the Franco-Belgian line. Incidents recorded are the blowing up of a munitions depot within the German lines near Perthes, interference with German provision trains by the French artillery in the Artois district and the checking by French guns of the fire of German heavy artillery near Camp Dechalons in the Champagne region.

The German infantry at Tonnoy opened with rifle fire several times but they did not leave their trenches. A German listening post to the east of Saigneville was taken by the French, the Paris war office declares, while in Lorraine the French batteries continued a destructive fire upon the German defensive works.

## IN MEMORY OF C. A. CAMPBELL

Little can the living do for the dead. The pomp and ceremonies of earthly grandeur have lost their significance, but when our soul shall leave its dwelling, the story of one fair and virtuous action is above all the escutcheons on our tombs or silken banners over us. His private life, the faults and failings of his character, whatever they may have been, belong in no sense to the world. They are for the judgment of God, whose merciful forgiveness is necessary for the best of what we do and are.

Full of good deeds, and after a brief illness, Charles A. Campbell heard the rustle of angels' wings in the stillness of the twilight hours of the 4th of the present month, and entered into rest, until the glorious light of the Resurrection shall gleam with splendor in the transmuted East.

He was born in Washington, N. C., October 10, 1855, and was the second son of the late W. B. Campbell, a well known and courtly gentleman of the old school, and who served this county as sheriff several terms. His mother, whose maiden name was Miriam Eliza Satterthwaite, was born in Beaufort county, she was amiable, industrious and a thorough Christian lady. The subject of this sketch was a nephew of the late lamented and distinguished Fenner Satterthwaite of the

## BOILER BURSTS; 2 NEGROES AND MULE KILLED

ACCIDENT OCCURRED LATE YESTERDAY AFTERNOON AT TRENT.

Yesterday afternoon at Trent, across the river from Vandemere, a boiler in the plant of the Trent Supply company exploded, burst out of its brick casing, went up through the roof and was carried through the air for a distance of over 200 yards. The flying bricks killed two negroes and a mule, who were working nearby.

The exact cause of the accident is not known. The boiler, it is stated, was an old one, and it is supposed that it was unable to withstand the pressure of steam to which it was subjected.

### CHANGE MADE IN RESCUE WORKERS

Captain Gossett Leaves for Elizabeth City. Captain Owens Replaces Him.

Adjutant and Mrs. J. B. Gossett, who have been representing the American Rescue Workers in this city during the last four months, will leave here for Elizabeth City, where they will continue the same line of work.

Captain and Mrs. J. H. Owens will take up the work in this city in the future.

## FALL STYLES TO BE DISPLAYED

MERCHANTS OF THE CITY TO HAVE OFFICIAL FALL OPENING.

Tomorrow and Thursday have been officially designated as "style days" by the merchants of Washington. J. K. Hoyt, James E. Clark and Suskin & Berry have announced that they will have their fall millinery opening on these days and it is expected that a large number of Washington ladies will take advantage of this opportunity to see what "Dame Fashion" has designated as "the latest" in millinery, shoes and clothing.

Representatives of the three stores mentioned above have recently returned from New York City, where they purchased large stocks for their fall and winter trade. Their stores are well filled with the same class of goods that are handled by the merchants of the big cities.

## RECEIVES WORD FROM OFFICIALS

NECESSARY TO HAVE 5,000 POUNDS IN ORDER TO SHIP ON THROUGH FREIGHT.

T. H. Myers States that Norfolk Southern Will Be Willing to Add Car to Through Freight if This Amount Can Be Secured.

That the Norfolk Southern will ship freight from Edenton to Washington on the through train, providing that at least 5,000 pounds is sent, was the information given out this morning by T. H. Myers, local agent for the railroad.

Recently some of the local tobacco men had considerable complaint to make on account of the length of time it took for tobacco to arrive from Edenton on the local freight. Mr. Myers took the matter up with his officials and they informed him yesterday that it would be impossible to ship two or three small packages on the through freight, but that if a sufficient quantity could be made up, the through freight would pick the car up at Edenton.

If shipments from Hertford are sent on a local freight to Edenton, it may be possible that 5,000 pounds of freight can be secured. If this is done, it will arrive in Washington on the morning of the following day, instead of late in the afternoon.

### MILITIA AT THE FAIR.

Companies to Compete for Numerous Prizes.

Raleigh, Sept. 21.—The state fair management has designated October 29 as "military day" and this afternoon Adjutant General Young sent circular letters to all the military organizations in North Carolina giving them instructions as to the feature which is first introduced this year.

General Young sends greetings that count. The fair management will contribute \$225 for company drills, and individuals who are officials, will add to this \$295, making more than \$500 which the soldiers will receive. Besides the money figures which are made worth great effort, the railroads are induced to give the militia rates of a cent a mile each way.

## THREATENED TO KILL WIFE; KILLED BY NISTER-IN-LAW

Yazoo City, Miss., Sept. 21.—Before he could carry out a threat to kill his wife, several members of his family and himself, Garnet Nolan, 34, a planter living 20 miles south of here, was shot and instantly killed by his sister-in-law, Mrs. R. D. Strong, at his home late Saturday night.

Nolan entered the bedroom of his wife, who was ill, witnesses said, and threatened to kill Mrs. Nolan and as many more persons in the room as he could, declaring that he would take his own life, too. He was standing within a few feet of Mrs. Nolan's bed and was aiming the weapon at her. It was said, when Mrs. Strong put a small revolver against the back of his head and fired four bullets into his brain.

Mrs. Strong will be given a preliminary hearing tomorrow.

## COOL WAVE HAS BEEN DELAYED

Kept Back on Account of Atmospheric Disturbances in Alleghany Mountains.

Yesterday the Daily News predicted a cool spell for today. The "spell" was on its way, alright, but owing to atmospheric disturbance in the Alleghany mountains, it has been slightly delayed. According to our special weather predictor, the cool wave will reach this city by tomorrow. Ear lapp and mittens may be secured at all of the leading stores in the city.

## WAIVES EXAMINATION.

Wilson, Sept. 21.—Rev. A. T. Andrews, who was arrested here last Saturday on a warrant sworn out by S. R. Hinnant, of Smithfield, appeared before Mayor Killebrew this morning and waived examination when he was placed under a \$200 bond for his appearance at the October term of Wilson Superior court.

The warrant under which he was arrested charged immoral acts, but according to statements made by Andrews and the former wife of Mr. T. A. Hinnant, they were married at the home of a Mr. Hall in Dillon, S. C., in December 1910.

Mr. Hinnant produced in court a statement from the register of deeds of Johnston county, that Mr. Hinnant and the woman whom Rev. Andrews claims as his wife were married on May 26, 1910, in the town of Smithfield, by Rev. J. W. Culbreth.

The woman claims that husband "No. 1" abandoned her, and that she received word from husband "No. 2" that if she would join him in Dillon they would have the nuptial knot tied. Mr. Hinnant will sue for a divorce.

### TAILOR, SHOEMAKER AND WIFE SETTLE QUARREL IN COURT

Tailor Wanted Shoes; Shoemaker Wouldn't Let Him Have Them. Wife Got Mad and Cleaned Up Shop.

(By Eastern Press) Greenville, Sept. 21.—Jake Greenbaum, a tailor of this city, Antonio Morasco, a shoemaker, and Mrs. Morasco, said shoemaker's wife, figured in a rather interesting case in the magistrate's court this morning.

Greenbaum's shoe store, in court, as he paid for the shoes, advance Morasco, however, emphatically denied this, and in order to prevent Greenbaum from getting the shoes, he took them home and put them behind the family clock. Greenbaum sent a nigger to Morasco's house and Mrs. Morasco gave the boy the shoes.

When Morasco learned of what happened, he spoke somewhat sternly to his wife and she, determined on revenge, started after Greenbaum. It is stated that she entered his tailorshop, picked up a big pair of shears and made him do a Durango out of the shop and to the street. He had warrants served and all parties appeared in court. The judge listened to the case and dismissed it.

## MARTIN COUNTY TOBACCO HERE

OVER 7,000 POUNDS ON THE FLOOR OF THE CENTRAL WAREHOUSE TODAY.

Farmers of Martin County Beginning to Realize That Local Market Pays Best Prices. High Grade of Tobacco Is Sold.

Over 7,000 pounds of tobacco was on the floor of the Central warehouse this morning from Martin county. The weed arrived in the city early this morning and sold for excellent prices. Most of it was of the higher grade.

Mr. Shelburne, recently visited one of the farmers in Martin county and told him about the local market. The farmer promised to give a trial of a number of small loads, arrived here some time ago and business was transacted with mutual satisfaction. Since then, the story has spread among the farmers in Martin county and this morning's large amount of tobacco was the result.

It is believed that the farmers from that section will continue bringing their crops here, as all of their dealings on the local market have been transacted satisfactorily.

## FIGHTS BIG SNAKE SIX HOURS.

Newton, N. J., Sept. 21.—William White, a merchant of this place, returned from a hunting expedition in South America with the skin of an anaconda measuring 24 feet in length. White told his neighbors the snake weighed 735 pounds and fought for six hours before it could be killed with clubs.
