FACTS FOR SUFFERERS.
Pain results from injury or congestion. Be it neuralgia, rheumatism, lumbago, neuritis, toothache, sprain, bruise, sore stiff muscles or whatever pain you have yields to Sloan's Liniment—brings new fresh blood, dissolves the congestion, relieves the injury, the circulation is free and your pain leaves as if by magic. The nature of its qualities penetrate immediately to the sore spot. Don't keep on suffering. Get a bottle of Sloan's Liniment. Use it. It means instant relief. Price 35c and 50c. \$1.00 bottle holds six times as much as the 25c size.

Know the Flow of Rivers.
No one starts to build a house without knowing how much room to waste or how many people are expected to occupy the house. The same thing should be true of power plants, water supply systems, sewage disposal plants, levees, flood control works, irrigation works, and land drainage systems. If such construction work is to be done economically and successfully, a knowledge of the amount of water involved is essential.

NEAR DEATH BY SMOTHERING
But Husband, With Aid of Cardui, Effects Her Deliverance.

Droper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years with pain in my left side, and would often almost smother to death. Medicine pitched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken. I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength. If you are a woman, give it a fair trial. It should surely help you, as it has a million others. Get a bottle of Cardui 50-cents.

RIDICULER MAY BE SUED

Made Fun of Salisbury Fair by Distributing Circulars Through the City.

Salisbury, Oct. 6.—A suit for damage may be the outcome of an incident in connection with the calling off of the races at the People's Fair, Friday. The weather continued bad and the directors announced that there would be no races. Later the track dried off and races were announced for Saturday. In the meantime some one had printed and distributed a number of circulars calculated to hold the fair up to ridicule for cutting out the races. The bulk of circulars were seized before distribution and their author became known to the fair people. While the association has taken no action officially, some of the stockholders have expressed themselves as favoring a suit against the author of the circular.

DANIELS ASKS FOR SHIPS

Is Preparing Estimates as to Number of Warships Necessary for U. S. Navy.

Washington, Oct. 6.—Secretary Daniels made it plain today that the navy building program would include at least two superdreadnoughts each to cost \$18,000,000. "We have learned nothing from the European war," the secretary said, "that shakes our faith in these heavily armored ships, as the main fighting line of the navy." He would not indicate whether more than two battleships would be asked for or how many battle cruisers his estimates would include. The number of ships of each class to be recommended, he said, had not been finally decided. The secretary expects to complete his estimates tomorrow week.

denied yesterday when a customer from the rural district actually fainted at hearing the low price quoted on an article of clothing she wished to purchase. When the clerk named the price on a beautiful coat suit, he was greatly surprised to see his customer assume the pallor of a ghost. Emitting a muffled sound, she fell to the floor in a faint. The entire corps of clerks ran to her assistance. After the application of cold towels, and the injection of hypodermics, she finally recovered. Brushing aside all inquiries she seized the garment upon which her affections had been so securely fastened, and said, with a sigh, "I'll take it."

PACTOLUS TO GET BRIDGE

Commissioners of Pitt County Voted on Matter Yesterday Afternoon.

(By Eastern Press)
Greenville, Oct. 6.—County commissioners were in session yesterday and while there was a large amount of routine business, there was very little of importance transacted.

One thing that speaks well for the present board of commissioners is that it has learned the value of the county's money to such an extent that the board is doing all in its power to cut down the county's expenses incurred in building steel bridges.

Hitherto it has been the policy of the commissioners to go ahead and give the contract to the lowest bidder without investigating thoroughly what the cost would be. The commissioners have been making a study of their expenditures, and when it was decided to build a new bridge at Pactolus, instead of going ahead as before, they got a man to take the contract and have as his help, the convict force of the county. This will, in no doubt, save the county several hundred dollars. The bridge is to be a steel one and will cost in the neighborhood of \$1,700.

WORLD SERIES PREDICTIONS

Managers of Phillies and Red Sox Are Conservative in Their Statements.

BY WILLIAM CARRIGAN
Manager of Red Sox.
We Red Sox will be the baseball champions of the world when the verdict on the big series is in, if grit and determination will do it. I don't like to say too much in advance, because we had rather let our work in the series speak for us. People say my pitching staff is about the best all-round bunch that has been gotten together. I'm proud of them and I rely on them to come through. We don't hold the Phillies cheaply, but I believe we can down them.

BY PATRICK J. MORAN
Manager of Phillies.
Don't be asking me who will win the world's series. We are going to try to, but I won't predict. The best team, or at least the team that plays the best ball, will grab the honors. All through the season my men and I have played one game at a time. We've done the day's work without fretting about what was around the corner until we got to it. The Phillies will follow the one-game-at-a-time idea in the series. We go into the clash unafraid and determined to do our level best to uphold the honor of our league.

If Coffee Came in Capsules

as its drug, caffeine, is frequently sold, coffee drinkers would wake up to the fact that coffee is not a food but a drug.
Yet in spite of the warnings of reputable physicians, many persons fail to realize the harmful effects of caffeine, coffee's subtle, habit-forming drug. Taken regularly this coffee drug—the frequent cause of nervousness, heart-flutter, headache and other ailments—sooner or later gets its hold.

Look coffee in the face—read what physicians and health experts say: (Names on application.)
"Coffee is a dope and narcotic almost equal to opium. Slowly but surely it gets control of its victim and holds him in its grasp a pitiful, helpless victim."
"Coffee is a drug. Those addicted to its use are drug addicts."
"Some people get the craving for alcohol by first taking tea or coffee."
"They (the tea and coffee drugs) are comparable to opium in that they induce a habit and should be avoided."

Right now, Mr. Coffee Drinker, is the time to find out whether or not coffee has a hold on you. It's simple and easy—quit coffee ten days and use
