BIG CIRCUS TO BE HERE THIS WEEK

CARL HAGENBECK-WALLACE SHOWS TO BE SEEN IN THIS CITY ON FRIDAY.

GIVE TWO SHOWS

Afternoon Performance Will Begin at Two O'Clock. While Evening Show Will Start at Eight. Is Bigger and Better Than Ever.

Only a few more days await the appearance of the Carl Hagenbeck-Wallace Circus in Washington. The date is Friday, October 15, and the small boys as usual are at fever heat in anticipation of what they will see and hear on circus day, acknowledged to be better than Christmas and the Fourth of July combined.

Nothing seems to dim the popularity of the circus, especially those of the larger type. A new crop of children appear each year. They must see the dear good old clown and smell the sawdust. But the blare of the band, the rumble of heavy red wagons and the roar of the lions seem to make the grown-ups, kids again on circus day. Of course they generally say they are going to "carry the children to see the animals." But deep down in their hearts they know they would not miss the big show if there was not a small boy in a thousand miles on circus day.

An idea of the magnitude of the Carl Hagenbeck-Wallace Circus may be obtained from the immense street pageant to be seen on the downtown streets at 10 o'clock preceding the first performance. There will be upwards of three miles of acrobatic flunery. More than 1,000 men, women and horses will be seen in the great display. Eighteen different nationalities will be represented and the characteristic music of the world will be played upon brass instruments, tom toms, drums, fife and cymbals. Eight bands will yield circus melody, augmented by two of the largest calliopes ever constructed. Many of the fens containing the Carl Hagenbeck wild animals will be open for public display. There will be more than half a hundred elaborately carved and decorated tableaux wagons and allegorical floats. Three herds of ponderous elephants will make up the rear of the pageant. The performances will begin at 2 and 8 p. m. Doors to the Carl Hagenbeck zoo will be opened an hour earlier.

WESTON ELECTED CAPTAIN.

(Charlotte Observer) At a meeting of the Horner football squad yesterday afternoon, James Weston of Washington, N. C. was chosen as captain of the Purple and Orange for the season of 1915. Weston received the captaincy by a substantial majority, with Hines, Cheek and Nance being the recipients of nominations. Weston, although a first-year man at Horner, is a gridiron performer of much scholastic experience, having occupied a backfield position upon the Washington High School eleven for five years. The Washington team is one of the strongest in the eastern portion of the State and is each year a formidable contender for the State championship which is decided at Chapel Hill. Owing to his extensive experience and individual ability, the selection of yesterday should prove a highly capable pilot for the Horner team.

Distinction Without a Difference.

In the United States they occasionally lynch a man, but in Haiti he is mentioned as a presidential possibility.—Wall Street Journal.

ROQUE GONZALES GARZA

Roque Gonzales Garza, at one time president of the convention government of Mexico, is now in Washington as a representative of the Villa-Zapata faction. He says any pacification plan that recognizes Carranza and does not include the Villistas as factors in the situation will mean nothing but anarchy in Mexico.

STATE FAIR WILL OPEN NEXT WEEK

WILL BE ON A LARGER SCALE THAN EVER. PREPARATIONS ALMOST COMPLETED.

MANY FEATURES

Numerous Exhibits Already Received. Social and Educational Features Are Well Cared For. A Big Time Is Expected.

(Special to the Daily News)

Raleigh, Oct. 10.—Another week and the Great State Fair will be on. North Carolinians from every section of the State will gather at the capital for the annual fraternal greetings and to witness what God hath wrought through man's industry and intelligent direction on the farm, in the orchard, in the shop, in mercantile establishments and the various other forms of endeavor.

Great things are being predicted of the coming event. Colonel Pogue, the secretary, says that it will be the biggest and best that has ever been seen in the old commonwealth. It is not merely a catch phrase to draw crowds to Raleigh. He's got the facts to back the assertion. Coming events cast their shadows before them. Within the past few days indications have transformed into realities. Exhibit entries have grown so great that extra space must be provided. The floral and military feature has assumed such proportions that it can now be said without stretching the facts that this feature will be the greatest ever pulled off in North Carolina. The social features have also been brought to the front as never before. It will be an occasion that will please the crowds so immensely that all will be glad that they came.

There is all kinds of steam behind the fair this year. Colonel Pogue in the years past has demonstrated his ability to pull off big events. This year he is putting his usual energy into the work and in addition he has the co-operation of the president, Capt. E. J. Parrish, of Durham, who is throwing his whole heart, body and mind in the effort to make the fair the greatest ever held in the State and the efforts of both are meeting with unusual success. In the social department, Mr. R. O. Everett, of Durham the chief marshal, is putting forth strenuous efforts, and the State Fair

DRESS-UP WEEK BEGINS TODAY MANY BARGAINS

MERCHANTS ARE EXPECTING A BIG WEEK'S BUSINESS IN ALL CLOTHING.

ANNUAL EVENT

Week is Being Observed Under the Above Name All Over the Country. Special Prices Are Made on Men's and Women's Clothing.

Even the elements entered into the spirit of DRESS-UP WEEK this morning. After three days of dreary rain and dark lowering clouds, the bright October sun shone from the brilliant blue expanse above and cast its radiant warmth into the crisp autumn atmosphere. Nature herself seems to have thrown in her lot with the merchants of Washington, to have enlisted in the campaign for better dress. For bright and early this morning she had cast aside the sombre garments of the past few days and appeared smiling, adorned in all her best, to encourage the efforts of the merchants, to set an example for the citizens of Washington and to make the opening of DRESS-UP WEEK a success. But Nature with all her golden sunshine, her blue skies and bracing breezes, could not outdo the merchants of Washington, who have dressed their stores, their thoughts and their hearts for the occasion.

While it never can be said that the clothiers and furnishers of Washington are not at all items "dreary," yet the extra effort for better dress at all times for their customers and friends is evident in their shops and shop windows today, where everything they have to offer betokens a freshness, a newness, a stylishness that pleases and displayed in attractive ways and prices. If Nature, the merchants and their establishments can "dollar up" on this beautiful autumn day, then why can't you. And if you put up your best appearance today why can't you continue to do the same all the rest of this year and the next.

Go to see the merchants of Washington today and let them show you how it can be done, and see for yourself how they have done it. And if you can't see them today then visit their stores during the present week. MERCHANTS' DRESS-UP WEEK began this morning and will continue through next Saturday, October 16. You will have plenty of opportunities to avail yourself of their inducements. Get the spirit of the merchants of Washington. It's the proper spirit; it's an aid to your business, and it's a pleasure with all. Dress up!

NAVAL MILITIA GOES TO CAMP

NAVY BOARD WILL ASK FOR \$105,000,000

WANT CONGRESS TO APPROPRIATE \$77,000,000 FOR BUILDING NEW VESSELS.

HAVE 28,000,000

Appropriation Will Include 44 Naval Vessels, Funds for Aviation, for Ordnance Reserve and for Increase of Personnel.

(By Parker R. Anderson)

Washington, Oct. 10.—The Daily News presents herewith from an authoritative source a detailed statement of the naval building program which the navy now confidently hopes to have approved by President Wilson. The figures given represent the amount which the next Congress would be asked to appropriate for the first year's work on the construction of ships:

For two battleships... \$10,000,000 For two battle cruisers... 12,000,000 For twenty destroyers... 7,500,000 For thirty submarines... 7,500,000 For five sea going subs... 2,500,000 For five scout ships... 12,500,000 For aviation... 5,000,000 For ordnance reserve... 10,000,000 For increase of personnel 10,000,000

Total... \$77,000,000 (For the continuance of new construction work authorized by the last Congress an appropriation of \$28,000,000 is required. This brings the total figure of appropriations for construction work to \$105,000,000.)

(The expectation is that the navy will be allowed, \$100,000,000 so that the above program may have to be cut \$5,000,000 somewhere along the line. The allotments made for the personnel and for battle cruisers appears to be more unrestricted than any other time on the list and if change are made it is not unlikely that they will be made there.)

GOOD COMPANY AT NEW THEATRE

Vaudeville Troupe Will Show at Local Playhouse Every Night This Week.

The New Theatre opens tonight with the "Hutchison Musical Comedy Co." presenting "A Midsummer Madness," a musical comedy that is full of good singing and dancing throughout the entire bill. There will also be plenty of good clean comedy that will keep the audience laughing all the time. This troupe also presents the "Shooting Foxes," a team that will do some of the best crack shooting that this town has ever seen. This is an exceptionally good company here this week judging from all reports, and no doubt will receive good houses every night this week, as they will give an entire change of bill every night. The 27th episode of "The Romance of Elaine" will also be shown at this house tonight, which alone assures a full capacity for tonight's opening bill.

(Special to the Daily News)

Aurora, Oct. 11.—The committee in charge of securing the amusement attractions for the big fair to be held here next month, are endeavoring to secure the best shows available and to make this feature of the fair better than it ever has been before. The exhibit committee is also hard at work and they stated this morning that last year's exhibits would be surpassed both in number and quality by the ones on display at the coming fair.

MERCURY TAKES A BIG TUMBLE

Six Degrees More and the Freezing Point Would Have Been Reached This Morning.

The mercury dropped 20 degrees last night. This morning found the official thermometers here registering as the minimum for the night 38. Six degrees colder would have brought a freeze, probably. Anyway, it was cool. A husky little wind during the night made folks in bed glad of it. It was the coldest of the season by some degrees.

YOUNG MAN TAKES LIFE AT BETHEL

MARSHALL BIGGS WELL KNOWN IN THIS SECTION, FIRED A BULLET THROUGH HIS BREST SATURDAY.

CAUSE UNKNOWN

Was in Company With Another Young Man at the Time of the Tragedy. Death Followed Almost Immediately Afterwards. Was an Orphan.

(By Eastern Press)

Greenville, Oct. 11.—Marshall Biggs, white, 21 years of age and an orphan, committed suicide Saturday. He lived with a Mr. Jones, by whom he had been adopted, about three miles from Bethel. Death resulted from a bullet wound through the breast. Dr. Greene, the coroner, held an inquest this morning.

Biggs went out Saturday with Jones' son after a load of wood. After they had proceeded a short distance, Biggs asked the other young man to stop the wagon for a moment. He then descended and went around to the rear of the vehicle. Jones, curious to know the meaning of his actions, looked around to watch him. He saw Biggs take a revolver out of his pocket, put it to his breast and fire. Immediately afterwards, Biggs staggered back, shouting, "I have killed myself!" Death followed shortly after.

It is not known what caused the young man's rash act. He was in good health and in apparently good spirits, and had no troubles of which anyone knew anything about. The shooting may have been an accident, although the real impression is that it was deliberate suicide.

ARREST NEGROES ON SUSPICION

Were Seen by a Number of Residents in Out Premises. Six Calls for Police Sent In.

Six telephone calls were received by the police Saturday night from residents in different parts of the city, who stated that several negroes were acting suspiciously near their premises. Four arrests were made and the accused parties will be tried this afternoon.

The negroes were seen hanging around a number of homes, and in one or two instances it is claimed that they tried to get in through windows. They were seen by W. W. McIlhenny, J. T. Harris, and also in the vicinity of Mrs. Mayo's room, on Wat street. It is believed that the negroes were the ones who escaped from the Greenville break-up last week.
