

AURORA FAIR WILL OPEN ON TOMORROW A. M.

SPECIAL TRAIN TO BE OPERATED TO THAT CITY BY THE COAST LINE. LEAVE HERE 10.30

Everything is in readiness for the big event. Large number of exhibits and amusement features during the fair.

(Special to the Daily News) Aurora, Nov. 9.—With the various buildings at the fair grounds in readiness, most of the exhibits here, practically all of the amusement features arriving today and with the business houses of the city draped with flags and bunting, Aurora is today prepared for the opening of the fair tomorrow.

Special arrangements have been made for the accommodation of the many visitors who are expected here during the next three days and everyone is assured of comfortable quarters while they are in the city. The Coast Line will run a special train during the days of the fair. This train will leave Washington at 10:30 a. m., and, returning, will leave Aurora at 4:30. Those who desire to remain here for only a few hours, will have ample time to view the many attractions and return to Washington and intermediate points the same day.

The agricultural exhibits are of high quality and larger in size and number than any that have ever been shown here. Altogether, the fair promises to be a big success and a big advertisement for the resources of this section of Beaufort county.

FOUND STILL NEAR KINSTON

Sheriff Assisted by Newspaper Men in Unearthing Illcit Still in Lenoir County.

(By Eastern Press) Kinston, Nov. 8.—Sheriff Arden Taylor yesterday morning discovered a still near Hugo, about ten miles from this city. Although there was no liquor discovered, it was evident that the still had been in recent operation. It was destroyed. The sheriff was assisted by two newspaper men in his discovery, Charles McDevett, of this city, and Carl Goerch, of Washington, N. C. Sheriff Taylor, since his coming into office, has proven himself to be an especially active officer and his work is meeting with the approval of practically every law-abiding citizen of the county. He is one of the most popular county officers who has ever held office in Lenoir.

REV. E. M. SNIPES PREACHES ON VALUE OF ADVERTISING

Excellent Sermon Heard Last Night By Large Congregation At The Methodist Church.

To the Editor: I was greatly impressed by the eloquent sermon of Rev. E. M. Snipes, delivered on Sunday morning to a very large and appreciative audience. He said in the course of his remarks that "All of the great industries of the world owe their success to advertising." "The world has been evangelized for Bull Durham tobacco in one generation, and is well known even in the heart of Africa and in the Islands of the Sea, where the name of Christ has never been heard."

"We as Christians have only been playing at this game of advertising christianity; we have the best religion in the world and we should advertise it to the world by our consecrated lives and Christian service to men; we are indebted to the missionaries from Europe and England for the christianity which we enjoy today, therefore why should we not believe in missions, and in giving our money to send this Gospel of good-news to those of other lands."

All of this is only too true, and the writer believes that as the success of this earthly life and our secular business depends upon adver-

CHOCOWINITY ROADS UNDER A NEW HEAD

ALL ROAD OVERSEERS HAVE BEEN ABOLISHED IN THAT TOWNSHIP.

RESULT OF LAW

Action Taken Because of Action by Supreme Court. J. J. Warren to Have Entire Charge of All the Roads.

The road commissioners of Chocowinity township have decided to abolish the system of road overseers and to appoint one man to have entire charge of the roads in that township. This action was taken as the result of a recent ruling by the Supreme court—that the road commissioners be held personally responsible for any accident that may occur on the roads under their jurisdiction. The following resolutions and appointment were made Saturday:

Resolved, by the board of road commissioners of Chocowinity township, that whereas it appears at the present time that it is possible under the decisions at the Supreme court of North Carolina that they may be individually liable for the maintenance of the roads and certain bridges in said township, and whereas it appears to this board that therefore is inadvisable and inexpedient to longer continue the present system of road overseers, nor therefore, be it

RESOLVED, 1st: That the chairman of this board be and is hereby authorized to discontinue the employment of all overseers on the roads of said township from and after the 22nd day of November, 1915. 2nd: That on and from said date, J. J. Warren be and he is hereby employed as superintendent of roads for said township at a salary of dollars per and he is to have full charge and control of all roads in said township, subject to the general and supervisory control of this board.

3rd: Said employment to be terminated at any time by this board upon ten days' notice.

BELIEVED THAT GREECE INTENDS TO REMAIN ON NEUTRAL GROUND

Allies Have Abandoned Hope of Inducing Greece to Take Sides With Serbs in Balkan Struggle.

London, Nov. 8.—The political crisis in Greece, which has clouded the Balkans, has been finally overcome. M. Skoulofidis having accepted and performed the task of organizing a cabinet which, being composed of all the members of the Zaimis government with the exception of the ex-premier himself, will continue the former government's policy of neutrality.

The new cabinet is at the mercy of the Venizelos majority in the chamber, but the impression is that no attempt will be made to turn it out, thus avoiding dissolution of parliament and a consequent election, the result of which could not be predicted while the army remains mobilized.

While the allies can now have little hope of Greek aid in the defense of Serbia the belief is still held here that it is not too late to turn the tables on the invaders. The departure for the east of Lord Kitchener after conferences in Paris with Premier Briand, General Galleni, the war minister and General Joffre, the commander-in-chief of the field forces, has given confidence that the campaign is to be carried on energetically by the man who knows the best better than almost any one else.

A delightful bridge party was given by Miss Mary Cowell Friday afternoon in honor of Mrs. E. K. Willis. The occasion was one of the most beautiful and delightful social functions of the season. The home was attractively decorated with cut flowers and potted plants, the color scheme of the decorations being carried out in green, white and yellow. HYPNOTIST IS COMING HERE

The Original William Irvine Fayssoux is to Appear in Washington This Week.

The announcement of the forthcoming engagement of Fayssoux, the youthful prodigy, whose achievements in mental telepathy and hypnotism have been the talk of the large cities of the country for years will be received with uncommon interest. His demonstrations in the occult sciences surpass the most fantastic marvels attributed to the parapsychists and metaphysicians of the Hindoo temples.

The human mind is to Fayssoux an open book, which he reads with unerring accuracy. The mind reading exploits of the telepathists, spirit mediums, and other charlatans whose fakes have excited wonder because of the cleverness of the imposters who have been practicing before the public for years, are eclipsed by the bona fide demonstrations of the Great Fayssoux. The marvelous exhibitions Fayssoux gives convince the most skeptical of his extraordinary psychic art.

He submits to tests that prove beyond the shadow of doubt that his performances are absolutely genuine and above reproach. Fayssoux will begin an engagement of three nights, Wednesday, Nov. 11, at New Theatre. His performances are unlike anything ever before presented to the American public. The audience is alternately convulsed with mirth, stricken with awe, and bewildered by the ever-changing character of the entertainment.

MORE LIQUOR IS DESTROYED

Police Officials Poured Out 150 Pints Saturday. Makes Over 1,000 Since June.

One hundred and fifty pints of high-class joy-producing liquor was poured out by the local police Saturday afternoon.

One hundred and fifty pints of whisky makes over 1,000 pints that the vigilant guardians of the law have turned from thirty men's throats into the gutters. There is still a considerable quantity left in the police station.

LOCAL BOYS MAKE GOOD SHOWING

Dave Taylor, John Taylor and Horace Cowell Are Strong Men on Carolina Team.

In the Carolina-Clemson football game Saturday, when Carolina won 9-7, Captain Dave Taylor quit the game of his own volition after he tackled one of the opposing players and was laid out for two minutes. Taylor hurt his old Georgetown wounds and decided that he ought not to take the risk of finishing the game. John Cotton Taylor, who played right guard, and Horace Cowell, who played left guard, are mentioned in the news reports of the game as being exceptionally strong men, especially on the offensive.

Interesting and it is expected that a large number will be on hand tonight to see it.

COL. RODMAN IS HONORED

Is Elected to High Office in Army and Navy Club. Election Took Place Saturday.

A telegram was received this morning by Col. W. C. Rodman notifying him of his election in New York Saturday, at the Army and Navy Club, to the office of vice-president of "The Society of American Officers" for the year 1916. The Adjutant General of New York was elected president. This is a society whose membership is limited to 500 and membership is gained only upon invitation.

Col. Rodman has served in the State militia practically ever since he was fourteen years of age, serving first as a marker in the old State guard. He has been regimental sergeant-major, battalion adjutant, captain of the local company, major of the third battalion, and then colonel of the second regiment, which position he now occupies. He has also held many honorific positions in the regimental and State guard associations, which are composed of the commissioned officers of the State militia.

His election to the vice-presidency of the Society of American Officers will very likely assure him of the presidency of the society for 1917, as it has always been the custom of the vice-president to succeed to the presidency.

Eight new members were added to the roll of the class. Interest in the class is increasing every week. The attendance for the last few weeks has been above fifty every meeting and is increasing with an encouraging regularity.
