SHORT ITEMS FROM Neighboring Cities.

Need More Locomotives.
Kinston—The Norfolk Southern Railroad has borrowed locomotives from the Seaboard Air Line for service on the Charlotte division, says a New Bern report, because of the rush business.

Fourth District Doctors Tarboro—The Fourth District Medical Association at the quarterly meeting held here Tuesday elected for the ensuing term Dr. J. M. Baker of this city president; Dr. Noble of Selma, first vice president; Dr. Grady of Keady, second vice president, and Dr. H. B. Best, of Wilson, treasurer. The term of the secretary did not expire with the meeting just held.

Erect New Church.
Greenville—Plans and specifications for the new Christian church to be erected here in the near future have been let to a New York man, who was here yesterday to make arrangements with the building committee. Building will not be started just now.

T. E. Cannon Still a Mystery.
Greenville—The mysterious disappearance of the mysterious T. E. Cannon in New Bern two weeks ago remains as mysterious a mystery now as it did on the day that his automobile was found hanging over one side of Trent river bridge.

Mystery has been the key note in this case from the first and mystery will doubtless continue to be the predominating feature for weeks to come.

Visitors to this city from Ayden, Cannon's home, claim that his relatives there have heard nothing from him since his disappearance.

Attend Kinston Fair.
New Bern—More than a hundred New Bernians Tuesday attended the Kinston Fair, viewed the sights to be seen there and heard the address made by Hon. William Jennings Bryan. The majority of these visitors returned home last evening and in speaking of the fair, declared that it was one of the best they had ever attended and that it was thoroughly enjoyed by every one.

CLAUDE KITCHIN MAKES STATEMENT

Representative Gives Reasons Why He Is Opposed to the Big Navy Appropriation.

(By Eastern Press)
Wilson, N. C., Nov. 12.—In a letter to Charles L. Coon, of this city, Claude Kitchin, majority leader, defines in detail the reason for his stand on the national defense question. The letter in full, reads as follows:

Scotland Neck, N. C., Nov. 8, 1916.
Mr. Charles L. Coon,
Wilson, N. C.
Dear Mr. Coon:

I am just in receipt of your letter of November 2nd. I certainly do thank you and appreciate your writing me. I am gratified beyond measure that you endorse my position in opposing the big Army and big Navy program which the Administration is going to attempt to ram through Congress—and I fear will succeed in it. I am especially gratified to receive endorsement from such men like yourself who do their own thinking and come to their own conclusions after study and thought. My experience and observation are that only a few men do this. I shall oppose the big Army and Navy program with all the earnestness and power I possess. However, my fear is that the President will push it through by an overwhelming majority. In the first place, practically all the Republicans will vote for it. In the second place, although I know that the convictions of four-fifths of the Democrats are opposed to it, many of them—I fear a large majority—will fling away their convictions on this question to please the President and do his will, as I have seen them do on two or three occasions before. You will catch some idea of the enormity of the step which the President will insist that we take when I tell you that his proposed program at one bound, in one year increases our naval appropriation more than our total increase for the last 14 years; more than the increase by Germany the whole fifteen years preceding the European war, and more than the combined increase of all the nations in the world in any one year in their history. The five-year program of the administration increases our naval appropriations forty times more than the increase by Germany in the five years preceding the European war and the combined increase of all the nations in the world for the same time.

I am sending you herewith a letter I wrote to the New York World some time ago. Read especially the last four pages.

With assurances of my esteem and best wishes, I beg to remain,
Sincerely yours,
CLAUDE KITCHIN.

AVOID THOSE DISPUTES

Disputes over tradesmen's bills are very unpleasant. They may lead to permanent ill-feeling. If you would ever obviate the possibility of such an experience—

Pay Your Bills By Check

Then in case of a misunderstanding you have but to look up your canceled voucher. That tells the story. And it is the only way that will clear up the uncertainty satisfactorily to all concerned.

FIND GIRL WHO RAN OFF

Started Out to "See the World." Had Only Seventeen Dollars in Her Possession.

Asheville, N. C., Nov. 12.—Julia Smith, the fourteen year old Black Mountain girl, who, armed with \$17, left home to see the world, has been located at Chattanooga, Tenn., and restored to her father, through the good offices of the "Travelers' Aid Department of the Y. W. C. A. The girl had been missing several days, leaving a note telling her father that she "was going away to work in a cotton mill."

OLD CITIZEN PASSED AWAY

William S. Battle, Aged 92, Oldest Citizen of Edgecombe County, Has Died.

(By Eastern Press)
Rocky Mount, Nov. 12.—News has been received in this city of the death of Mr. William S. Battle, aged 92 years, and a well-known and respected resident of Edgecombe county. Mr. Battle died at his home in Tarboro following an illness due to a decline in years. The deceased was for a number of years an active power in the development of Rocky Mount during its early days and for more than a score of years he owned and operated the Rocky Mount mills. The deceased is survived by a number of sons, daughters and grandchildren, people of prominence throughout this section, while he holds the respect and esteem of thousands of friends throughout this and other States. The funeral was held in Tarboro and a number of friends and relatives from this city attended.

And in a Hurry.
A Chicago doctor says it is possible to know when a person is telling lies by feeling the speaker's pulse "ensors, press agents, fishermen and some others should take to wearing" watches.

An Ideal Remedy for Nursing Mothers

Compound of Simple Laxative Herbs Safe for Baby and Mother.

Constipation is a condition that affects the old, young and middle-aged, and most people at one time or another need help in regulating the action of the bowels. Harsh cathartics and purgatives should not be employed to relieve constipation, as their effect is only temporary while they shock the system unnecessarily.

A remedy that can be used with perfect safety for the tiniest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores everywhere for fifty cents a bottle. This is an ideal household remedy and should be in every family medicine chest.

Mrs. F. I. Barsolow, 18 Leslie St. Holyoke, Mass., writes to Dr. Caldwell, "Syrup Pepsin certainly is fine. I gave it to my baby, Evelyn, and also took it myself. It is the only

After Four Years

Washington Testimony Remains Unshaken.

Time is the best test of truth. Here is a Washington story that has stood the test of time. It is a story with a point which will come straight home to many of us.

W. A. Respass, 221 E. Fourth St., Washington, says: "I suffered from backaches and irregular action of the kidneys. The kidney secretions burned in passage. I finally used Doan's Kidney Pills as directed and got permanent benefit." (Statement given Nov. 19 1910).

No Trouble Since.
ON JULY 10, 1914, Mr. Respass said: "I still think well of Doan's Kidney Pills. I have had no occasion to use them since I first endorsed them."
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Respass has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

"Vanderbilt"
The name of Vanderbilt has gradually been contracted from three words into one. Art Jansen, the earliest of Mr. Alfred Vanderbilt's ancestors to emigrate from Holland to America, used to spell his surname Van Der Bilt, and so did each of his eleven children. Cornelius, his grandson, and the founder of the family wealth, at last wrote his name Van Derbilt, but expressed a wish that his children should write it as one word. His eldest son compromised between his father's custom and his expressed wish by leaving a space after the first syllable—"Van derbilt." On old Cornelius' tomb the name is inscribed "Vander Bilt," but on the gorgeous mausoleum built for Cornelius II it appears as "Vanderbilt."

Know the Flow of Rivers.
No one starts to build a house without knowing how much room is wanted or how many people are expected to occupy the house. The same thing should be true of power plants, water supply systems, sewage disposal plants, levees, flood control works, irrigation works, and land drainage systems. If such construction work is to be done economically and successfully, a knowledge of the amount of water involved is essential.

IT'S NOT DUSTY IN WASHINGTON PARK. 11-12-16c

EVELYN BARSOLOV
medicine I have been able to take without affecting Baby in the nursing. I have used it for all four children and it is fine. they like it and ask for it."
A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

Poor in Precious Stones.
For a land that is rich in minerals of all kinds the United States seems to have a very poor output of precious or semiprecious stones. About the best that we can do is to produce plenty of turquoise, and of this the mines last year yielded \$4,000 more than the year before. Diamonds in the rough were once picked up in Kansas and opals and rubies in one or two of the southern states, but the unromantic government experts, after an investigation, informed the purchasers of the "mines" that they had been "let in on rather crudely salted properties." But that the prospectors are busy in this country may be gathered from the recent discovery of turquoise deposits in Nevada, pink beryl in Maine, sun stone in Arizona and amazon stone at White Plains, just north of this city.—New York Sun.

Boy Catches Shark.
Herbert Young, fifteen, caught a shark weighing 57 pounds off Wallace Rocks in Casco bay, Maine. The catch was made on a common cod line and the young man with the help of his father and Eugene W. Goss of Auburn, who were in the boat with him, had a hard tussle landing the big fellow. It was finally done with the help of a gaff.
