PRESSING CLOTHES IS AS MUCH AN ART AS MAKING THEM

We claim that to properly and thoroughly press any kind of garment it must be done on a Hoffman sanitary steam clothes pressing machine.

ABOUT A MILLION DOLLARS DAMAGE TO ROEBLING PLANT
Trenton, N. J., Nov. 12.—Approximately \$1,000,000 damage was done by fire which early today destroyed a wire rope shop of the John A. Roebling Sons company plant in this city. Due to the fact that the company has orders for war material for European countries, rumors were in circulation that the fire was of incendiary origin, but nothing has been found to substantiate such reports.

RESOLUTIONS OF RESPECT.

We, the officers and members of the Ocean Fire Company, do endeavor by these resolutions to pay a simple tribute to our love and admiration for Joseph G. Chauncey, our lamented fellow fireman, who departed this life October 16th, 1915 in the 89th year of his life. For thirty years Mr. Chauncey was an active member of the Fire Department of Washington, and filled every station from assistant fireman to foreman and Chief of the Department with honor to himself and credit to the positions he occupied.

As Captain of this company he was always among the first to answer the call of duty, and in the performance of that duty none more faithful or zealous. Actuated by the true spirit of comradeship and consideration for those under his command, he bound the members to him with enduring ties of friendship and in many a hard-fought contest they proved their devotion by unflinching service where the flames raged fiercest, and men's work was to be done.

To those near and dear to him we extend heart-felt sympathy, and with them mourn the departure of a good citizen, a true friend and a gallant fireman.

Be it resolved that these resolutions be spread on the minutes, a copy be sent to his nearest relative and published in the daily paper.

Respectfully submitted,
(Signed)
Officers and Members of the Ocean Fire Company.

"NEAL OF THE NAVY" STARTS TONIGHT

The first episode of "Neal of the Navy," a great serial which promises to outpace every serial that has ever been shown in this city, will be shown at the New Theatre tonight. This great photoplay has more real exciting incidents in it than all serials combined shown at this house before. The battleships and submarines of the United States are used by the permission of the government.

The New Theatre seems to strive to give their patrons only the best that they can secure in pictures, and should receive good patronage for their efforts. There will also be three other reels of motion pictures tonight. As well as a complete change of program in "Faustus," the hypnotist's antics with local subjects. This act last night kept the largest audience that this house ever had convulsed in laughter throughout the entire program. He certainly is a wonder, and if he is successful in getting plenty of good subjects to go on the stage tonight every one present will see a great deal more fun than last night's program. So if you want to see good pictures and get a good laugh attend the New Theatre tonight.

Colds Relieved Without Dosing

If you have tried "Internal" medicines without success, we want you to try the "External" treatment—Vick's "Vapo-O-Rub" Salve. Apply hot wet towels over the throat and chest to open the pores, then rub Vick's in well and cover with a warm flannel cloth. The body warmth releases healing vapors that are inhaled with each breath, and, in addition, Vick's is absorbed through the pores. 25c, 50c, or \$1.00.
