Everybody knows the comfort and convenience of electricity in the house. Not everybody knows how inexpensive it is. The cost has been brought down to within almost anybody's pocketbook. The wiring is not expensive either and can be done quickly and without mess or litter.

May we submit a figure on the wiring of your house?

LETTERS FROM OUR READERS

Belhaven, N. C., Mar. 25, 1916.

Mr. Carl Goerch,

Dear Editor:

Just as I began to look forward to the editorials each day, you are now going to ask some one else to write them for you. A doctor knows no more about writing an editorial than you know about stitching a wound. His editorials would be so full of holes, he might as well quit writing and confine his talents to stitching and mending with his hands; that most of your readers would have to be treated for appendicitis before the end of the year. And the lawyers would get so much red tape that they would get all halled up. You stay right there and we'll be tickled to death to read what you have to say. For some one else to write a line in that column would be like getting a letter addressed by a special friend and enclosing it, and it written by some one else. **DONT DO IT.**

When you get the Red Hill road tarped, please articulate a movement for a few good patches on the road at Belhaven.

I am very sincerely,
A DAILY NEWS READER.

H. T. Straygo, Gainesville, Ga. R. R. No. 3, was unable to sleep at night without getting up. "Some times only a few minutes after I had tried, I would have to get up and tried everything I heard of for the trouble. Finally I tried Foley Kidney Pills and after taking one bottle I believe I am entirely cured, and I sleep soundly all night." Foley Kidney Pills tone up weak, sluggish kidneys, rid the body of poisons, stimulate appetite, energy and refreshing sleep. Davenport Pharmacy.

RAPS WOMEN WHO ATTEND FIGHTS

By JAMES J. MONTAGUE.

Where is our wandering daughter tonight?
Seated right up by the ring
And her young eyes adame with the joy of the game
As she watches 'em wallop and swing!

The flush of excitement grows hot in her cheeks
And hark to her gay little shout,
When a fat like a ham lands a finishing slam
And a big fellow groans and goes out!

The girls are all fighting fans lately.
Just go to the Garden some night,
You'll see 'em in bunches applauding the punches
And shouting "Aw! stand up and fight!"

It's an outlet for innocent spirits.
A way to let youth have its fling.
And a slam on the snoot is "just perfectly cute"
Since the ladies uplifted the ring.

Baby, dear, mother can't rock you to sleep,
She must dress herself up and go out.

For Young Harlem McQuidd and the Idaho Kid
Are due for a twenty-round bout!
She wants to put several bets down—
She'll make 'em in any amount.
And baby and she will be rich as can be
If the Idaho Kid takes the count.

They all are just crazy about it!
It's a sport that they simply adore!
With rapture they're filled when the claret is spilled
And loose teeth spat around on the floor.

Let father object all he wants to—
He's just a dull, horrid old thing.
There's no joy like the crunch of a punch to the lunch
Since the ladies uplifted the ring!

South Sea Island Colony in America

Salt Lake City.—Discovered—the strangest community in the United States.

It is a community of south sea islanders. A thousand in number, they are now settled in the Skull valley in Utah, between the Great Salt lake and the Nevada line.

There are Maoris, Samoans and Hawaiians living and farming in perfect harmony, intermarrying and raising children.

Twenty-five or thirty years ago the older men of this strange colony came from across the Pacific, some as sailors, some as stowaways.

They wandered in small groups about California, and some of them came across the Sierras into Idaho and Utah. They were starving when a group of business men decided to help them.

They secured 15,000 acres of land in the Skull valley, collected all the south sea natives that they could find and established them in a colony which they call Lasepa.

An American farmer was selected as superintendent. Each man was paid good wages at the start, and as soon as they were capable they were allowed to buy half acre lots and cottages at actual cost.

Now there is a new generation growing up. Some of the boys have gone from the grade school and taken full courses at the State Agricultural college. Several of the girls have become stenographers in Salt Lake City. A number have graduated from the University of Utah.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breathing, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Bronchitis and Cough Cured

J. R. EARLY WRITES OF BEAR'S EMULSION.

Undoubtedly One of the Best Preparations Ever Made to Tone Up the System.

John D. Bear, Elkton, Va.

Dear Sir:—I have used and recommended Bear's Emulsion for 3 years and before or since I purchased the first bottle I have never seen any thing that would relieve the bronchitis for my little girl so promptly as it does. I have used for myself and other children.

Before getting the Emulsion I have stayed away from church on account of a dry hacking cough that had. Now I take a dose before starting to church and am never bothered during preaching.

I will in good faith recommend it to any one needing anything for coughs, colds, or bronchitis.

J. R. EARLY.
