JAMES L. MAYO, Proprietor; CARL GOERCH, Editor

WASHINGTON, NORTH CAROLINA, APRIL 21, 1916.

The New Bern Sun-Journal, in giving an account of a child's body being found by a dog in that city the other day, states that the incident "is one of the sole topics of conversation all over the city."

General Scott is on his way to the border, which fact undoubtedly causes Villa to hope that he will get off Scott-free.

News dispatches in yesterday's papers stated that the threatened rupture in parliament had been averted. In other words, we suppose that the break in the cabinet has been upholstered.

Som men kill themselves because a girl rejects them and others feel like killing themselves after they've been married a year or two. 'Tis in fact a strange world.

"The last note can hardly have a musical ring in it to Germany," comments the News and Observer. That's so, it was almost too sharp for that.

WAR WITH GERMANY.

In spite of the alarming note that war with Germany suggests to most people of the United States, it is doubtful whether a declaration of war between this country and the Germans would amount to any great conflict.

One thing is sure: Germany can't come over here to fight us. Her fleet is bottled up with the exception of a few raiders, which could soon be disposed of.

What course America would pursue in the warfare is problematical. We would probably turn out a larger amount of ammunition with which to supply England and France and the greater part of our fleet would also probably be sent over to give assistance.

Therefore, while war with Germany may sound somewhat startling, the odds are that it could not amount to very much.

LETTING OPPORTUNITY SLIP BY.

The Rocky Mount Telegram, in a recent editorial, stated some facts regarding Elizabeth City, Edenton, New Bern and Washington which, although they may hurt, are strictly true.

Just about the funniest thing ever, is the admonishing the New Bern Sun-Journal editor gives Wilmington for losing one of its boat lines and the planned curtailment of the service of another.

There is no question but that we have neglected our waterway possibilities in a shameful manner. Washington today ought to be a great port as Wilmington and the only reason we are not is because the people of Wilmington jumped at the chance when it was offered them and we let it pass by without a murmur.

HOW TO MAKE A MILLION.

If anyone wants to make a million dollars there are plenty of ways to do it. Here are a few suggestions submitted at an ad men's banquet by the director of an eastern advertising agency:

The first and most obvious "hunch" is to invent a new automobile fuel cheaper than gasoline. There might even be a billion in that.

The second is to invent a puncture-proof and anti-skid tire. And although the speaker failed to mention it, there are certainly millions waiting for the man who will invent a substitute for rubber.

If none of these suggestions appeal to the would-be millionaire, he might try making a non-leakable fountain pen.

Or else a shoe that fastens with a couple of snaps instead of laces or buttons.

Or else a quickly adjustable corset that doesn't need lacing. Or a moth-proof wardrobe for summer homes.

Or an automatic rug-beater, or a window screen that rolls up like a window shade, or a non-buttoning and non-choking men's collar.

Take your choice—they're all simple and apparently sound propositions.

An Ideal Remedy For Nursing Mothers

Compound of Simple Laxative Herbs Safe for Baby and Mother.

Constipation is a condition that affects the old, young and middle-aged, and must be relieved at one time or another.

A remedy that can be used with perfect safety for the tiniest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin.

Mrs. F. L. Barsolow, 18 Leale St. Holyoke, Mass., wrote to Dr. Caldwell, "Syrup Pepsin certainly is fine. I gave it to my baby, Evelyn, and also took it myself. It is the only

EVELYN BARSLOW

medicine I have been able to take without affecting Baby in the nursing. I have used it for all four children and it is fine; they like it and ask for it."

A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.
