NECK AND NECK FOR HONORS IN BIG CONTEST

ONLY SHORT TIME REMAINS FOR SECURING CLUBS ON SUBSCRIPTION VOTES.

CONTEST IS ON "HOME STRETCH"

Greater Part of the Work Has Been Done. Only Necessary to Keep Steadily at Work in Order to Win One of the Free Trips.

Less than two weeks of the contest remain. Only two days of the special club offer are left. The greater part of the work has been done. Taken together, the great contest for the free trips and the other prizes, that will be offered to the winners, is in the home stretch, with most of the entrants running "neck and neck" for honors.

It won't do to "fall down on the job" now. After having worked hard for the last several weeks it is up to every contestant to do her utmost to make sure that she will be "among those present" when the list of winners is given out.

The time for securing clubs is very short but several can still be secured if the necessary energy is used. The winners of the contest will undoubtedly be those who secured the greatest number of clubs. Take advantage of the remaining two days and try to get your friends to assist you.

GAVE THE KING THE HA HA AND SAID "CHASE YOURSELF"

(By United Press) Rome, April 27.—King Victor Emanuel, late one night recently dressed in the uniform of a simple foot soldier, lifted the flap of one of the little dog tents that are just big enough to allow three soldiers to lie inside by side and asked to be taken in for the night. It was snowing heavily.

The three territorials, failing to recognize the king, gave His Majesty the merry Ha! Ha! and told him to go chase himself. A flash of light revealed who was being guyed. The three territorials nearly tore down their dog tent to get out and salute. One of the three then was allowed to go and chase himself.

Wisconsin Senator Submits Proof That Peace Messages Came from One Source.

(By United Press) Washington, April 27.—Proof that the flood of peace telegrams emanated from central sources was submitted today by Senator Hastings of Wisconsin. He read letters which were sent to him by mistake, urging voters to write him personal letters and enclosing telegraph forms signed "Will McDonald, Secretary of Arms Embargo Conference."

Chicago, April 27.—It has been shown that in the various forms of telegrams sent out, the same mistakes in wording occurred. Senator Hastings declared that it was high time the people know how they are being duped by plotters in their midst.

ALICE MAZYRAK IS EXECUTED

Friend of Jane Addams, Charged With Treason, Shot in Vienna.

(By United Press) New York, April 27.—Miss Alice Mazyrak, a friend of Jane Addams, prominent New York and Chicago settlement worker, and daughter of a famous Bohemian patriot, who was killed in France, is reported to have been shot today in a Vienna military prison.

Washington, April 27.—The State department is without official information of the Alice Mazyrak killing. The department has, however, investigated the matter, but found that nothing could be done.

The matter is different from the Cavell case, in which America acted as England's representative and protested against the Cavell execution. Miss Mazyrak's mother was an American. Treason charges were placed against her when her father, after being exiled, continued in Paris his propaganda for a separate Bohemian principality.

DUBLIN REVOLT FALLS THROUGH

Situation is Now Under Control. Arrival of Troops Disheartens Rebels.

(By United Press) London, April 27.—Irish Nationalists and the mass of the people have caused the collapse of the Dublin revolt. Official dispatches today reported the situation as being comparatively quiet. More fighting is possible, but the arrival of troops today from England apparently disheartened the rebels. Scores of Irish leaders have formally made assurance of their loyalty and offered to help the government. They deplored the outbreak.

IN COURT FOR HANGING THE FLAG UPSIDE DOWN

New York, April 27.—Mrs. George Loeffler, of Brooklyn, will appear in court again today on a charge of desecrating the American flag. When she hung O'D. Glory out of her window upside-down, with streamers of crepe, it so aroused her neighbors that they asked her arrest.

Mrs. Loeffler told Magistrate Esterbrook yesterday her action was prompted by lack of justice. She declared her husband had deserted her and the Health Department refused to give his pay to her.

SAYS BAKER.

There is an old saying, "Where there is a will there is a way." We have surely got the will and we have got the push. Washington is a very small town compared with a few other towns around here which have only one photographic studio and there is not much doing, so they say. We have surely got the business. If you don't believe there is something doing in our studio come up and hang around for an hour or so. We work for the people, we try to please the people, we are right there with the goods. We are not afraid to trust you, we may fall down sometimes on some big job but nevertheless we take courage to overcome it next time. We are on the job from morning till night. At night we turn on the lights and make pictures just the same. We are yours to please and serve whenever you call upon us. BAKER'S STUDIO.

BANDITS ARE HEMMED IN ON ALL SIDES BY THE AMERICAN CAVALRY.

SNIPERS WOUND MANY SOLDIERS

Scores of Villa's Men Have Been Captured and Have Given Out Valuable Information. Troops Have Secured Fresh Mounts.

(By United Press)

Scores of captured Villistas along the communication line have furnished much valuable information to the U. S. troops. Two Mexicans were wounded and captured when they attacked a supply train near Satevo.

(By United Press) Washington, April 27.—John B. Stanchfield, Wolf Von Igel's attorney, conferred informally with Counselor Polk, of the State department, today regarding immunity of the German. He did not make mention of Von Igel's papers. This must be done, if at all, by the German ambassador, to whom the department is willing to give any papers which he says are official.

Does Newspaper Advertising Pay?

A large paint manufacturer asked this question of retailers throughout the country:

NO. 7 SAID:

NO. 8 SAID:

"Does newspaper advertising pay? Yes. We would not do without that kind of advertising at all. We do not do as much of it as we ought to, but that is another question. Let us say, for instance, that the ad we run this or next week does not bring in a single new customer. It keeps our name before the public, and when they do want anything in the line we carry they think of the people whose names they see in the papers. We think the money spent in newspaper advertising is well spent." (Continued tomorrow)

LANSING HELPS THE SITUATION

His Memorandum, Defining Submarine Activities, Puts Clearer Face to Matter.

(By United Press) Washington, April 27.—Hope for a peaceful settlement in the German situation has increased in Congress, following Secretary Lansing's memorandum, defining the proper activities of armed merchantmen and submarines and warning Americans to keep off those which do not adhere to the terms named. It is also believed that the memorandum would head off any further warning resolutions on the part of Congress.

DUKE ARRESTED IN ARKANSAS

Henderson Man Who Tried to Get Two Washington Boys in Trouble is Apprehended.

E. L. Duke, of Henderson, who has appeared in the news of this section of the State a number of times recently, usually to his discredit, has been heard from again. Duke is the man who endeavored to arrest two Washington boys in Kingston some months ago, who is alleged to have tried to get a Kingston girl to run off with him and who has been in various other mix-ups.

Wanted by Federal authorities on a charge of having used the mails to defraud, he has been apprehended in Arkansas, it was learned here today. The case against him was worked up by postoffice inspectors with headquarters in Raleigh. It is charged that Duke mailed out from Henderson checks in payment for purchases made elsewhere, when he had no money in the bank to cover them.

Duke will not be returned to North Carolina until after the Arkansas authorities are through with him. Shortly before the federal warrant was served, the state authorities arrested him on a charge drawn under the Arkansas laws.

APACHE ON VILLA'S TRAIL

This is Eak-ben-da, one of the number of Apache scouts who are helping the expeditionary force to capture Villa. Strange looking fellows they are, but regular soldiers and proud of it. They are dressed in olive drab, the regular army costume of the American soldiers, but neither rules nor officers could make them give up their eagle feathers, which sprout incongruously from the regulation army wide-brimmed hats. The Indian in the photograph is the only one that gave up his feathers in compliance with the request of the officers.

MOMENTOUS CONFERENCE IN SESSION

Generally Understood That Germany Will Not Meet All of Wilson's Demands But Will Make Concessions Sufficient to Prevent Break.

(By United Press)

Berlin, April 27.—A momentous conference, with the continuance of friendly relations with the United States hanging in the balance, is in progress at the Grand Army headquarters today, where the Kaiser received the news of Chancellor Von Bethmann Hollweg. EDMUNSON CASE NOT YET DECIDED

Did Not Go to Jury Yesterday as Was Expected. Decision Probably This Afternoon.

(By Eastern Press) New Bern, April 27.—Due to the lengthy argument of the defense, a verdict in the Edmundson case was not reached yesterday evening, as had been generally expected. It is considered probable, however, that the case will go to the jury early this afternoon and that a decision will be given out before night.

H. S. Ward, of Washington, one of the attorneys representing Edmundson, made the concluding argument yesterday evening and resumed his discussion this morning. He was followed by Mr. Green. After the latter's plea, Judge Connor will charge the jury.

New Bern After Country Club

New Bern, April 27.—At a meeting of the stockholders of the Eastern Carolina Fair Association Company held last night, the matter of disposing of the Glenburne Park property, a tract of land containing 69 acres and which adjoins the fair grounds, was taken up and discussed. A proposition had been made the fair association to sell this property to a company which would turn it into a country club. This proposition was discussed and the stockholders decided that this would be the best step to take, as the property now was of little advantage to the fair association and that the organization of a country club would mean much to New Bern.

Following this decision a resolution was passed offering to dispose of the property for \$12,000, this amount to be divided among those who would take stock in the club and ten per cent of the total amount to be collected as soon as possible. Much interest has been manifested in the organization of a country club here and there is every reason to believe it will prove a success.

IN FAVOR OF CONCRETE ROAD; ARE WILLING TO GIVE \$500

Directors of Eureka Lumber Company Express Themselves on Red Hill Road Project

Two letters, from directors of the Eureka Lumber Company, were received this morning by G. A. Phillips, secretary and treasurer of the company, relative to the firm's making a donation towards the Red Hill road improvement fund. The letters read as follows: Wilkes-Barre, Pa., April 24, 1916. Mr. G. A. Phillips, Secty & Treas., Washington, N. C.

Dear Sir: I have your letter 19th inst. and am heartily in accord with your view for making a good road at point you mention. It will be of much benefit to your town, and all the interests there. I approve the Eureka Co. subscribing \$500 to this fund. Every time I have gone over this road I have wondered it had not been made a first class road before. Good road

making is in the air all over the country. You need to get in the procession quick. I recall more bad roads coming into Washington. Hope you will get them all put in good shape. Yours truly, T. F. RYMAN.

Wyalusing, Pa., April 24, 1916. Mr. George A. Phillips, Treas., Eureka Lumber Co.

Dear Sir: In answer to yours of April 21, about the Red Hill road, I am willing to have the company give the \$500, if you all think it is best. I think the road should be brick on concrete, or a concrete road. Most any other road will give out in a short time. Brick will last for years. N. A. WELLES.
