GIANT U. S. RADIO REACHING CANAL ZONE OPENED SEPT. 1

(By United Press)
San Diego, Cal., May 12.—The giant \$300,000 naval radio station at Cholla Heights east of this city, the great strategic link in the radio communication with the Canal Zone, will not be put into commission until September 1, it was learned today.

According to civil engineer Samuel Gordon, U. S. N. in charge, a delay in fulfilling electrical apparatus contract will hold up work on the station for the time being.

If you are going to save up for a rainy day, don't wait until the clouds begin to rain.

ALL WRONG

The Mistake Is Made by Many Washington Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Washington resident tells you how.

Mrs. F. F. Allgood, 607 Bonner St., Washington, says: "My kidneys were weak and caused me much worry. I had a dull pain in my back all the time, and in the morning I was so sore and stiff that I could hardly begin my housework. Headaches and dizzy spells were frequent and other symptoms of kidney trouble annoyed me. Doan's Kidney Pills gave me relief, strengthening my back and removing the other symptoms of kidney complaint."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Allgood had. Foster-Milburn Co., Props., Buffalo, N. Y.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

A GENERAL UPRISING OF MEXICANS IS FEARED

20,000 Mexicans In El Paso May Make Trouble For American Citizens.

El Paso, May 12.—This city is seething today with excitement that portends open hostilities between the United States and Mexico.

Fearful of an uprising among the 20,000 Mexican residents of this city or of a covert attack from across the border, United States troops were today distributed at strategic points about the city.

While these forces were marching to their vantage places the Obregon-Scott confab was unexpectedly resumed. The conferees were together three hours and thirty minutes, but still failed to reach a definite agreement.

The conference was resumed at the suggestion of General Obregon. It is stated, in an effort to prevent immediate hostilities between the two countries.

Tries to Counteract Reports. At the conclusion of the meeting General Scott announced there prob-

ably would be still another meeting tomorrow.

To counteract the report that Monday's meeting ended with expressions of bitterness on both sides and an ultimatum from Obregon, General Scott invited the Mexican official to remain for dinner in his private car. The invitation was accepted.

Notwithstanding this new move, indicative of peace, an authoritative statement was obtained that the punitive expedition and such additional forces as may be required will remain in northern Mexico until outrages against Americans have been avenged and order is restored.

The orders received by General Funston from Secretary of War Baker following the Cabinet meeting today indicated that the Administration contemplates intervention whether it is called by that name or not.

IS READY FOR LONG JOURNEY

(By United Press)
Washington, May 12.—It was the same old "limousine" but a modern one-less chassis, that the same old Exra Meeker, 85-year-old transcontinental traveler, hauled out of its shed here today to look over in preparation for Exra's fourth jaunt from coast to coast.

Meeker calls his renovated vehicle a "schoonermobile." It's all of that. The top is the same, label-covered prairie schooner top which Exra's oxen have dragged three times over the roads between here and the Pacific. Under it is an up-to-date, motor driven chassis.

Within a few days Meeker starts for Olympia, Wash., a distance of 3,560 miles. Meeker is the original triple-exponent and proponent of a

GIRLS' BASEBALL TEAMS TRAINING

(By United Press)
Columbus, O., May 12.—Co-eds at Ohio State University have taken up baseball. Today the co-eds are in the midst of spring training and the league is being formed.

Twice a week the co-ed squad of 40 girls crowds the varsity ball team off the school diamond for a batting bee and run 'round the bases.

"The tomboys show up best," said Miss Margaret Hammett, coach. "They can throw straight and aren't afraid to stand up to the plate. The average girl, however, badly as she may bat or throw, knows how to coach."

PRIEST SECURES 1,500 ORPHANS FOR U.S. HOMES

(By United Press)
Paris, May 12.—Wanted, 1500 Belgian war orphans. This is America's latest appeal to battle-scarred Flanders.

Rev. John B. de Ville of Chicago today is heralding it throughout Albert's tiny kingdom. The Belgian-American alliance commissioned the Illinois clergyman to the task. Reports of his progress have reached the French capital.

Father de Ville personally is rounding up the great throng of youngsters. Boys and girls, ranging from 2 and 3 to 13 years, are his quests. Belgians and Belgian-Americans living in the states, have supplied him with the names and probable whereabouts of orphaned nephews, nieces and grandchildren. All now are waiting to gather the little motherless and fatherless chicks under the peaceful shelter of their own wings.

Not a few "unhyphenated" Americans are also parties to the charitable enterprise.

The clergyman's searches are taking him into city and hamlet. Everywhere he is forced to foot his way into avenue and byroad. War denies him the luxury of either horse or automobile. Fifteen, sixteen and even twenty miles he covers in a single day. Very short and very stout, he puffs along with much effort; but with good old Yankee cheerfulness he makes the best of it.

Railroad and ship tickets for the brood already are provided. Father de Ville in person will escort the 15,000 children to America. Afterward, he will supervise their adoption, for the most part in the south and west.

War-time works of mercy are not new to Father de Ville. Some months ago he placed 600 Belgian war orphans in children's American homes. Previously he had settled a colony of Belgian farmers and their families in the states.

BRYAN PEACE MANIFESTO TO CONVENTIONS

Columbus, O., May 12.—A new peace movement is being projected by William Jennings Bryan, cleverly times to come at the time of the national political conventions.

It is to be a manifesto signed by 1,000 prominent Americans. The signatures are to include David Starr Jordan, Rudolph Spreckles, George B. McClellan, and distinguished statesmen, educators and publicists.

While the opening paragraph will be aimed directly at President Wilson, there is a strong appeal to the entire population to lean away from war.

Cottolene

"The Natural Shortening"

Foods cooked with Cottolene come to the table with their natural goodness improved with a better flavor.

Biscuits shortened with it delight by their taste, their lightness, their whiteness and their wholesomeness.

Pie crust shortened with Cottolene has that flaky goodness which perfects the whole pie.

All foods fried in it are better-tasting and digestible because Cottolene does not soak into them.

There is no substitute for Cottolene—nothing "just as good."

Try Cottolene—try it in your biscuits, for example, then in your other cooking. Arrange with your grocer for a regular supply. It is packed in pails of various sizes.
