Keep Our Dollars at Home

Every Dollar, Spent in Washington Indirectly Benefits
Every Citizen of the Community.

Once your money gets sent off to the Mail Order houses, it's gone for good. You never see it again. Your community can never be benefitted by it.

But by spending your money at home, different results are realized. That money is kept in circulation. It goes from one to the other. It is used for public improvements, for new homes, for streets, for stores, for the tobacco market and for every other industry.

Suppose every person in Washington did his trading through mail order houses!

It would not be a year before every local merchant would be out of business, before there would be hundreds of men out of work and before the city would be entirely ruined.

THE FOLLY IN BUYING BLINDFOLDED

How many men and women in this community do their shopping blindfolded? Funny when you think of it that thinking men n's Buff" with their money. You and women will play "Blind Man don't have to shop blindfolded unless you want to. The Out-of-Town Houses started the Big Game of "Blind Man's Buff." But, it's a dangerous game for us to pay in our town. It isn't a fair game. It isn't fair to ourselves. It isn't fair to our community. It isn't fair to our home merchant. He is helping us, co-operating with us, working with us to up'ld and improve all our home institutions. Then, let us play fair with ourselves and with him.

Let us give the home merchant the first chance. That is all he asks.

SAYS BAKER:

You can't send your face to a mail order house and have your picture taken; the rest of your body might object. Better let us take that picture of you now, before you forget it. By the way, do you like to take pictures yourself? We have all kinds of Cameras and Films. Let us show you.
